FRIDAY, APRIL 14, 1893.

The Legislature has agreed upon May 11, as the day for final adjour-

A bill has passed the Senate finally rendering women eligible to the office of Notary Public.

The publication of the mercantile appraiser's list will soon be abolished. The bill has passed the Senate finally.

Now is time for farmers to plant trees. An Act of the Legislature provides that for every four trees planted along the roadside the farmer shall be allowed a rebate of one dollar on his road tax. The rebate will be sufficient to pay the expense of the tree planting, and the farmer will have the principal men implicated thus far are entire profit arising from the growth the foreman of the press room and of the trees.

At Trenton, N. J. a novel plan is to be used to settle the question of who shall be named as postmaster. There are two factions of democrats in the city, and the Congressman being a republican the settlement of the contest was given into the hands of Senator McPherson (dem.) The Senator was thrown into a great quandary by this. Although he is serving his third term in the Senate he wants another, and is anxious to make as few enemies as possible to throw obstacles in his way. So after thinking the matter over he concluded to let the people decide it, and said that he would submit the question to the Democratic voters of the city, and abide by their decision.

Judge Porter, of Pittsburg, has de-cided that free lunches, when furnished in liquor saloons, are illegal, basing his view upon the fact that numbers of wives of mill workers have complained to him "that their husbands did not come home regularly to their meals, and that one of the reasons why they did not was because of the attractions held out to them by saloon keepers in the form of free lunches. If these inducements keep husbands from home, the inducement must be abolished." If this be law what is to become of the free lunch fiends, so many of whom have been enjoying the luxuries provided by saloon keepers? Their occupation will be gone. - Ex.

will be remembered that Hamburg was the centre of the cholera plague last summer. Professor Virchon, an able authoritity on the subject of cholera says that America may be able to repel the germs of cholera this year, but that it will return in Europe with greater severity. The people over the water fearing the disease are hastily departing for this country, and we can expect many cases during the summer, although it may not this year reach a very severe epidemic, the germs will be sown for another season. It is necessary that every precaution should be taken before the disease fastens it self upon us. Cleanliness is the greatest barrier to its progress.

Amending the Baker Ballot.

Ex-Speaker Cessna, of Bedford, reported favorably to the house from the general judiciary committee a bill amending the Baker ballot law. It gives regular parties or bodies of citizens which have held state conventions for five years the right to official ballots, although they may poll less than three per cent. of the highest vote at the last election. Certificates of nominations for state offices shall be filed with the secretary of the Commonwealth forty-five days before the election, and nomination papers must be filed thirty eight days before the election. All other certificates and papers must be filed with county comnissioners forty-five or thirty-eight days before the election. All objections to the validity of certificates or papers except those for legislature and congress must be filed in the court of common pleas of Dauphin county. Vacancies may be filled in accordance with sections two and three of the regular act. The secretary of the Commonwealth shall transmit to the county commissioners the official lists sixteen days instead of ten days before election. The sheriff is exempt from giving notice of city elections. The ballots shall no longer contain he residence of the candidates. One et of ballots only are to be furnished oters. All ballots and cards of inruction must be sent to the voting aces on the Saturday before the elections.

WASHINGTON LETTER

WASHINGTON, April to, 1893.

President Cleveland has a remarkable capacity for standing long hours of hard work, and it has been put to a severe test since his inauguration, as it has been the exception rather than the rule when he has been able to retire before 2 o'clock in the morning, and he is always at his desk again before 8 o'clock. Feeling the need of a with Secretary Gresham, left Washington Saturday afternoon and they will

not return until to morrow. His des-tination was not made public for fear that he might be followed by some of the importunate office seekers, anxious to personally present their claims. They went to see Ambassador Bayard at his home in Wilmington, Delaware. The investigation of the Weather Bureau, now being publicly conducted

after office hours at the Department of Agriculture, is a very nasty mess as far as it has gone, and it promises to grow even nastier. The property of the bureau has, according to the testi-mony, been stolen and sold to junk dealers whenever certain of the minor officials needed a little extra winskey money, and the stealing was done in broad daylight, the employees of the bureau being used to load it upon wagons. About everything seems to have been included in the thefts, upon one occasion a stone step being higher up are said to have received a ed that the evidence will prove it.

may be his friends. Major General Schofield and Major General Miles have had a squabble at long range over the trouble in Indian removable under the new rule. Territory. The quarrel is understood to have occurred over the carrying out of an order for the detail of an army officer to investigate the trouble. No United States troops will be sent there unless the Secretary of the Interior requests it.

President Cleveland said he intended to get the very best man in the country, who was available, to be Commissioner of Pensions, and the general approbation of the nomination of Judge Wm. Lochren, of Minnesota to the position indicates that he succeeded. Judge Lochren was not an applicant for the position, indeed, he at first declined to accept it, but withdrew his objections when his party duty and loyalty were appealed to by the President. His war record is of the bravest, and although he is not a member of the G. A. R., no member of that organization has so far as known had a word to say against his Pension Bureau about May first

A Week of Writing Would Not Tell the Story

Scrofula for Seven Years - Cured by Hood's Sarsaparilla.

