# Royal Baking Powder

ABSOLUTELY PURE

THE COLUMBIAN.  
BLOOMSBURG, PA.  
FRIDAY, JUNE 3, 1897.

Geo. P. Ringler has laid a concrete pavement in front of his drug store.

Mrs. Marshall, sister of Mrs. Amos Buckalew, whose illness we announced last week, died at Hazleton last Monday morning.

The new school board will organize next Monday evening. The only change in the Board will be that William Chrisman goes out, and R. R. Little goes in.

C. Strauser, tenant on E. H. Little's farm makes regular daily trip to Bloomsburg, and sells milk at 5 cents a quart. It is pure and comes from Mr. Little's Holstein herd. A new milk wagon has been placed on the road.

It is No Longer Green's.  
THE PROPRIETOR OF THE WELL-KNOWN HOTEL GOING TO EUROPE.

Thomas H. Green, one of the oldest and best-known hotel-keepers in Philadelphia, relinquished his connection at 12 o'clock last Tuesday night with Green's Hotel, Eighth and Chestnut, with which he has been connected for nearly a quarter of a century. In a short time he will sail for the Old World and visit nearly all the places of interest in Europe. Since the death of Mrs. Green, who was so widely known among the poor and the different charitable institutions, Mr. Green has led a rather retired life. To old St. Mary's Catholic Church, Fourth and Spruce streets, he has given a magnificent memorial to his beloved wife. The work, which is known as the "Pieta" will be one of the finest pieces of art in this country. It is a representation of Christ in the arms of the Virgin after he was taken down from the cross. The work is at present being made in Rome and is an exact copy of the Pieta by Bernini now in the Church of St. John Lateran at Rome. The figures will be nearly life size. It will be placed in a splendid shrine in the rear of the church, right over the remains of Mrs. Green. Mr. Green has given Rev. McDermott the supervision of the memorial. Father McDermott will go to Rome for the Pieta about the middle of July.

Mrs. Green was a relative of Mrs. U. S. Lutz, formerly of Bloomsburg.

### A Great Fruit Year.

California green fruit made its first appearance this season in New York markets last Monday afternoon. A carload containing cherries of every variety, apricots and plums, left Sacramento May 23, making a quick trip in seven days. The average length of time for California fruit to reach here last year was fourteen days. By an arrangement with the Southern Pacific Railroad Company fruit can be delivered in one half the ordinary time, and a saving of 20 per cent. to consumers will thus be effected.

The fruit crops in the Western and Southern States promise to be very large this season. In 1891 the foreign importations of prunes and raisins amounted to 9,000,000 and 18,000,000 pounds respectively," was said yesterday. "Compare that with the previous year's importations of 61,000,000 pounds of prunes and 44,000,000 pounds of raisins, and then remember that this country supplied the deficit in the following year from its own fruit ranches. Last year 13,000,000 pounds of California green fruits were sold in New York. The crop is so good at the present time in the Golden State that possibly 20,000,000 pounds of fruit will be forwarded there under the new transportation conditions. The consequence will be that the consumers will get fruit in a better state and at lower prices than heretofore.

"There is a tremendous acreage coming into bearing that will furnish a million pounds for shipment this year.

### BRISTOL H.

A young stallion, two years old, owned by C. E. Hower of Bloomsburg. He was sired by the celebrated trotter, Frank M., some of whose colts have made great records. His dam is a Morgan mare with three minute records. Bristol H. will stand for the season of 1897 at the stable of C. E. Hower, Bloomsburg. Terms \$25.00.

### EXPLOSION IN A MINE.

TWO MEN ARE KILLED AND SEVERAL TERRIBLY INJURED.

WILKES BARRE, May 31.—A terrible explosion of gas occurred in the Sand-drift Colliery of the West End Company at Mocaqua, a few miles below here, at 7:30 this morning, resulting in the instant death of Fire-boss John Protheroe, the subsequent death of another miner, the fatal injury of two and the serious injury of half a dozen miners and laborers. The mine had been idle Sunday and Monday, and when the gang entered this morning Fire-boss Protheroe went ahead with a safety lamp as a precautionary measure. Turning up the Sand-drift gangway, which has a pitch of 45 degrees, he was out of the sight of the men.

The explosion came without warning, and Protheroe's disfigured and blackened corpse was hurled down the incline at the feet of the men. The concussion blew fragments of timbers in all directions, and blew several of the men off their feet a distance away or dashed them violently against the brattices.

Foreman Protheroe was 47 years old and leaves a wife and four children. John Walters, aged 20, died at 11 o'clock from bruises and internal injuries. The following are fatally bruised and burned: Henry Ritter, aged 47; Charles Ritter, aged 20; Wallace Deitrich, aged 37; William Hooper, Frank Deitrich, Mike Zoubie and the Everhart brothers are injured badly. The mine is a shallow one, and Mine Inspector Williams says it was unusually free from gas. Probably during the two days' suspension of work a blower or vent in the coal seam had opened and this released a pocket of gas, the presence of which was entirely unsuspected.

If you desire a beautiful complexion absolutely free from pimples and blotches, purify your blood by the use of Ayer's Sarsaparilla. Remove the cause of these disfigurements and the skin will take care of itself. Be sure you get Ayer's Sarsaparilla.

### Bottler's Rights Defined.

The question as to whether a bottler has a right to bottle spirituous liquors was decided by Judge Brey of Philadelphia in discharging the rule taken by the Law and Order Society against Leiber, whose license as a bottler at 502 North Eighth Street they sought to have revoked for an alleged violation of the law. Lewis D. Vail contended that the law confined the bottle to brewed and malt liquors, while John H. Fow and Ex-Judge Elcock, on behalf of Leiber, urged that the Legislature intended that bottlers could bottle and sell all kinds of liquors.

