The Susquehanna river at Bloomsburg was frozen over on Christmas day, and teams drove across the day following. This is the first the river has been closed at this place for four years, and the first it has been closed at Christmas time for a dozen or more years.

First-class for cure of bruises, sprains and rheumatism—Captain D. H. Macaulay of No. 9 Engine Company, Baltimore, Md., says: "The members of our company have thoroughly tried Salvation Oil for sprains, bruises and rheumatism and it has given satisfaction in every case. We regard it as a first class liniment."

The children of the Lutheran Sunday School made up a Christmas box and forwarded it Monday for the children of the Tressler Orphans' Home at Loysville. The box contained books, dolls, cansties, toys, clothing, in fact, everything to make glad hearts during the holiday season.

Our merchants report that their sales during the Christmas week exceeded that of any previous year. This speaks volumes for the progress of Bloomsburg. Our varied industries are all working at full time and wages promptly paid. With their earnings in cash the laborers could visit the stores and make their selections with which to make merry the hearts of the household.

Supt. Johnston is to be congratulated on the success of the Institute last week. He secured a very able corps of instructors, and an excellent series of evening entertainments. The attendance was large, and a marked interest was manifested all through. The proceedings as fully and ably reported by J. Preston Yorks, appear in this paper.

Small in size, great in results: De Witt's Little Early Risers Best pills for Constipation, best for Sick Headache best for Sour Stomach. They never gripe. W. S. Rishton, Druggist.

THE CREVELING FAMILY.

John Creveling of Van Camp, aged about 84 years, an esteemed and highly respected citizen, died Friday evening, Dec. 23, 1892 at his old home, which is now occupied and in possession of his son-in-law, David Yost, Esq. Several years ago he had an attack of paralysis, from which he never fully recovered his former health. A few days previous to his decease he was taken with pneumonia which terminated in speedy death. His wife preceded him several years ago. He was the father of four children, Alfred, of Plymouth, Catharine, wife of David Yost, Frank who was wounded in the war of the rebellion, and subsequently died, and Drucilla, wife of Fletcher Bowman, of New Columbus. The surviving children are representatives of large and interesting families, some of whom are honored grand parents. The pioneer, Samuel, who many years ago located on a farm near Van Camp, part of which is now owned by Benjamin Young, who lives on the homestead site, was the father of a large family, Andrew, Peter, John, Isaiah, Samuel Russel, Rachel and Sarah, all of whom are now dead except Sarah, widow of Jacob Wenner, late of Bendertown. The surviving children and grand children of the above deceased families constitute a large circle of friends, some of whom occupy prominent stations in life, and all of whom are good and exemplary citizens. It is a remarkable coincidence that in so large a family connection we cannot recall a single dissipated one. Thus verifying the divine injunction, train up a child in the way he should go and when he is old he will not depart from it. A family history would be an interesting volume and a rich treasure for every household of the family name, and of all the family connections.

DIRECTORS' MEETING.

The directors' meeting was called to order Wednesday morning Dec. 21, at 9:30 o'clock by the president of the meeting Jno. R. Townsend, Secretary, J. K. Bittenbender, read minutes of last year, after which Supt. Johnston addressed the meeting, giving some very practical ideas for the advancement of our schools. He reported that the following districts had increased the length of their school term from 6 to 8 months: Montour, Orange, Scott, Benton, Fishingcreek. From 8 to 9 months: Berwick, Catawissa. From 6 to 7 months: Briarcreek. One district (Jackson) has adopted free text books. There are now in the county 228 schools.

The subjects for discussion were then taken up in this order: 1st Is the county ready for a six months term? 2nd, Teachers' salaries, how graded? 3rd, Free text books. 4th, School buildings and their surroundings. The first subject received the most attention. At the suggestion of Mr. Little a committee of five was appointed by the president to draft resolutions embodying the subjects discussed. The committee consists of Messrs J. C. Brown, Bloomsburg, G. Y. Mowery, Montour, M. H. Petty, Berwick, T. H. Edgar Fishingcreek, and Jos. Garrison, Bloomsburg.

The following resolutions were presented:

1st. Resolved that the sense of this convention is that the minimum school term be seven months.

2d. Resolved that the text books should be furnished by the district.

3rd. Resolved that a compulsory education law be enacted requiring the attendance of pupils, who are not physically incapacitated, six months each year, between the age of six and thirteen years.

The first was adopted by a vote of 26 to 15; The second by a vote of 36 to 5; while the third was lost by a vote of 19 to 18.

A resolution was then adopted that a committee of directors of Columbia County endorse the action of the Trustees of the Bloomsburg Normal School in their effort at getting an extra appropriation for the building of additional buildings.

The following officers were elected for the ensuing year: President R. R. Little, Bloomsburg; Vice President E. M. Laubach, Fishingcreek; Secretary, G. Y. Mowery, Montour.

Success in everything depends largely upon good health. De Witt's Little Early Risers are little health producing pills. See the point? Then take an "Early Riser." W. S. Rishton, Druggist.

Pastor's Union

The pastors of the several churches of Bloomsburg have organized a Pastors' Union, which meets twice a month for the discussion of practical questions bearing upon their work. At the last meeting the question of holding a Sunday School convention was taken up and it was agreed to arrange for such a convention to be held here Jan. 14th '93. The following constitution was adopted.

