

The Columbian.

ESTABLISHED 1866.
The Columbia Democrat,
 ESTABLISHED 1877. CONSOLIDATED 1899.
 PUBLISHED BY—
GEO. E. ELWELL
 EVERY FRIDAY MORNING
 at Bloomsburg, the County seat of Columbia
 County, Pennsylvania.

TERMS.—Inside the county, \$1.00 a year in ad-
 vance; \$1.50 if not paid in advance. Outside
 the county, \$1.25 a year, strictly in advance.
 All communications should be addressed to

THE COLUMBIAN,
 Bloomsburg, Pa.

FRIDAY, MAY 5, 1893.

The Legislature will be in session
 only another week. There are a num-
 ber of important bills to pass and long
 night sessions only can help to make
 them become laws.

WASHINGTON LETTER

WASHINGTON, May 1.—Judge Loch-
 ren, the democratic Commissioner of
 Pensions, takes charge of the Pension
 Bureau this week, with the full knowl-
 edge that he has undertaken the task
 of his life, and by far the hardest job
 that will fall to any Bureau Chief un-
 der the present administration. He
 fully shares President Cleveland's ideas
 that the U. S. Pension List should be
 a role of honor, and from the start it
 will be his earnest endeavor to make
 it so. No soldier legally entitled to a
 pension has anything to fear from
 Judge Lochren; it is those who are
 drawing pensions without any legal right
 to them that are in danger from the
 new administration of the Pension Bureau.
 The roll is to be gone over carefully and
 rapidly as possible without neglecting
 the current business of the office, and
 the rascals, when found, are not only to
 be dropped, but where ever it can be
 done they are to be compelled to repay
 the money they have illegally drawn
 from the government. In this good work
 Judge Lochren will be glad of the co-
 operation of every good citizen. If any
 citizen in any part of the country knows
 of any man who draws a pension with-
 out being entitled to it he should at once
 communicate with Judge Lochren, giv-
 ing the facts as far as he knows them,
 in order that an official examination
 may be made. It is believed that the
 old soldiers themselves will aid in this
 work as soon as they become convinced,
 as they soon must be, that only the
 frauds are in danger of losing their
 pensions.

Secretary Herbert has been so busy
 since he took charge of the Navy De-
 partment, making preparations for the
 Naval Review, to say nothing of an at-
 tack from the grip, that he has had no
 time to inquire into several notorious
 abuses known to exist in his depart-
 ment, but he will do so now. Promi-
 nent in this list of abuses is the prac-
 tice of granting long leaves of absence
 to naval officers with two-thirds pay,
 in order that they may enter the em-
 ploy of private parties or corporations,
 thus drawing two salaries. The very
 nature of the employment of these
 officers, as will be seen by a list of the
 most prominent of them hereto ap-
 pended, is in itself scandalous, and
 would not be tolerated by any other
 government, and probably will not be
 much longer by the United States.
 Commander Folger, who was for some
 years Chief of the Bureau of Ordnance
 of the Navy Department, was last
 January granted leave of absence for
 two years on the ground of ill health.
 He immediately entered the employ
 of the company which controlled the
 Harver process for improving steel
 armor plates, and which has large con-
 tracts with the government, contracts,
 too, which he, as Chief of the Ordnance
 Bureau, had been instrumental in
 getting awarded to that company.
 This transaction doesn't look altogether
 straight, does it? Lieut. Swift has
 been on leave since August 1, 1890,
 and during all this time he has been
 in the employ of Sellers & Co., of
 Philadelphia, who have sold the Navy
 Department big bills of tools etc.,
 many of which were designed by Lieut.
 Swift, who also negotiated their sale
 to the department. Lieut. Command-
 er Symonds, and Chief Engineer Robi-
 son got one year's leave of absence
 each, in order to accept positions with
 private parties at the World's Fair.
 Lieut. Commander Cornwell has been
 on leave of absence for two years and
 under salary of the Thomson-Houston
 Copper and Nickel Co., to look after
 its contracts with the Navy Depart-
 ment. Lieut. Drigg, joint inventor of a rapid
 firing gun used in the Navy, is on
 leave and in the employ of the com-
 pany that manufactures those guns.
 Lieut. Seabury, is on leave, and in the
 employ of the company that manufac-
 tures ordnance for the army. Chief
 Engineer Town, after long service in
 preparing, for the department, designs
 for machinery for naval vessels was
 granted leave for two years in order
 that he might draw \$6,000 a year from
 Cramp and Sons for superintending
 the construction of the machinery he
 had designed in the course of his regu-
 lar duty. Lieut. Wood has been on
 leave for nearly four years and is vice-
 president and manager of the Ameri-
 can Projectile Co., which has govern-