Judge Brey said it was important that this case should be decided before the license expired on Tuesday next. He said there was no adjudicated case which touched this matter.

There is no legal definition in the act of Assembly as to what a bottler is. Driven to a common sense definition, the Court thought that a bottler was a person who bottles liquors. According to the act of 1887, he thought a bottler has a right to bottle spirituous, vinous and malt liquors and sell them in certain quantities, and the act of 1891 says nothing about prohibiting the sale of spirituous and vinous liquors which he has put up in bottles himself. He thought that where two acts could run together without inconsistency they ought to be so construed. Otherwise, storekeepers and manufacturers would be effected. Therefore, taking that view of it, a bottler would have a right to bottle spirituous and vinous liquors. Bottlers pay \$300 for a license and wholesalers and storekeepers \$1,000. The storekeeper man ifestly has some rights where a bottler has none. He could sell the goods of other people.

### Catarrh Can't Be Cured

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease, Catarrh is a blood or constitutional disease, and in order to cure it you have to take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is no quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best blood purifiers, acting directly on mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

### Children Cry for Pitcher's Castoria.

### Department of Public Instruction.

Dr. Waller has issued the following circular:

#### TO SCHOOL DIRECTORS:

What was the length of the annual school term in your district last year? Were your schools open seven, eight, nine or ten months, or were they closed by the action of your Board at the end of the minimum term of six months?

If your Board made provision for only a minimum term of six months last year, or at any time since you have been a director, what was the motive that governed the majority of the members in taking such action?

Was the education of the children duly considered and emphasized as an imperative duty on the part of the Board and the District before deciding to close the schools at the end of a short term?

What excuse was offered for closing the schools of your district at the end of a short term of six or seven months with a low tax rate for school purposes?

Do you favor a policy, on the plea of economy, that virtually deprives the children of school privileges half the year and places a barrier in their way to advancement and which prevents them from obtaining such an education as the public schools afford, or are you in favor of a progressive policy in the administration of the office of school director, a policy that will result in having good schools and longer school terms, and well qualified teachers honestly compensated for their services?

These are pertinent questions for your consideration in view of the fact that your voice and vote will determine the policy to be pursued by your Board in the operation of the schools of your district for the ensuing year.

The State has generously increased the appropriation for the support of the public schools to five million dollars.

If all directors have a proper conception of the responsible duties which they are called upon to discharge; and a due regard for the welfare of the children, and the Commonwealth, every boy and girl of legal school age in Pennsylvania will have the privilege of attending school a continuous school term of not less than eight months during the school year beginning on the first Monday of June, 1897.

Weeks, North East; Twenty-seventh, Elisha Kent Kane, McKean county; Twenty-eighth, Dr. W. S. Bighelow, Phillipsburg.

"Peter Piper Picked a peck of Pickled Peppers," was a line of alliterative nonsense, that the children used to say. Nowadays they can practice on the Perfect, Painless Powerful Properties of Pierce's Pleasant Purgative Pelets. It will impress a fact which will be useful to know. These Pelets cure sick headache, bilious attacks, indigestion, constipation and all stomach, liver and bowel troubles. They are tiny, sugar coated pills, easy to take, and, as a laxative, one is sufficient for a dose. No more groans and gripes from the old drastic remedies! Pierce's Purgative Pelets are as painless as they are perfect in their effects.

### To Purify Water.

A simple mode of purifying water is to sprinkle a tablespoonful of powdered alum into a hoghead of water, stirring the water at the same time. This will precipitate all the impurities to the bottom after being allowed a few hours to settle, and will so purify it that it will be found to possess nearly all the freshness and clearness of the finest spring water. A painful containing four gallons may be purified in this manner by using no more than a teaspoonful of the alum.

### MARRIED.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became a Girl, she clung to Castoria. When she had Children, she gave them Castoria.

### The Returns Coming in.

Tuesday's mail brought a batch of printed letters to the Benton postoffice from the picture company whose canvassers recently did up this town in fine style, and these letters were addressed to those who paid their fifty cents in advance and gave a sample photo to have a crayon portrait made. Now the time they sing is a different one. Hear it. "The portrait we make free of charge, providing you buy a frame of us. Crayon portraits without frames cannot be delivered. We have forty styles of frames." Here they quote prices from \$4 to \$10, and to get your portrait and frame you must send them \$2.00 when they will be shipped C. O. D., for balance. The cheeky part of the letter is in its winding up: "If our terms are not satisfactory we will return to you your small photo on receipt of a five cent stamp and retain your crayon for a sample copy." This is a deliberate lie. The crayon portrait has not been made, nor will it be until you purchase a frame of them. And while they demand additional payment for the return of the photo, they are as silent as the grave concerning the fifty cents paid them in advance. But no doubt there are times when "suckers" will bite, pay more for what could be gotten nearer home for one third the price and then complain in a doleful strain of hard times. Selah!—Benton Argus.

### A Bullet in His Abdomen.

Horace Dinsmore, a boy of about fourteen years, oldest son of J. A. Dinsmore, met with a serious accident on Thursday afternoon last. He was carelessly handling a 22 calibre revolver, one of those cheap, four barreled affairs, which he had obtained through a dicker with a playmate, when the weapon was discharged the bullet entering the lower part of his abdomen. Dr. Vastine was called in and upon probing for the ball was unable to find it, but dressed the wound and fixed the little patient up comfortably. As yet no alarming symptoms have manifested themselves, and the chances are that the boy will pull through all right. He stood the ordeal of probing like a major, and displayed a deal of pluck throughout the operation.—Catawissa News-Item.
