Bloomsburg, Pa.

The Penrose bill which abolishes the Building Committee in Philadelphia, passed finally in the House last Thursday. Representatives Fritz and Tewksbury both voted for the bill. This bill met with opposition from the Commission and their triends, while the Mayor, Councils and all the newspapers in the city demanded its passage. For twenty years or more the Commission has had charge of the erection of the Public Buildings, and extravagance and mismanagement were the grounds on which the repeal of the law creating the Commission was demanded

WHAT THEY MEANT.

To THE COLUMBIAN:

When the people of the United States elected Mr. Cleveland to be States during the Columbian Exposi-President and turned out Mr. Harrison, they did not mean to stop at that. Mr. Harrison was the representative of his race, he was the only person whom they could reach, but they included in their thoughts all those who held by him, and their in- the contrary she appears to be a very tention was to dispose summarily of the whole batch.

No rules are good pired on the 13th instant. rules which interfere with the working If there are any sinecures attached policy of the party in power, and no to the Washington Navy Yard, which whole working force is brought into accord and harmony the more vigorous, harmonious and satisfactory will be the work. It will have been seen that I am not in favor of that kind of civil service reform that keeps republicans in office and democrats out.

It is therefore very gratifying to me to observe that Mr. Cleveland's Cabinet officers are each and all plying the ax with considerable vigor, and that heads and abuses go down together. In this matter the present dministration is more determined than was that of 1884; and the real, private views of Mr. Cleveland may be certainly ascertained by the fact that his wide open eyes see the work go on, and still go on. They are all no doubt of one mind, but Judge Lochren voices the sentiment that no man but a democrat can be depended upon to carry out effectually pension reform, and he is putting his department in order accordingly.

The country will applaud all thisfor the people have said, when the people turned out Mr. Harrison, they meant to turn out the whole crew. The ship of state was to be remanned. and not only to have a new Commander. Say what you please about it, except the judiciary, all offices are political, and should go with their party. I have no patience with the political party which can't take its thrashing like a man, but howls like a whipped spaniel over the loss of its bone.

Messrs. at Washington, you will have the respect of both parties, if, in giving us a thoroughly democratic administration, you will at the same time, and as soon as possible, give us a thoroughly democratic set of men to do the work.

Yours very truly, JOHN G. FREEZE.

WASHINGTON LETTER

WASHINGTON, May, 22 1893.

President Cleveland ardently be lieves in maintaining the dignity which he thinks belongs to the President of the United States, and in accordance with that belief he declined most po-itively to agree to the suggestion of the Spanish minister that he should follow European etiquette and return in person the official visit which the Spanish Infanta paid him on Saturday. American etiquette is good enough for him and also for the Infanta Eulalie, if her smiling and handsome face is an index of her feelings. The Infanta was met at the depot by Secretary Gresham, who as the President's personal representative welcomed the nation's guest and her party and conducted them under escort of two troops of U. Cavalry to the elegant quarters

which had been prepared for them. Mrs. Cleveland and the cabinet ladies returned the call which the Infanta and her party paid to the White House, and tomorrow evening the President and Mrs. Cleveland will give a state dinner at the White House in her honor, which will probably be Mrs. Cleveland's last public appearance until after the interesting event which is expected in July. This week Princess Eulalie will go to New York, and from there direct to the World's Fair. The Infanta comes to America as the personal and official representative of the Queen Regent of Spain, who was in-States during the Columbian Exposition. The Infanta apparently has none of the top loftical notions which the Spanish minister has so industriously been trying for several weeks to make Washington people believe were inseparable from Spanish royalty. There is no doubt in my mind but fact, and if Mr. John P. Murphy of that Mr Cleveland will leave his party Knoxville, Tenn., the sole southern candidate, was as strongly backed by than he found it. I trust his judg | Congressman from the other southern states as he is by those from his own of his administration implicitly; but state he would probably secure the prize. further democratic ideas upon that subject. Wherefore, the sooner the Secretary Herbert has requested the commandant to report at once whether any position or positions now filled can be dispensed with, and whether any person now employed is incompetent or inefficient from any cause whatever. A similar request will probably be made of the commandants at all the government navy yards.

There is to be a big discharge at the end of the present fiscal year from the General Land Office owing to the cut made in the appropriation by Congress. Sixty-eight clerks in the classified service and thirty nine special agents will sever their connection with Uncle Sam's business on the 30th of June, unless they can before that time get transferred to some other branch of the service. In order to avoid the pressure by the friends of the clerks in that bureau it has been decided that the dismissals shall be made

solely on the records of the clerks. Secretary Herbert has deprived the Nicaragua Canal Co. of its chief engineer by ordering Civil Engineer Menocal, who has been working for the Canal Co. for about four years, to return to duty.

The demand for gold for export has again brought the gold reserve fund very near to the \$100.000,000 mark, but no uneasiness is felt by Sec. Carlisle as offers of gold are still freely coming in.

