FRIDAY, MARCH 10, 1893.

Thomas Mason Weidman of Pottsville has been appointed Judge in Schuylkill county in place of Judge Green, deceased.

Last Friday March 3rd, Judge Rice of Luzerne county, gave his decision on the granting of licenses for that county. One hundred and thirty-six nue from those to whom licenses were granted will aggregate over \$200,000; the greater portion of which will fall furnish the strongest incentive to to the city, borough or township.

President Harrison last Thursday evening accepted a professorship in the Leland Stanford University of California. He will deliver a series of lectures on constitutional law, commencin October next. He has had the matter under consideration for some weeks before signifying his formal actrade. At the same time, in our efceptance.

The newspapers have sought in vain to obtain a portrait of Mr. Richard Olney, the Attorney General. This is the New York World description of him: "Imagine a square block substantial men, weighing an average financial disaster. of 190 pounds each, and their ability LESSONS THAT OUGHT TO BE UNLEARNED is believed to be equal to their avoirdupois.

As to the Republican party, it cannot but view the going out permanently of such a man as Judge Gresham with grave apprehension. Such a step means much now and more in the future. It meant much four months ago, when the judge merely announced his intention of voting for Mr. Cleveland, although he expressly declared that he did so as a Republican To step clean over into the official ranks of the opposition would mean the brood of kindred evils which are vastly-more. ECONOMY IN THE PUBLIC SERVICE.

"The acceptance of this principle leads to a refusal of bounties and subsidies, which burden the labor and thrift of a portion of our citizens, to aid ill advised or languishing enterprises in which they have no concern. FAIR TREATMENT TO THE INDIANS.

"Our relations with the Indians located within our borders impose upon us responsibilities we cannot escape. Humanity and consistency require us to treat them with forbearance, and in our dealings with them to honestly and considerately regard their rights and interests. Every effort should be made to lead them through the paths of civilization and education to self supporting citizenship. In the meantime, as the nation's wards, they should be promptly defended against the cupidity of designing men and shielded from every influence or temptation that retards their advancement.

New Election Law.

Senator Landis has introduced in the Senate a bill amending the act defining the necessary and proper ex-penses incident to the nomination and election of State, municipal and county officers, extending its provision to elections held for the adoption or rejection of amendments to the constitution. The bill makes the provisions of the present act apply to nomination conventions. necessary expenses of election are held not to include the payment of a principle which underlies our free any fees for the naturalization of any person except the payee. Payments are lawful for printing and traveling expenses, dissemination of news, for political meetings and conventions and for the employment of watchers. Fees paid for the naturalization of another constitutes a misdemeanor and the punishment is fixed at not more than \$500 and six months imprisonment or both. A failure to file a statement of expenses within ten days after the election is a misdemeanor punishable by a fine not exceeding \$1,000 or imprisonment for not more than one year or both and forfeits the office of any one elected who shall fail to file such expense account within the ten days.

Electric Railroads.

From present indications it would look as though the electric roads throughout Central Pennsylvania are to be controlled by one mammoth syndicate. A special Pullman car containing a party of distinguished Philadelphians came up as far as Shamofailure can be traced to our fault or neglect, we may be sure the people will hold us to a swift and exacting accountability.

kin, viewing the premises. On board was Secretary of State, William F. Harrity, J. J. Sullivan, President of accountability. B. Gill, Manager of the Bell Telephone Company; J. O. Kiem, P. & R. General Agent, Port Richmond; William Smith, Daniel Donovan, E. M. McGargee, F. J. Johann, of the Equitable Trust Company; J. H. Johann, of the Philadelphia Ledger; Dallas Sanders, W. Wilkins Carr, William Winters.

A GIGANTIC SCHEME.

A reporter boarded the car and was cordially received. He was told that the party was returning home from a visit over the lines of the Schuylkill Traction Company. The road passed into their hands several days ago. They had purchased the road consisting of twenty-three miles, and intended to unite Mahanoy City and Shenandoah at once. The line will also be extended from Locust Dale to Mt. Carmel and Shamokin. Among the first improvements contemplated is the building of a railway between Ashland and Centralia. Eventually the syndicate will own a through line from Philadelphia to Erie, running into Pottsville and then traversing the Schuylkill valley to Tamaqua and from thence westward to the Schuvikill Traction lines. The capital stock is one million dol-

lars and bonds to the amount of \$500,ooo will be issued at once, with a reserve fund of \$250,000. Mr. Harrity is specially desirous to sell the stock to the people living along the lines, as in that way the road would have the sympathy and co-operation of the public. Shamokin capitalists have been granted incorporation papers to build a line from Shamokin to Danville. One of the greatest moves will be to unite Pottsville with Minersville, Tremont and towns and villages as far west as Lykens. There is a power behind the throne in all this which the careful observer readily perceives.

The breaking up of the winter is the signal for the breaking up of the system. Nature is opening up the pores and throwing off refuse. De Witts's Sarsaparilla is of unquestionable assistance in this operation. W. S. Rishton, Druggist. 10-14-1yr.
