WASHINGTON LETTER

WASHINGTON, Feb. 6, 1893. This is going to be silver week in Congress, and conservative democrats will be very much disappointed if the result is not a compromise measure that will become a law, and settle, at least for a time, the very troublesome and very important question. It has been known ever since Congress came together that President-elect Cleveland was very anxious for this Congress to put a stop to the purchase of silver, which he believes to menace the prosperity of the country. It was through the efforts of his immediate friends in the House that Thursday and Friday of this week have been designated for the consideration of the Andrew's bill for the repeal of the Silver law and amending the National Banking law. It is believed that a sufficient number of democrats in the House have changed their views on this question to make the passage of this bill probable by the House, but it is not thought that it can get through the Senate; hence the movement to effect a compromise that will be satisfactory to the silver men and at the same time will suspend the purchase of silver. Senator Hill, who voted for the present Silver law, now holds the same opinion about the purchase of silver that Mr. Cleveland does and is working to bring about its suspension. This week will determine whether a compromise is possible and if it is not accomplished an extra session early in the spring is believed by Mr. Cleveland's closest friends to be inevitable.

It is probable that there will be some tariff legislation at this session after all. The House Ways and Means committee favors, and there is very little opposition anywhere, the repeal of that clause of the McKinley law which raises the tariff on linen goods fifty per cent on and after January 1, 1894. It is admitted by the republicans that this clause has failed to accomplish what it was intended to do—develop the linen industry in the United States.

Senator Harris, of Tennessee, says that Judge Jackson of that State who has been nominated to the vacancy on the Supreme Court, although commonly classed as a democrat, and appointed to his present position on the Bench of the Circuit Court by Mr. Cleveland, is as good a republican as Mr. Harrison. That there will be strong opposition from both sides of the Senate to Jackson's confirmation is certain, but whether it will be strong enough to defeat him is not yet apparent. Some republicans will oppose him because he is classed as a democrat, others because they had served notice on Mr. Harrison that they would oppose any nomination he made to the vacancy. Most of the democrats who oppose the confirmation do so on principle; they believe the vacancy should have been left for Mr. Cleveland to fill, but there are others who while not opposed to Judge Jackson personally will vote against his confirmation because to vote for him would morally bind them to vote for Mr. Harrison's nomination to the vacancy which his confirmation would leave in the Circuit Court, and it is considered certain that a republican would be nominated. It is creditable to Judge Jackson that not one word has been said by anybody against his ability and personal fitness for the honor. Contrary to precedent his nomination was referred to a committee, and it will surprise very few should that committee fail to report it back to the Senate.

Representative Blount, of Georgia, chairman of the House committee on Foreign Affairs, who voluntarily retires from Congress on the 4 of March, after having served continuously therein for twenty years, was the recipient on Saturday of an unusual and unexpected compliment from his colleagues on the floor of the House. It was while the diplomatic and consular Appropriation bill was under consideration that Mr. Blount was honored by such praise as few men have received, from political associates as well as opponents.

Children Cry for Pitcher's Castoria.

Among those who made speeches in honor of the retiring statesman were Representatives Holman of Indiana; Hitt, of Ill.; Bland, of Mo.; O'Neill, of Pa.; Springer, of Ill.; and McCreary, of Ken. No greater compliment than that paid by Mr. Hitt, when he said "In the consideration of public questions Mr. Blount has been a patriot and not a partisan," has ever been or ever will be paid a legislator.

The Hawaiian commission having presented the petition of the government they represent for annexation to the United States, to Mr. Harrison, though the Sec. of State, are now waiting as patiently as they may for an answer. In spite of the mystery with which the officials of the State Department are trying to surround the matter there would be little doubt of the character of the answer were it not so near the close of Mr. Harrison's term. He unquestionably favors annexation, but may, so long as it cannot be consummated under his administration, conclude to leave it for Mr. Cleveland and the democratic Congress to arrange. That is certainly what he should do.
