LOOK THIS WAY!

TO Farmer's and the **PUBLIC**

-in-

General.

We wish to say that we are still manufacturing and dealing in Agricultural implements at Orangeville, Pa., and certainly from long experience we should know the wants of the Farmers and public in general. And, in this connection we wish to say that all machinery we manufacture or handle is equal to any on the market, and sold at lowest prices.

We make a good cast head Land Roller, which every Farmer should have. Also Plows, Scotch Harrows, Cultivators, Wood Saws, Corn Shellers, and Feed Cutters, and a specialty of Horse Power Threshing Machinery. Then we handle the 'Empire" Fertilizer, Grain Drill and Hay Rake, "Hench's" Walking and Riding wheel Cultivators, "Woods" Harvesting machinery (which needs no recommendation), single and double Corn Cultivators, Engines and Saw Mills etc. Lastly we wish to show up the New Deerfield Lever Harrow the only one that has a separate adjustment for each tooth independent of the levers. The only four lever Harrow on the market whereby the two centre sections can be let down in a dead furrow, or any one or more of the four sections can be raised and the balance of the teeth kept at work, frame at all times being level. It has a self coupling hinge, no bolts or pieces to lose, with circular steel evener to equalize draft while turning corners. This Harrow is no experiment with us, and will be put out on their merits same as any other goods.

We also make and carry a large stock of Plow repairs, also an endless variety of other implement repairs. We are also prejated to do almost any kind of saw or grist mill repairing (having recently put in new Iron Lathe and boring machinery etc. We also carry a full line of dressed building lumber. We appreciate the patronage of the public in the past and covet a continuance of the same in the future and will be glad to have any one call to see us, or enswer their impulsies for any thing in our line and will quote lowest prices.

WHITE & CONNER.
