# WASHINGTON LETTEB

WASHINGTON, Sept. 12, 1892.

Mr. Harrison finds it more and more difficulty as the campaign grows more interesting to boss the republican machine from out of the way Loon Lake, so he will this week return to the White House, where he can watch and direct every move one first class fare for the round trip. made He thought seriously at one time of taking up his residence in New York city during the rest of the campaign in order to make certain that his orders were carried out, but he was finally made to see that it was more politic to remain in Washington and pretend to be engrossed with his executive duties.

"South Dakota", said a gentleman just from democratic headquarters in New York, ". as been cleverly taken out of the republican column by an arrangement made a day or two ago by Representatives of the democratic and of the people's party. In that state there are three fully organized parties, and when they vote for separate tickets the republicans have the plurality. A democrat who is a member of the national committee conceived the idea of a fusion between the democratic and the peoples' party in that state, both to support the peoples' state ticket and the four presidential electors to be equally divided, and after considerable negotiation the fusion has been agreed upon." If this gentleman's news is trustworthy, and I have every reason to believe that it is. Cleveland and Stevenson will get two electoral votes that have not been counted upon

The same gentleman assured me that all the republican talk about the failure of Mr. Cleveland to harmonize certain alleged discordant elemente in the democratic party of New York was the veriest bosh. Said he: "Before the first of October it will be so plain that the most sanguine republican will have to acknowledge that the democratic party of New York is harmoniously working to carry that state for Cleveland, and what is more to the point, they are going to succeed in doing it."

is in Washington on a political mission and it is significant that he admits that the chance of the republican' to carry that state is largely dependent upon the outcome of their efforts to have the court declare the present apportionment law of the state unconstitutional. He also admits that there is republican disaffection in the state. This is in marked contrast to the claim everything tone, of the Indiana republicans who have come to Washington since Harrison was nominated.
