FRIDAY, APRIL 21, 1893.

The United States Senate adjourned last Saturday.

The old Liberty bell will be taken from Philadelphia to Chicago, and placed in the World's Fair.

J. S. Harris has accepted the Presidency of the Philadelphia & Reading Railroad Co., in place of A. A. McLeod, resigned.

In a recent interview A. A. McLeod says that he resigned the Presidency of the Reading railroad, because A. J. Drexel demanded it.

The local option law was defeated in the House last week by a vote of 68 to 102. Mr. Tewksbury voted for it, and Mr. Fritz against it.

The President has appointed Joseph S. Miller of West Virginia to be Commissioner of Internal Revenue. This is the position for which ex-Congressman John B. Storm was an applicant.

The Duke de Veragua, a lineal descendant from Christopher Columbus, being the thirteenth in descent, arrived in this country from Spain last Saturday. He will attend the World's Fair at Chicago. He is naturally receiving much attention.

The following bills passed second reading in the Senate on Monday: designating the several judicial districts; punishing the distribution of indecent and immoral writings, photographs and of drugs or articles designed to prevent conception; authorizing School Directors to establish public school libraries; allowing Judges \$500 for clerical assistance; empowering courts to grant transfers of liquor licenses from one place to another.

A bill was introduced by Mr. Tewksbury, on April 10, 1893, entitled an Act Authorizing the Governor of this Commonwealth to appoint five persons to make inquiry and examine into and make report to the next session of this Legislature at its next regular session the advisability of erecting suitable tablets marking the various forts erected as a defense against the Indians by the early settlers of this Commonwealth prior to the year one thousand seven hundred and eighty-three.

At the Girard House that rare old statesman, Charles R. Buckalew, is finding a home. He was in the United States Senate in the turbulent days of the republic, when men were called upon to decide mighty questions. A man without ostentation, despising all the tricks of politics, of speech or action, he had the respect of his colleagues, which many a more famous man did not enjoy. After some retirement he found his way into the lower house of Congress, where the noise and nonsense of speech and action often annoyed him, and he went back to his country home up in the interior of Pennsylvania to get repose for his sincere intellectuality, which he could not find in Washington. It takes a man of a very different temperament from Mr. Buckalew to get along on parade with the politicians of the present day, who deal for cakes and ale. —Philadelphia Times.

## COUNTY OFFICERS.

This year the people of this county will be called upon to elect a Prothonotary and Clerk of the Courts, a Treasurer, Register and Recorder, District Attorney, and Auditors. The Democratic convention will be held on August 8th, and the delegate election the Saturday preceding. Although it is a little early yet, candidates are in the field. For Prothonotary, G. M. Quick is an applicant for a second term. He is a most efficient and gentlemanly official, and as it has been the custom for years to give the office at least two terms to the incumbent, he ought to be chosen without opposition. Mr. Quick has had very few equals and no superiors in the office. He is prompt and a curate in the discharge of his duties, and his knowledge of the records is more than extraordinary; it is wonderful. Thus far we have heard of no opposing candidate.

For County Treasurer the names of J. R. Fowler of Pine, C. A. Kleim of Bloomsburg, and A. B. Croop of Bricecreek are mentioned.

For Register and Recorder, C. B. Ent of Scott, and ex-Sheriff John B. Casey are the only ones in the field so far as heard from.

For District Attorney, Wm. Chrisman Esq. will ask for a re-election, and Thomas B. Hanly will enter the

contest against him. For county Commissioners on this side of the river the names of several good men have been mentioned, but there is no certainty that they will run, and we are not authorized to use their names. J. G. Swank is the only one thus far announced on the other side of the river.

The rules require all candidates to announce their names in the newspapers. Now is a good time to announce.

"There is a salve for every wound." We refer to De Witt's Witch Hazel Salve, cures burns, bruises, cuts, indolent sores, as a local application in the nostrils it cures catarrh, and always cures piles. W. S. Rishton, Druggist. 10-14-1yr.

