

THE FORM OF THE OFFICIAL BALLOT.

A Facsimile of it as properly marked by a voter intending to vote a STRAIGHT DEMOCRATIC ticket. This is not an official ballot and cannot be used in voting.

A Cross (X) marked in the square at the right of the party appellation at the head of a Group of Candidates indicates a vote for all the candidates in such group.

A Cross (X) marked in the square at the right of the Name of a Candidate indicates a vote for that candidate.

The reader should not forget that the Marks (X) which appear as shown below are not upon the ballot when it is taken by the voter, but indicate how he is to place the marks upon it in order to vote. The names given are not those of the candidates.

TO MARK A BALLOT.

AN INTERESTING OBJECT LESSON FOR DEMOCRATIC VOTERS.

Main Directions as to the Proper Method of Marking the New Official Ballot in Order to Vote a Straight Party Ticket or to Split the Ticket.

Elsewhere in this paper will be found a facsimile of the new form of ballot that will be used on Nov. 8, marked in accordance with the recent opinion of Attorney General Henshaw on this point. It should be noted that the names that appear in this sample ballot are not those of the candidates to be voted for, the names having been filled in at random to give the appearance of the real ballot.

A little study of the form will show that the new ballot is not nearly so intricate and formidable as it appears at first sight. To vote the straight Democratic ticket, without any scratching, the voter marks his ticket as shown. In other words, he puts a cross (X) in the square to the right of the word "Democratic" wherever it occurs in the second column; that is, as many crosses as there are groups in the Democratic column—the word "Democratic," as often as it may occur, indicating the beginning of a distinct Democratic group. The only difficulty in the use of the new ballot being those which arise from an attempt to vote a mixed or "scratched" ticket, Democratic voters are cautioned against voting any but a straight ticket (except for good cause, and then only after careful instruction, as to do so is attended with danger that the entire ticket may be invalidated).

It is necessary to observe the groupings carefully, as indicated by the heavy black lines. Where a straight vote is cast for the candidates in a group the cross should be opposite the name of the party, never opposite the name of the nominee or nominees. Where a voter wishes to scratch his ticket the marking is different. With more than one name in a group, the cross is omitted from opposite the name of the party at the head of a group and must be put opposite the name of every candidate in the group for whom the voter wishes to vote. With but one name in the group the cross should be put opposite the name of the party.

In the case of the Prohibitionists, whose candidates have a place on the ballot through nomination papers, the name of every candidate voted for must be marked separately. Every presidential elector must be marked. Where a Prohibitionist desires to vote for a Democratic or Republican candidate in preference to one of his own party, he should place a cross opposite that name, leaving a blank in his own list. The voters of the People's party, not having filed any nomination papers at Harrisburg, will vote by writing in the names of their candidates in the blank space reserved for that purpose at the right hand side of the ballot. No marks are necessary in this case. In the same way any Republican, Democrat or Prohibitionist wishing to vote for any candidate whose name does not appear on the ballot, such as an independent candidate for the legislature, can write his name in the blank space in that group.

The blank column on the extreme right of the ballot is intended to permit the voter to cast his vote for a person or persons whose names are not on the ballot under any of the ticket headings. In order to do this it will be necessary for the voter to write the name of his candidate in the blank space opposite to the title of the office. Should he intend to vote for either Democratic, Republican or Prohibition candidates for offices comprised in the same group, he must make the cross opposite the name of each person for whom he intends to vote in that group. By paying a little attention to these directions no voter need have any trouble in preparing his ballot correctly and expeditiously.

TO MARK A BALLOT.

The above is a facsimile of the ticket to be voted in this county except that the names are fictitious. A Democrat who wants to vote the straight ticket marks in three places: First, at the top in the square near the word "Democratic" under the head of Presidential Electors. Second, under the head of "Congress" and third, under the head of Representatives. An X appears above where the ticket should be marked. This is for straight Democratic voters. We are not attempting to give instructions to any body else.

CAMPAIGN SONGS.

Best Efforts in the New York World's Prize Contest.

The hosts of the Democracy are marshaled for the fray: With Cleveland now to lead them on they're sure to win the day: Their principles are borne aloft upon their banner true, And they are the men true blue.

CHORUS: Shout glory, glory, halliculiah! Shout glory, glory, halliculiah! Shout glory, glory, halliculiah! And they are the men true blue.

Fidelity to truth and trust, fidelity to right, inspire them with burning zeal to meet opposing might: And, fighting for the principles bequeathed to them of yore, They'll sweep from shore to shore.

No centralized plutocracy; no catering to class; No lifting high in privilege above the common mass; No legislation to annul the right of equal share, When Cleveland and his men get there.

The tolling millions in the field, the millions in the shop, The yeomanry of brain and brawn, the country's pride and prop, Shall find no high protective tax their industry overwhelm When Cleveland holds the helm.

The blazoned on the banner that the Democrat avails, "No force bill shall obscure its baneful shadow on the polls!" His dear bought, sacred interests shall not be wrest away In the Democratic day.

The doctrines of the fathers, they who made the nation free, Shall be the cry and watchword of the new Democracy: Those grand, eternal principles upheld by noble sires Shall burn as altar fires.

Hurrah! then, men, for Cleveland and for Stevenson, hurrah! They represent the principle to crystallize in law: They stand for righteous government, and they will win the right, Because they stand for right.

With Cleveland and with Stevenson the hosts will march along, To swell at last the chorus of triumphant battle song, When shouts of glad humanity will be heard on every hand, Through all this glorious land.