After considering the matter from every point of view the cabinet came to the conclusion that the best thing the government could do in connection with the vexed Chinese question is to devote the money now on hand and that to become available July 1, to strictly enforcing the provisions of the act of 1884, leaving Congress to say what shall be done with the Geary act.

The breaking up of the winter is the sign for the breaking up of the system. Nature is opening up the pores and throwing off refuse. De Witts's Sarsaparilla is of unquestionable assistance in this operation. W. S. Rishton, Druggist. 10-14-1yr.

COUNCIL PROCEEDINGS.

A special meeting of the Town Council was held in the City Hall Monday evening with all the members present but Peacock. Henry Humphrey, building inspector, reported that he had examined the alterations proposed to be made by B. F. Sharpless at the old foundry on Center and Sixth streets and that Mr. Sharpless intends converting it into four dwelling houses with the water closets on the second floor, with proper ventilation. That the cellars were well ventilated and the walls of sufficient strength to sustain the building. Upon motion the report was accepted and Sharpless was granted four sewer permits.

The following ordinances were read and upon motiton accepted and ordered to be published:

Ordinance No. 69, to re enact the resolutions in regard to the grade, and to regulate the laying of pavements in said town

Ordinance No. 70, provided for the appointment of a building inspector in the Town of Bloomsburg.

Ordinance No. 71, to open Sterner alley from Jefferson street to the B. & Railroad.

Ordinance No. 72, to lay out and open an alley running north from First between properties of Mrs. N. S. Walker and Wm. Chrisman and to be known as Chrisman alley.

Ordinance No. 73, to open and lay out a street from the northern terminus of Chrisman alley to land of Mrs. A Schoch and to be known as Will iam St.

A petition was received from citizens asking for grade on fifth street between Jefferson and the B. & S. R R. Upon motion the town engineer was instructed to give them grade, the pavement to be laid in 20 days after the publication of Ordinance No. 69.

The street commissioner was autho rized to notify F. M. Leader to raise the pavement in front of his property on Market street.

The following building permits were granted: To Susan Bell for a two story double frame house on Fourth street near the Fair grounds; to C. A. Kleim for a two story kitchen on Third street to Mrs. Pursel for a house at the rear of Market street.

The bill of W. O. Holmes for putting in sewer amounting to \$296 18 was accepted and an order drawn for that amount.

On motion adjourned.

MRS. CARRIE BOUTON GAINED IN FLESH 68 LBS. TO 121 1-2 LBS. BY THE USE OF A SIMPLE REMEDY.

MEN AND WOMEN INTERESTED.

"It is astonishing," said one of our physicians the other evening, "how many of the ordinary diseases people suffer from come from the one cause -excess of uric acid in the blood. To discover a medicine that would dissolve this acid has puzzled thousands of the best men of the medical profession, until Dr. David Kennedy, of Rondout, N. Y., produced what is known the world over as Dr. Kennedy's Favorite Remedy. The great value we place in Favorite Remedy comes from the fact that it is the only medicine that will effectually dissolve this acid thus curing rheumatism, dyspepsia, kidney, livet and urinary troubles and the sicknesses women suffer from. These and many more troubles all come from the one cause, as I said before, this death dealing uric acid."

Perhaps there has been no one person in Wyoming Co., Pa., that has suffered more than Mrs. Carrie Bouton, formerly of Schottville, but now of Harvey's Lake, Luzerne Co. Mrs. Bouton, in relating her restoration to health, said: "From a growing girl suffered from female trouble or weakness peculiar to my sex. Several phy sicians prescribed for me but I found no relief. I was reduced in flesh down to 68 pounds. By accident I heard of Dr. Kennedy's Favorite Remedy and determined to try it, and to my great joy I began to realize that I had found a medicine that was doing me good. I think I had used five bottles when I found that I weighed 1211 pounds and was better in health than ever was before.

Inquiry among Mrs. Bouton's neighbors shows that she states nothing but the facts in regard to her case. Many other instances of the kind are widely talked of in Scottsville, Tunkhannock, Wilkesbarre and other places where Dr. Kennedy's Favorite Remedy has effected many cures after physicians had given up hope.

"But," says one of our prominent druggists, "Favorite Remedy is equally efficacious in other diseases, as talks with people I have sold Favorite Remedy to affirm. To my knowledge right in our town Favorite Remedy has cured people suffering from theumatism, dyspepsia, kidney, liver and urinary troubles."

Since the publication in one of the New York medical journals of the case of Mr. E. P. Tayer, of East Nassau, N. Y., Dr. Kennedy's Favorite Remedy has been increasing in sale. Mr. Tayer had suffered for fifteen years with inflammatory rheumatism. His case was practically abandoned by his physicians. Favorite Remedy was brought to his notice and in less than three months after its use he was a well man.

In commenting on this case Dr. W. H. Morse, of New York City, says: H. Morse, of New York City, says: G. F. Shuman, store