## OUR WORLD'S FAIR LETTER.

WHAT ONE WILL SEE AT THE BIG FAIR GROUNDS, THE DECORATIONS OF THE WOMEN'S BUILDING, FISHERWOMEN FROM THE EASTERN COAST, THE RAPID CONSTRUCTION OF BUILDINGS AT THE FAIR.

(From our Special Correspondent.) CHICAGO, April 18.—The question is not what one will see at the World's Fair, but what is there that cannot be seen there.

It would seem as though the whole earth had been ransacked in its uppermost parts and all the hidden treasures brought to light for the benefit of mankind.

That beautiful "White City," which lies nestled so cozily down by the lake is the Eden of the world. Every known device of man will be there, reproductions of every wonderful thing nature has produced will be so artistically brought before the gaze of the visitor, that when the Fair is over and the wornout visitor returns to his quiet home and settles down once more to the humdrum of every day existence, he will commence with himself thus: "How little I really knew of the world and life before I visited the Columbian Exposition. Thousands of dollars spent in years of traveling could not have given me the knowledge of life and the works of nature that I now possess, and at but a very small expense, too."

Truly the year 1893 will be one long to be remembered in the minds of all nations. Our country will have made its debut to many foreign countries that never before recognized our worth. We are a great nation, and as such we will stand in the foremost ranks of civilization.

The Women's Building, though having a very plain exterior is one of the most beautiful sights in the Fair grounds. Each State has a parlor or reception room of its own, and the lady commissioners seem to outvie each other in the decorations. Ivory white will be the prevailing color for the general interior, with the different shades of yellow running from the palest cream as friezes and center pieces. Immediately below the friezes on the spaces between the graceful arches will be panels bearing the names of famous women. On the west will be inscribed the names of the Bible heroines, and the east side will bear those of all the queens who have done something good for humanity. The north end bears in a huge text of gold letters the names of the president of the Board of Lady Managers, while the south end will bear only the name of the architect of the Women's Building. The Cincinnati room is about completed and is truly a vision of beauty. Most of the work for decorating the different parlors is done before it gets here, so that but little time is required to have every thing in place. Whatever else is unfinished by May 1 the Women's Building will be on time, and in fact, every where that the ladies have had anything to do with the installation of exhibits will be in readiness by the opening.

The Lady Commissioners from New Jersey will have a novel as well as instructive display at the Fair. They will bring about twenty-five fisherwomen from the fisheries along their coast to Jackson Park, and will make an exhibit of their work in making nets and other things pertaining to their business. They will be represented just as they live and work in their daily life.

Jackson Park is a good representation of Aladdin's Palace, where a small bit of common is in the morning a huge mass of timbers and framework of a building may loom up before night. One can fairly see things grow down there. The warm weather, coupled with the soft April showers, which we have had, is bringing out the leaves of the trees on the wooded island, and makes the grass look fresh and green.

## It Should Be in Every House.

J. B. Wilson, 371 Clay St., Sharpshurg Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at C. A. Kleim's Drug Store, Large bottles, 50c. and \$1.00.

The County Commissioners of Montgomery are in a dilemma as to what action to take on the accounts of the township and borough auditors for printing and distributing ballots for the February election. A decision as to whether the county is liable for this expense or whether it shall be paid by the townships or boroughs will probably be asked of the Court. In Lackawanna County Judge Archbald has decided that the auditors must look to the townships and boroughs for their pay, while Judge Reeder, of Northampton, has decided that the charge is up on the county. The language of the law unmistakably sustains Judge Reeder's view, for it directs the auditors to certify the cost of printing and distributing the ballots to the County Commissioners "for payment as part of a county election expenses." In many of the counties the commissioners have authorized the payment out of the county treasury without any question, and that is quite clearly the intent of the law.—Press.

## From Bad to Worse A Complication of Diseases

Hood's Sarsaparilla Gave Strength Just in Time.

Mr. Isaac Aber of Vienna, N. J.

