Orinoline—Not Yet.

From Harper's Weekly.
We are indebted to the correspondent of the Times in Paris, whose happy function it is to furnish artistic news about artistic toilettes to readers (of the correspondent's sex?), for authoritative information that the reign of crinoline is not yet. This cheerful intelligence comes from two very high sources, one the supreme French dress-maker of his time, and the other an Englishman of equally undoubting supremacy. It is characteristic of their respective races, perhaps, that the Englishman says that crinoline will not be used, and cites the decisive fact that "twelve"—note the proud exactness of this numeral, not a dozen, nor any vague expression of number, but precisely twelve—"royal personages" whom he has had the honor to wait upon for instructions as to their wardrobes have not mentioned crinoline. On the other hand, the Frenchman says with equal pride and authority, but of a different kind, that crinoline shall not be used. He will not permit it. Has he not given his precious time and his invaluable talents gradually and firmly to lead the daughters of Eve to a style of wearing apparel which, if not so simple as that of their great ancestress, shall at least not confuse and pervert the noble lines of beauty inherited from her? And shall he now, in the hour of his triumph, when feminine charms to the remotest ends of the earth enjoy the aid and enchantment of his art, submit to see them subjected to this hideous and monstrous defilement called crinoline? Thousands of thunders and names of all mentionable things! *Jamais!* *Jamais!* Both of which assurances we accept with profound relief. If royalty, inherited or earned, forbids crinoline, the common-sense of our republican women may be left free to reject it. For the moment we breathe more easily.

Castoria. "Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Osceola, Lowell, Mass.
"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interests of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. KIRKWOOD, Conway, Ark.
Castoria. "Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.
"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

LOOK THIS WAY!

TO Farmer's and the PUBLIC —in— General.

We wish to say that we are still manufacturing and dealing in Agricultural implements at Orangeville, Pa., and certainly from long experience we should know the wants of the Farmers and public in general. And, in this connection we wish to say that all machinery we manufacture or handle is equal to any on the market, and sold at lowest prices.

We make a good cast head Land Roller, which every Farmer should have. Also Plows, Scotch Harrows, Cultivators, Wood Saws, Corn Shellers, and Feed Cutters, and a specialty of Horse Power Threshing Machinery. Then we handle the 'Empire' Fertilizer, Grain Drill and Hay Rake, 'Hench's' Walking and Riding wheel Cultivators, 'Woods' Harvesting machinery (which needs no recommendation), single and double Corn Cultivators, Engines and Saw Mills etc. Lastly we wish to show up the New Deerfield Lever Harrow the only one that has a separate adjustment for each tooth independent of the levers. The only four lever Harrow on the market whereby the two centre sections can be let down in a dead furrow, or any one or more of the four sections can be raised and the balance of the teeth kept at work, frame at all times being level. It has a self coupling hinge, no bolts or pieces to lose, with circular steel eveners to equalize draft while turning corners. This Harrow is no experiment with us, and will be put out on their merits same as any other goods.

We also make and carry a large stock of Plow repairs, also an endless variety of other implement repairs. We are also prepared to do almost any kind of saw or grist mill repairing (having recently put in new Iron Lathe and boring machinery etc. We also carry a full line of dressed building lumber. We appreciate the patronage of the public in the past and covet a continuance of the same in the future and will be glad to have any one call to see us, or answer their inquiries for anything in our line and will quote lowest prices.
