Mr. Howell's Future Plans.

While Mr. Howell will not, during 1893, confine his literary work to any single periodical, it may be authoritatively announced that he has entered into a contract with *The Ladies' Home Journal* whereby his most important work will, for some time to come, first see print in the pages of that magazine. His new novel, "The Coast of Bohemia," begins in the Christmas issue of the *Journal*, and immediately upon its close Mr. Howell will begin in the magazine a series of editorial autobiographical papers, in which he will trace the influences which led him to a literary life, his course of reading and his favorite authors and books. The articles will practically tell the story of the famous novelist's life, and promise to possess in a rare degree that attractive interest which always attaches itself to the life of a successful man when told by himself. Howell had his early struggles; his early resources were few, and these he will trace among other things in these articles, describing, too how he mastered four different languages to acquaint himself with the literature of the countries most attractive to him.

A conference of Democratic notables from all parts of Iowa is being held at Des Moines behind closed doors. It has leaked out, however, that Governor Boies is to be urged for a Cabinet appointment, to give him a good start in the race for the United States Senatorship.

I was a sufferer from catarrh for fifteen years, with distressing pain over my eyes. I used Ely's Cream Balm with gratifying results. Am apparently cured.—Z. C. Warner, Rutland Vt.

I suffered from a severe cold in my head for months and could not get any relief. Was advised to use Ely's Cream Balm. It has worked like magic in its cure. I am free from my cold after using the Balm one week, and I believe it is the best remedy known.—Samuel J. Harris, Wholesale Grocer, 119 Front St., New York.

An exchange says "that a wagon maker who had been dumb for years, picked up a hub and spoke. Yes, and a blind carpenter on the same day reached out for his plane and saw; and a deaf ranchman went out with his dog and herd; a noseless fisherman caught a barrel of fish and smelt; a deaf hatter was tenderly deposited upon a pile of hair and felt; and a forty ton elephant inserted his trunk into a grate and flue."

To Prevent the Grip.

Or any other similar epidemic, the blood and the whole system should be kept in healthy condition. If you feel worn out or have "that tired feeling" in the morning, do not be guilty of neglect. Give immediate attention to yourself. Take Hood's Sarsaparilla to give strength, purify the blood and prevent disease.

Hood's PILLS cure liver ills, jaundice, biliousness, sick headache, constipation.

Henry M. Neill has just issued his circular on the condition of the cotton crop. He lowers his estimate to 6,500,000 bales.

The plague of breaking lamp-chimneys is abroad in the land. There are two sorts of chimneys; brittle and tough. Ninety-nine in a hundred are brittle. The worst are imported from Germany. The best are Macbeth's "Pearl-top" & "Pearl-glass."

Two sorts as to workmanship; fine and coarse. The fine are Macbeth's "Pearl-top" and "Pearl-glass." The coarse are rough and out of proportion; misfits and misshapen; they do not make a good draft; they smoke.

Two sorts as to glass; transparent and gray. "Pearl-top" and "Pearl-glass" are clear, fine and tough—not tough against accident—tough against heat.

Call for "Pearl-top" or "Pearl-glass" chimneys.