CONSTITUTION AND BY-LAWS OF THE PASTORS' UNION

ARTICLE 1. This association shall be known as the Pastors' Union of Bloomsburg, Pa.

ARTICLE 2. It shall be made up of all the ministers in Bloomsburg who sign the constitution; and the Secretary of the Y. M. C. A.

ARTICLE 3. Its object shall be to cultivate a closer christain sentiment between the pastors and churches in our town, and the discussion of practical questions bearing upon our work, and such other matters for the public good as may arise from time to time.

ARTICLE 4. All denominational or political discussion shall be avoided. Essays and abstruse subjects that require much forethought and preparation shall be taken up only when ordered by the Union.

ARTICLE 5. The officers shall be President, Vice President and Secretary, who shall be elected semi-annually by ballot the first Monday of October and April.

BY-LAWS.

1. The Pastors' Union shall meet in the Y. M. C. A. parlor regularly on the first and third Mondays of each month, at 10:15 A. M. adjourning not later than 12 M.

2. The Secretary shall notify each of the pastors on the Saturday preceding the meeting.

3. Three members shall constitute a quorum for transaction of business.

4. The following shall be the order of exercises: (1.) Devotional exercises; (2.) Reading of minutes; (3.) Roll call; (4.) Unfinished business; (5.) New business; (6.) Discussion of practical questions; (7.) Adjournment with prayer.

The next meeting will be held Jan. 2nd at 10:15 A. M. in Y. M. C. A. parlors. All ministers of the Gospel are invited to be present. The subject for consideration will be "methods and plans for the week of prayer."

Sweet breath, sweet stomach, sweet temper, all result from the use of De Witt's Little Early Risers, the famous little pills. W. S. Rishton, Druggist

BROKE HIS ARM.

I. K. K. Laubach of Raven Creek slipped and fell down on Thursday last week, and broke his right arm at the wrist. He is improving, and will soon be out again.

\$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY, & Co., Toledo, O. Sold by Druggists, 75c.

JACK IN THE BALLROOM.

A Complete Chart for Sailors Caught in a Gale of Skirts.

Some naval officers were once invited to a ball, whereupon it was discovered that few of them knew anything about dancing. The first lieutenant, who was well versed in the art, therefore took them in hand and gave them a series of lessons. The simple dances were soon acquired, but when they came to the figures confusion reigned supreme. At last the lieutenant declared he would write out his directions in language so plain that the veriest lubber in the fleet could comprehend them. That very afternoon he gave each of his pupils a copy of the following directions after studying which not one of them made the slightest blunder:

LE PANTALON.

Haul up on the starboard tack, let the other craft pass, then get your head on the other tack; regain your own berth on the port tack, back and fill with your partner, box haul her, wear round twice against the sun in company with the the opposite craft and your own; afterward box haul her again and bring up.

LEETE.

Shoot ahead about two fathoms till you nearly come astern of the other craft underweigh, then make a sternboard to your berth, side out for a bend first to starboard and then to port, make sail and pass the other craft; get your head round on the other tack; another side to starboard and port; make sail to regain your berth, wear round, back and fill, and box haul your partner.

LA POULE.

Heave ahead and pass your adversary, yardarm to yardarm, regain your berth on the other tack in the same order, take your station on the line with your partner, back and fill, fall on your heel, and bring up with your partner. She then manoeuvres ahead, harness all a-back, shoots ahead again, and pay off alongside. You then make sail in company with her, till nearly astern with the other line, make a sternboard, and cast her off to shift for herself, regain your berth by the best means in your power, and let go your anchor.

LA THUNTE.

Wear round, as before, against the sun twice, box haul the lady; range up alongside her and make sail in her company. When half way across to the other shore drop astern with the tide, shoot and cast off the tow; now back and fill as before and box heel her and yourself into your berth and bring up.

LA PASTORALE.

Shoot ahead alongside your partner, make a sternboard, make all sail over the other cast, let go your hawser, and pay off into your berth and make a turn. The three crafts opposite range up abreast toward you twice and back astern again; now maneuver any rig you like, only under easy sail, as it is always light wind (zephyrus as they call it) in this passage; as soon as you see their helms down haul round in company with them on the port tack and make all sail with your partner into your own berth and bring up.

LA FINALE.

Wear round to starboard, sight the catheads of the craft on your starboard bow, then make sail into your berth, your partner passing athwart your bows. Now proceed, according to the second order of sailing, to complete the evolutions, shoot ahead and back astern twice, in company with the whole squadron, in circular order of sailing.

The following test for watered milk is simplicity itself: A well polished knitting needle is dipped into a deep vessel of milk and immediately withdrawn in an upright position. If the sample is pure some of the fluid will hang to the needle, but if water has been added to the milk, even in small proportions, the fluid will not adhere to the needle.—Boston Commercial.

Let Off the Extra Bad Things.

Now is the time to reform and be ready for the new year, determined to make it the best that you have ever lived. Pick out all your bad habits; if you have none, look around for minor defects in yourself, and then philosophically consider how to proceed against them. Make yourself better and you will not regret that you turned over a new life, when you contemplate the completed record of 1893.—*Atlanta Times.*
