Allow me to add my tribute to the efficacy of Ely's Cream Balm. I was suffering from a severe attack of influenza and catarrh and was induced to try your remedy. The result was marvelous. I could hardly articulate, and in less than twenty-four hours the catarrhal symptoms and my hoarseness disappeared and I was able to sing a heavy role in Grand Opera with voice unimpaired. I strongly recommend it to all singers.—Wm H. Hamilton, Leading Bass of the C. D. Hess Grand Opera Co. 9-2-2t

If all democrats will join the chairman in his work we can give Cleveland and Stevenson 3,000 majority.

It is said that "the locomotive engineers of Pennsylvania have decided to take steps to get rid of the boy operator. The sort of curse he is, no one knows better than the engineers who do not propose to have him endanger their lives any longer. They will ask the next Legislature to pass a bill providing regulations for the employment of telegraph operators. The requirements they advocate will be that every person before taking an office shall have had one year's experience; shall not be under 21 years of age, and shall not be assigned to block signal work without having had some experience in that kind of work."

To those who have read any of the prior numbers of "Tales From Town Topics," it is quite sufficient to merely announce that No. 5 (Sept.) is now out, and they will hasten to get a copy. To those who have been so unfortunate as not to have seen this brilliant Quarterly, we can say that a rich treat is in store for them. No collection of short, racy, intense stories, charming, bright poems and sketches, crackling jokes and witticisms, comparing with this, has ever been produced. Town Topics is world-famed as the spiciest, boldest, most entertaining of Weeklies, and the "Tales" are the best gleanings from its numbers of past years. No. 5 is fully equal to, if not better than, its sparkling predecessors. Price, 50 cents, post-paid. Town Topics, 21 West 23d street, New York.

The steam threshers are busily at work all around, and the horse power threshers are also busy.

Why are there so many strikes this year? Is it because the McKinley bill raised the wages of the workmen? There is some cause for it and we should like to know.

Programme of Ceremonies Attending the Dedication of the Buildings of the World's Columbian Exposition, October 20, 21, 22, 1892, Chicago, Illinois, U. S. A.

When the Congress of the United States authorized the commemoration of the Four Hundredth anniversary of the discovery of America by an International Exposition to be held in Chicago during the summer of 1893, it also provided that the Exposition building should be dedicated on the twelfth day of October, 1892, with "appropriate ceremonies." Subsequently, by act of Congress, this date was changed to October 21, 1892.

Aside from international interest in this fitting prelude to the magnificent picture of the World's progress that will be presented in 1893, this dedicatory service will furnish an opportunity for the world to behold the extent of the preparations which are being made for the Exposition.

The task of preparing a programme of ceremonies which will appropriately herald the greater spectacle commemorating the discovery, development and progress of the New World, has been a work involving great care and the consideration of many difficulties. The following programme of the dedicatory exercises and incidents connected therewith is submitted as the result of this thought and purpose:

The evening of Wednesday, October nineteenth, a grand reception will be tendered the President of the United States, his cabinet and other distinguished guests at the Auditorium. After the close of the ceremonies on each of the three succeeding evenings, there will be magnificent pyrotechnic displays.

Thursday' October Twentieth.

THE CIVIL CELEBRATION.

The first day will witness an imposing procession, indicative of peace, contentment and prosperity, participated in by civic organizations which will be reviewed by the President of the United States, his cabinet, the Congress and other honored guests.

In the evening, at Jackson Park, amid myriads of electric lights and other displays, a water pageant, "The Procession of the Centuries," will move through the beautiful waterways of the Exposition grounds, illustrating with beauty and historic accuracy some of the great facts of history connected with the discovery of America, such as the condition of this country prior to the landing of Columbus; striking event in the life of the great discoverer; important epochs in American history and the World's progress in civilization. The vessels upon which these tableaux will be represented vary from 40 to 53 feet in length, modeled after the naval architecture of the period represented; for example, "Columbus before the Court of Spain," will be represented upon a vessel modeled after the lines of the "Santa Maria."

Friday, October Twenty-first.

DEDICATION DAY.

The National salute at sunrise will inaugurate the ceremonies of Dedication Day. The President of the United States, his Cabinet, members of the Supreme Court, members of the Senate and House of Representatives, distinguished foreign guests and governors of the different states and territories with their official staffs, will be escorted by a guard of honor composed of troops of the United States Army, detachments of the United States naval forces and regiments from the various state National Guards, to the Manufactures and Liberal Arts building, in which the dedicatory exercises will be held.

At one o'clock in the afternoon in this building the following dedicatory programme will be carried out under the direction of the Director General: 1st. Columbian March. Written for the occasion by Prof. John K. Paine.

2d. Prayer by Bishop Charles H. Fowler, D. D., L. L. D., of California.

3d. Dedicatory Ode. Words by Miss Harriet Monroe, of Chicago; music by G. W. Chadwick, of Boston.

4th. Presentation of the master artists of the Exposition and their completed work, by the Chief of Construction.