ment contracts. Naval Constructor
 Armistead was on inspection duty at
 the ship yards of Loring & Co., up to
 May 4, 1892, since which date he has
 been on leave and in the employ of
 that firm. Chaplain Holt is on leave,
 engaged in literary work. Civil En-
 gineer Menocal, is on leave, and is
 chief engineer of the Nicaragua Canal
 Co. This is only a partial list, but it
 shows a bad system. These men
 should resign their commissions if they
 desire to enter private business, but if
 they hadn't the commissions their ser-
 vices would probably not be wanted by
 their present employers.

OUR WORLD'S FAIR LETTER.

(From our Special Correspondent.)
 CHICAGO, April 30.—Only one more
 day and then the Fair will be a thing
 of the present. Although the daily
 visitor will see but little difference
 next Monday from the appearance of
 the grounds, as they are in fine con-
 dition, still the Fair will seem differ-
 ent. It will be on the stage of action
 and the thousands of visitors next
 Monday are not going to be disappoint-
 ed in the greatest show on earth.
 Every effort has been made by the
 anxious officials to have the Fair open
 in good shape; but the continued
 storms and incessant rains have hin-
 dered the work very much. The finish-
 ing touches are being put upon the
 white gown of the wonderful "city by
 the lake," and they will be ready to
 throw wide open the gates, and invite
 critical inspection from their many
 guests next Monday morning at 9
 o'clock. Chicago is proud of the Fair
 and on a whole has done her duty in
 preparing to receive and entertain and
 care for the visiting multitude. She
 has placed the city in first class sani-
 tary condition. She has organized an
 efficient system of fire, police and hospi-
 tal service at the exposition grounds,
 and she has done all and even more
 than she promised to do when the lo-
 cation of the Fair was settled.

There is one thing however that
 Chicago will stand on her rights for,
 and that is the prices charged for hotel
 and restaurant accommodations. It
 is useless for the people way back in
 the country to think they can come to
 Chicago, see the Fair and stop at the
 best hotel while doing so for the same
 money that they pay for hotel rates at
 home. Chicago is a big city and the
 rates are always higher in the city than
 in small country villages. A visitor
 can get good board and room in any
 part of the city for about \$2.00 per
 day, and he can buy a good meal at
 any restaurant for fifty cents, but if
 he comes here expecting to live on
 \$5.00 per week and take in the big
 show out of that, he will be much mis-
 taken.

In short, it will cost money to see
 the Fair, and it will be money well
 spent, too.

A historic relic reached the city
 yesterday, and is now in the custody
 of one of the safety deposit companies.
 It is the sword of Washington. It is
 a bayonet plated, full dress sword,
 with parchment scabbard and silk hilt
 and cord attached. It was manufac-
 tured in 1750. It is not yet deter-
 mined just what disposition will be
 made of the sword during the Fair,
 but it will probably be on exhibition
 in the Government Building.

The Pennsylvania's World's Fair
 headquarters will be in good shape
 Monday. The carpets are all laid and
 the rich furniture is being put in to-
 day. The pictures are all hung and
 the decorating is finished. The build-
 ing is a substantial building and re-
 sembles somewhat the Independence
 Hall in Philadelphia. In the center
 of the structure is a great rotunda
 running up through the building, and
 far up into the clock tower where it
 ends in a dome, richly frescoed and
 brilliantly lighted by electric lamps
 sunk in the ceiling. It is under the
 dome that the famous Liberty Bell
 will be placed. The woman's depart-
 ment is artistically designed and is
 furnished for a reception room. A
 cloth of gold carpet made on special
 order in Paris, covers the triangular-
 shaped room. Some very fine pictures
 painted by Pennsylvania women adorn
 the walls. The Keystone State has
 responded bountifully in the way of
 exhibits in the main building. Eight
 thousand square feet are occupied in
 the Horticultural building. This is
 fitted up handsomely and it is intend-
 ed to have a very fine display of pom-
 ology and viticulture. Pennsylvania is
 famous the world over for its coal, and
 coal will be king in its exhibit. Great
 pyramids of selected pieces with solid
 chunks are placed around, and in the
 centre is a large model of the well
 known coal breaker and mining ap-
 pliances, showing just how the work is
 accomplished in the great anthracite
 region.