"I gladly testify to the following facts: I have been a very great sufferer for the last five years with troubles of the Lungs and kidneys and the worst stage of

### Dyspepsia.

I could scarcely eat anything because of the intense pain in my stomach. I was also at one time covered with salt rheum, and my cough weakened me so that I could scarcely walk. I had several attacks of bleeding at the lungs. My breath became so short that I was unable to work and was obliged to give up my business, which is that of a mason. I could not even walk about much. So I kept going from bad to worse. I then had an attack of the shingles, which, with all my other complaints, confined me to my room for three months and

### Nearly Took Away My Life.

I had heard of Hood's Sarsaparilla as a good medicine, so I bought a bottle. When I had taken it, I found it had done me some good, so I continued till I had taken three bottles. I improved so rapidly that I could walk out of doors, and have steadily gained till I am at work again and use my hammer and trowel once

more. The physicians told me five years ago that I would not live three years, and all the neighbors think it a very strange thing to see me at work again. It is the strength given me by Hood's Sarsaparilla which enables me to do it. ISAAC ABER, Vienna, Warren County, N. J.

## Pennsylvania People Benefitted.

MRS. CARRIE BOUTON GAINED IN FLESH 66 LBS. TO 121 1-2 LBS. BY THE USE OF A SIMPLE REMEDY.

## MEN AND WOMEN INTERESTED.

"It is astonishing," said one of our physicians the other evening, "how many of the ordinary diseases people suffer from come from the one cause—excess of uric acid in the blood. To discover a medicine that would dissolve this acid has puzzled thousands of the best men of the medical profession, until Dr. David Kennedy, of Rondout, N. Y., produced what is known the world over as Dr. Kennedy's Favorite Remedy. The great value we place in Favorite Remedy comes from the fact that it is the only medicine that will effectually dissolve this acid thus curing rheumatism, dyspepsia, kidney, liver and urinary troubles and the sicknesses women suffer from. These and many more troubles all come from the one cause, as I said before, this death-dealing uric acid."

Perhaps there has been no one person in Wyoming Co., Pa., that has suffered more than Mrs. Carrie Bouton, formerly of Schottville, but now of Harvey's Lake, Luzerne Co. Mrs. Bouton, in relating her restoration to health, said: "From a growing girl I suffered from female trouble or weakness peculiar to my sex. Several physicians prescribed for me but I found no relief. I was reduced in flesh down to 68 pounds. By accident I heard of Dr. Kennedy's Favorite Remedy and determined to try it, and to my great joy I began to realize that I had found a medicine that was doing me good. I think I had used five bottles when I found that I weighed 121 1/2 pounds and was better in health than I ever was before."

Inquiry among Mrs. Bouton's neighbors shows that she states nothing but the facts in regard to her case. Many other instances of the kind are widely talked of in Scottsville, Tunkhannock, Wilkesbarre and other places where Dr. Kennedy's Favorite Remedy has effected many cures after physicians had given up hope.

"But," says one of our prominent druggists, "Favorite Remedy is equally efficacious in other diseases, as talks with people I have sold Favorite Remedy to affirm. To my knowledge right in our town Favorite Remedy has cured people suffering from rheumatism, dyspepsia, kidney, liver and urinary troubles."

Since the publication in one of the New York medical journals of the case of Mr. E. P. Tayer, of East Nassau, N. Y., Dr. Kennedy's Favorite Remedy has been increasing in sale. Mr. Tayer had suffered for fifteen years with inflammatory rheumatism. His case was practically abandoned by his physicians. Favorite Remedy was brought to his notice and in less than three months after its use he was a well man.

In commenting on this case Dr. W. H. Morse, of New York City, says: "The great good in Favorite Remedy lies in its power to dissolve this deadly uric acid. In cases of dyspepsia, eczema, scrofula or any urinary diseases I have never known it to fail, when taken according to directions. Dr. Kennedy's Favorite Remedy is not only used by physicians now but can be found on sale by every medicine dealer.—Wilkes-Barre (Pa.) Times.

The breaking up of the winter is the sign for the breaking up of the system. Nature is opening up the pores and throwing off refuse. De Witt's Sarsaparilla is of unquestionable assistance in this operation. W. S. Rishton, Druggist. 10-14-1yr.