5th. Report of the Director General to the World's Columbian Commission.

6th. Presentation of the buildings for dedication by the President of the World's Columbian Exposition to the President of the World's Columbian Commission.

7th. Chorus, "The Heavens are Telling"—Haydn.

8th. Presentation of the buildings for dedication by the President of the World's Columbian Commission to the President of the United States.

9th. Chorus, "In praise of God."—Beethoven.

10th. Dedication of the buildings by the President of the United States.

11th. Hallelujah chorus from "The Messiah."—Handel.

12th. Dedicatory oration, Hon. Wm. C. P. Breckinridge, Kentucky.

13th. "The Spangled Banner" and "Hail Columbia," with full chorus and orchestral accompaniment.

14th. Columbian oration, Chauncey M. Depew, New York.

15th. National salute.

At the close of this programme a special electric and pyrotechnic display will be given, with a repetition of "The Procession of the Centuries."

Saturday, October Twenty-second.

THE MILITARY CELEBRATION.

A series of military manoeuvres and parades will constitute the main portion of the day's program. In the evening attractive and appropriate celebrations will be provided, followed by a magnificent display of fireworks.

A number of brilliant social entertainments will be given by the citizens of Chicago during the three evenings of the dedication celebration.

WASHINGTON LETTER.

WASHINGTON, Aug. 29, 1892.

Boss Platt has been given his price, and he has agreed to help Mr. Harrison's man Carter try to elect the man he fought so bitterly at Minneapolis. Such is the story which reached me from authentic republican sources. His price is the promise that he shall be made Secretary of the Treasury, if—the "if" is as big as a mountain in this case—Mr. Harrison is reelected, and he has not taken a verbal promise from a third party as he did from Steve Elkins in 1888, but he has it in his "inside vest pocket" in black and white over the autograph of Mr. Benjamin Harrison, Senator Quay, who is now in Florida, on a fishing trip, has also been partially, if not entirely "placated." He told a friend when he passed through here a few days ago, that he had promised to give the republican national committee a month of his time before the election.

If these things show anything they show that the republican bosses, such as they dislike Harrison, are going to do their level best to elect the republican ticket, and if there are any democrats who have been counting upon republican defection as a serious factor towards democratic success let them read the signs with profit, and remember that it is work, hard work and lots of it, that elects candidates, and remembering that, let them jump into the fray with enthusiasm and stir up all their lagging brethren, and there will be no real doubt about the result. There are dozen of good reasons why Cleveland and Stevenson should be elected and not a single good reason for their being defeated, but reasons do not count in the ballot box; votes are what carries the day, and in order to get out the votes every democrat must work, work, work, from now until the victory is won.

Representative J. De Witt Warner, brings encouraging news from New York, where he says everything looks unusually bright for the democrats who he says are coming together beautifully. He finds that the sentiment throughout the State is all that any one could ask toward the national ticket. He also says that there is no reason to suspect disloyalty from any democratic organization in the State while there is every reason to expect that every democrat in the State, and he is satisfied that this means a good healthy majority of the voters, will do his best from now on for the ticket. He spoke lightly of the circular issued last week in Erie county, and said he did not think it would result in any harm.

There is no cholera panic among the officials of the Marine Hospital Service, which represents the national government, in dealing with the introduction or spread of epidemic diseases, but a commendable activity has been shown in taking steps to prevent the landing of any cholera patients in our seaboard cities, and also to prevent the disease making its way in by way of Canada. The old revenue cutter Ewing is to be used as a floating hospital at the Cape Charles quarantine station, while another revenue cutter will aid in making inspections of European steamers.

It is understood in the General Land Office that no Commissioner will be appointed to the vacancy made by the resignation of Mr. Carter, to become chairman of the republican national committee, until after election, so that if Mr. Carter fails in his efforts to re-elect Mr. Harrison, which he is most likely to do, he can get a little consolation by having his old place given back to him, and by drawing the salary until Mr. Cleveland appoints his successor. Should Harrison win he is looked for Noble's chair.

A FARMER'S AWFUL DEATH.
MAN, HORSE AND CARRIAGE FALL OVER AN EMBANKMENT AND ARE STRUCK BY A TRAIN.

A fatal runaway accident occurred in the public road near Tivoli, Lycoming county.

William Taylor, farmer aged 60, was driving a spirited horse at a point called The Narrows, where the public road winds around the hillside thirty feet above the track of the Williamsport & North Branch Railroad.

A freight train, dashed along and frightened the horse, which became unmanageable. Taylor jumped out and seized the horse by the bridle, but the animal jumped forward and man, vehicle, and horse fell over the embankment to the tracks thirty feet below.

Taylor's head struck on a rail, and the wheels of a freight car passed over his neck completely decapitating him. The horse rolled under a car and was mangled. No car was derailed by the horse's body. The vehicle was reduced to a pile of wreckage. The unfortunate man resided over the Sullivan County line, where he leaves a family.