The sun shines with a bright glory
 to day, giving a bright warm welcome
 to the many visitors that are in our
 city. Two o'clock is the hour set for
 removing the Liberty Bell to Jackson
 Park. This will be a fine parade.
 The Chicago guards will escort the
 party to the grounds. They are rush-
 ing things in every building. A visi-
 tor can hardly hear himself think for
 the noise of the hammers, the rolling
 of trucks and the wrenching apart of
 box tops. The odor of paint and
 varnish fill the air, as every workman
 puts the finishing touches to every
 nook and crevice. The Fair will close
 tonight with a thankful sigh that every
 thing is in good shape as it is.

Then and Now.

A FEW POINTS OF DIFFERENCE BETWEEN
 THE OLD AND THE NEW CIRCUS.

Great is the show business, and like
 many others, has developed into a
 science. There is a wide difference
 between the old way of transporting a
 circus and the present way. Instead
 of using a limited number of horses to
 drag wagons over the country roads,
 sixty-four elegantly equipped modern
 railroad cars are used by the Barnum
 & Bailey Greatest Show on Earth—
 more cars, in fact, than shows formerly
 had horses, and only the locomotives
 or motive power is hired, as the cars
 are the sole property of the show.
 Thus equipped, the circus is whirled
 over the country for the season, visit-
 ing as many as twenty states and 200
 different cities, which make people
 wonder how it can be done. The tent
 instead of seating a beggarly 1,500
 patrons is now enlarged to accommo-
 date 16,000, with fine opera chairs,
 and the canvas is waterproof, too. In-
 stead of one small ring for the per-
 formances, three big ones are used,
 with two elevated stages, a racing
 track and spectacle stage 400 feet
 long. Two menageries are part of the
 modern show—trained animals and
 caged wild beasts—and no show
 amounts to much that lacks these.
 Two herds of elephants, instead of
 one single animal of that kind, two
 herds of camels, ponies, etc., etc.,
 while 400 horses are used to haul the
 chariots, cages and wagons from the
 trains to the grounds. Twelve tents
 are erected containing wheel-wrights,
 blacksmiths, barbers, restaurants, sta-
 bles, etc., etc. Sleeping and hotel
 cars are used also. The payroll con-
 tains the names of 1,200 people, and
 the daily expenses foot up \$7,300.
 The capital invested is \$3,500,000.
 Instead of, as formerly, giving only
 about a dozen acts with the circus,
 that number is now presented at one
 time and the total number is some-
 thing like 100 acts, which are supple-
 mented by a grand spectacle—Columbus
 and the Discovery of America—the
 labor and time necessary to pro-
 duce it covering a space of half a year,
 with an actual outlay of nearly, if not
 quite, half a million dollars. There
 can be no comparison made between
 the circus of to day—the big progress-
 ive affairs that are really a travelling
 world's fair—and the old-time affairs
 of even so recent a date as ten years
 past. "The Circus of our Daddies"
 is sneer nonsense. The Barnum &
 Bailey Greatest Show on Earth, which
 will be here on May 11th, contains
 more to-day than all the old shows to-
 gether ever owned. It has more scen-
 ery than a dozen theaters, a bigger
 ballet (300 dancers) than a dozen opera
 companies, and more costumes than a
 hundred theaters, the dresses repre-
 senting \$250,000. The free street
 parade represents \$1,000,000 alone.
 Bloomsburg May 11th.

When a cold or cough has been
 neglected for a long time and tuber-
 cles, have been formed in the lungs
 the cure of the sufferer is hopeless.
 How important it is that these first
 stages should be watched and the first
 symptoms detected and cured with
 Dr. Bull's Cough Syrup.

CANDIDATES.

The following persons announce their names
 as candidates under the rules of the Demo-
 cratic party of Columbia County, and subject
 to the action of the Democratic County con-
 vention to be held on Tuesday, August 8th, 1893.

