ELECTION NOTICE. The regular annual meeting of the stockholders of the Bloomsburg Land Improvement Company will be held on Monday the 28th day of November 1892, between the hours of two and four o'clock in the afternoon at the office of N. U. Funk, Secretary for the election of a President, board of directors and Treasurer for the ensuing year, and the transaction of the general business of the company. N. U. FUNK, Secretary. 10-28-92.

Possibilities of the Battle.

If Cleveland shall carry all the States which voted for him in 1888, with New York and Indiana added, he would receive 226 Electoral votes, or 3 more than a majority.

If Cleveland shall carry New York and Indiana, with all the other States which voted for him in 1888 excepting West Virginia, he would receive 225 Electoral votes, or three short of an election.

If Cleveland shall receive 220 Electoral votes, there would be no election by the people, as it is admitted by the Republicans that Weaver will carry 4 Electors in Minnesota, 3 in Nevada and 4 in South Dakota.

This would leave Harrison with 213 votes, or 10 short of an election, and the contest would be transferred to the House, where Cleveland would be certain of the votes of 23 of the 44 States.

While making calculations for a close contest and various margins in the Electoral College, it should not be forgotten that nearly one-half of all the States of the Union present more or less elements of doubt as to their vote; and as doubtful States are likely to drift strongly in one direction, the probabilities are that there will be no close vote either by the people or in the Electoral College.

There will not be a true presentation of the popular vote between Cleveland and Harrison in the election returns. In more than a dozen States either the Democrats or the Republicans will vote the Electoral ticket of the People's party. Harrison will receive not to no votes at all in some of the Southern States, and Cleveland will share the same fate in some of the Western States. Each will lose from one to three hundred thousand votes in that way.

Never in any national contest of the last half century were there such strange possibilities as are presented in the great battle of 1892, but the popular drift seems to be so decidedly for Cleveland that his defeat is not within the range of probability. Times.

Amherst College was one of the New England strongholds of Republicanism. Now, the great majority of its professors have declared their purpose to vote for Cleveland and Tariff Reform. And so the work goes on. There was a time when the Colleges of the country were Republican by a large majority. But since the great economic question has been the issue between the parties the position of the Democracy is indorsed by the intelligence of the country, and the logical result is, that the educators fall in line.

It Should Be in Every House.

J. B. Wilson, 371 Clay St., Sharsburg Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cookport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at C. A. Klein's Drug Store. Large bottles, 50c. and \$1.00.

Lamp-chimneys cost so little that we let them go on breaking. We go on buying and grumbling.

What should we do? Get Macbeth's "Pearl-top" and "Pearl-glass;" they are made of tough glass, tough against heat; they do not break in use; they do from accident.

They are fine, well made, exact; they fit the lamps they are made for; stand upright; the shade is right; they make a right draught for light; they are uniform. Both bear a label for your protection. Look for it.

Be willing to pay a nickel more and stop this constant expense and annoyance.

Dr. G. C. Osmond, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kitchener, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Aeneas, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

And a good lamp must be simple; when it is not simple it is not good. Simple, Beautiful, Good—these words mean much, but to see "The Rochester" will impress the truth more forcibly. All metal, tough and seamless, and made in three pieces only, it is absolutely safe and unbreakable. Like Aladdin's of old, it is indeed a "wonderful lamp," for its marvelous light is purer and brighter than gas light, softer than electric light and more cheerful than either.

Some one has said that a bargain is an article sold under its real value. Some advertisers are not believers in this theory or are as economical of the truth as they are with their bargains.

But an honest tale speaks best being plainly told. This is our purpose in offering Wall paper bargains. They are bargains because they are as we represent them, full length, full weight, bona fide goods.

We know one instance of a bargain in wall paper which after it was on the walls lead pencil marks showed through. Whose was the bargain?

Come and see us before buying elsewhere.