"A week devoted to writing would not be suf-ficient to tell of the good Hood's Sarsaparilla has done me. Seven years ago a running sore appeared on my ankle, which grew worse until it other to any sake, which grow worse that it is entirely covered my foot and the bones came out of my toes. Then the sores appeared on my other foot, right arm and hand. Holes were eaten in my lower limbs, my arm was one great sore from the shoulder down, and the bones came out of two of my fingers. Words

Cannot Tell My Sufferings. I could not sleep and had no appetite. About three years after the first appearance of the disease my husband read of what Hood's Sarsaparilla had done for others, and urged me to try it. I was confined to the bed at the time, had given up all hope. However, I commenced taking the medicine, and before I had finished the bettle, could sleep, and not only eat, but enjoy my food. Now the

Sores are All Healed Up with the exception of one spot on my limb. thank God for having directed my husband's at tention to Hood's Sarsaparilla, otherwise I should have been in my grave. I can now move about with the aid of crutches, and will always need their assistance, but anyons who had seen my condition when I commenced to take

This was the quarantine division of the Bureau of Animal Industry, which Secretary Morton has just abolished. Quite a howl has been raised by the republi-cans because the chief of the abolished division happened to be the late Mr. little undisturbed rest, he, in company Blaine's brother, although it is difficult to understand why that should have made the slightest difference. Surely they did not expect that a democratic administration would feel called upon to take care of the poor members of

the Blaine family. Secretary Lamont hasn't been doing much talking-he never does-but that he has been doing some investi-gating and thinking is shown by his statement that no more army officers will be detailed for ornamental purposes. This may be a little rough on the army officers who have been calculating to spend the summer at the World's Fair and the various summer resorts, but no one can deny that it is just to the people who pay these men their salaries, and doubly just to the officers without "pull" who have to perform, in addition to their own, the duties of the butterflies of the profes

MEN AND WOMEN INTERESTED.

"It is astonishing," said one of our physicians the other evening, "how many of the ordinary diseases people suffer from come from the one cause -excess of uric acid in the blood. To discover a medicine that would dissolve this acid has puzzled thousands of the best men of the medical profession, until Dr. David Kennedy, of Rondout, N. Y., produced what is known the world over as Dr. Kennedy's Favorite Remedy. The great value we place in Favorite Remedy comes from the fact that it is the only medispecial fitness for the position. He cine that will effectually dissolve this was born in Vermont, but has resided acid thus curing rheumatism, dyspep in Minnesota since 1857, with the ex- sia, kidney, liver and urinary troubles A vessel has just arrived from Ham. ception of the time he served in the burg, with nearly 500 immigrants. It army. He will take charge of the These and many more troubles all come from the one cause, as I said before, this death dealing uric acid."

Perhaps there has been no one person in Wyoming Co., Pa., that has suffered more than Mrs. Carrie Bousuffered more than Mrs. Carrie Bouton, formerly of Schottville, but now of Harvey's Lake, Luzerne Co. Mrs. Bouton, in relating her restoration to health, said: "From a growing girl I suffered from female trouble or weakness peculiar to my sex. Several phy sicians prescribed for me but I found suffered from the but I found suffered from the but I found suffered from the but I found fro sicians prescribed for me but I found no relief. I was reduced in flesh down to 68 pounds. By accident I heard of Dr. Kennedy's Favorite Remedy and determined to try it, and to my great joy I began to realize that I had found a medicine that was doing me good. I think I had used five bottles when I found that I weighed 1211 pounds and was better in health than I ever was before.

Inquiry among Mrs. Bouton's neigh-bors shows that she states nothing but the facts in regard to her case. Many other instances of the kind are widely talked of in Scottsville, Tunkhannock, Wilkesbarre and other places where Dr. Kennedy's Favorite Remedy has effected many cures after physicians had given up hope.

"But," says one of our prominent druggists, 'Favorite Remedy is equally efficacious in other diseases, as talks with people I have sold Favorite Remedy to affirm. To my knowledge right in our town Favorite Remedy has cured people suffering from rheumatism, dyspepsia, kidney, liver and urinary troubles."

Since the publication in one of the New York medical journals of the case of Mr. E. P. Tayer, of East Nassau, N. Y., Dr. Kennedy's Favorite Remedy has been increasing in sale. Mr. Tayer had suffered for fifteen years with inflammatory rheumatism. by his physicians. Favorite Remedy was brought to his notice and in less than three months of the part than three months after its use he was

a well man. In commenting on this case Dr. W. H. Morse, of New York City, says: The great good in Favorite Remedy lies in its power to dissolve this deadly uric acid. In cases of dyspepsia, eczema, scrofula or any urinary diseases I have never known it to fail, when taken according to directions. Dr. Kennedy's Favorite Remedy is not raid Jackson & Woodin for fron only used by physicians now but can be found on sale by every medicine patd Eshleman & Wolf, sewer contract... ndice, sick headache, indigestion dealer .- Wilkes-Barre (Pa.)