- FOR PROTHONOTARY AND CLERK OF
 THE COURTS
G. M. QUICK
 of Bloomsburg.
- FOR COUNTY COMMISSIONER,
CHARLES REICHAU,
 of Main township.
- FOR COUNTY COMMISSIONER,
G. M. IKELER,
 of Mt. Pleasant township.
- FOR COUNTY COMMISSIONER,
J. G. SWANK,
 of Mifflin Township.
- FOR COUNTY COMMISSIONER,
CORNELIUS FETTERMAN,
 of Locust Township.
- FOR REGISTER AND RECORDER,
JOHN B. CASEY,
 of Bloomsburg.
- FOR REGISTER AND RECORDER,
CHARLES B. ENT,
 of Scott township.
- FOR COUNTY TREASURER,
J. R. FOWLER,
 of Pine township.
- FOR COUNTY TREASURER,
C. A. KLEIM,
 of Bloomsburg.
- FOR COUNTY TREASURER,
I. J. HESS,
 of Centre township.

Pennsylvania People Benefitted.

MRS. CARRIE BOUTON GAINED IN FLESH
 68 LBS. TO 121 1/2 LBS. BY THE
 USE OF A SIMPLE REMEDY.

MEN AND WOMEN INTERESTED.

"It is astonishing," said one of our
 physicians the other evening, "how
 many of the ordinary diseases people
 suffer from come from the one cause
 —excess of uric acid in the blood.
 To discover a medicine that would
 dissolve this acid has puzzled thou-
 sands of the best men of the medical
 profession, until Dr. David Kennedy,
 of Rondout, N. Y., produced what is
 known the world over as Dr. Kennedy's
 Favorite Remedy. The great value
 we place in Favorite Remedy comes
 from the fact that it is the only medi-
 cine that will effectually dissolve this
 acid thus curing rheumatism, dyspep-
 sia, kidney, liver and urinary troubles
 and the sicknesses women suffer from.
 These and many more troubles all
 come from the one cause, as I said
 before, this death dealing uric acid."

Perhaps there has been no one per-
 son in Wyoming Co., Pa., that has
 suffered more than Mrs. Carrie Bouton,
 formerly of Schottville, but now of
 Harvey's Lake, Luzerne Co. Mrs.
 Bouton, in relating her restoration to
 health, said: "From a growing girl
 I suffered from female trouble or weak-
 ness peculiar to my sex. Several phy-
 sicians prescribed for me but I found
 no relief. I was reduced in flesh down
 to 68 pounds. By accident I heard
 of Dr. Kennedy's Favorite Remedy and
 determined to try it, and to my
 great joy I began to realize that I had
 found a medicine that was doing me
 good. I think I had used five bottles
 when I found that I weighed 121 1/2
 pounds and was better in health than
 I ever was before."

Inquiry among Mrs. Bouton's neigh-
 bors shows that she states nothing but
 the facts in regard to her case. Many
 other instances of the kind are widely
 talked of in Scottsville, Tunkhannock,
 Wilkesbarre and other places where
 Dr. Kennedy's Favorite Remedy has
 effected many cures after physicians
 had given up hope.

"But," says one of our prominent
 druggists, "Favorite Remedy is equally
 efficacious in other diseases, as talks
 with people I have sold Favorite Re-
 medy to affirm. To my knowledge
 right in our town Favorite Remedy
 has cured people suffering from rheu-
 matism, dyspepsia, kidney, liver and
 urinary troubles."

Since the publication in one of the
 New York medical journals of the
 case of Mr. E. P. Tayer, of East Nas-
 sau, N. Y., Dr. Kennedy's Favorite
 Remedy has been increasing in sale.
 Mr. Tayer had suffered for fifteen
 years with inflammatory rheumatism.
 His case was practically abandoned
 by his physicians. Favorite Remedy
 was brought to his notice and in less
 than three months after its use he was
 a well man.

In commenting on this case Dr. W.
 H. Morse, of New York City, says:
 "The great good in Favorite Remedy
 lies in its power to dissolve this dead-
 ly uric acid. In cases of dyspepsia,
 eczema, scrofula or any urinary dis-
 eases I have never known it to fail,
 when taken according to directions.
 Dr. Kennedy's Favorite Remedy is not
 only used by physicians now but can
 be found on sale by every medicine
 dealer.—Wilkes-Barre (Pa.) Times.

It is a truth in medicine that the
 smallest dose that performs a cure is
 the best. DeWitt's Little Early Risers
 are the smallest pills, will perform the
 cure, and are the best. W. S. Rish-
 ton, druggist. 10-14-17.

Erath's Patent Hitching Post.
 Built of wrought and malleable iron.
 Cannot be moved by force nor heaved
 by frost. Variety in style and weight
 to suit purpose. Best in the market.

—AND—
CHEAPER
 than Stone, Wood or cast-iron posts.
