Legislative Doings.

Last Thursday was a busy day in the Legislature. Early in the evening the House received from the Governor two veto messages. The first vetoes the bill repealing so much of the act placing a premium on the destruction of wolves and wildcats as applies to Washington County because it is special legislation and, therefore, unconstitutional.

The second applies to the bill allowing Aldermen, Magistrates and Justices of the peace fees for affidavits of claim tax and copies thereof, and also authorizing them to tax certain additional costs. The Governor says: "This bill gives to Aldermen, Magistrates and Justices, in addition to what is now allowed by law, a fee of 25 cents for each affidavit filed and 25 cents for each copy thereof made by them. Such a charge may not be extravagant or out of the way for the work performed. But the act further adds the authority to tax such other costs as are now by law taxed upon the recovery of judgments in several courts of Common Pleas. These costs would include the \$3 attorney fees, and in the event of an appeal the judgment recovered in the court would include in the costs therein taxed an additional attorney fee of \$3, or a cost of \$6 for attorney's fee on judgment. Most of the claims upon which these costs would be taxed are small and the costs in many cases would be out of all proportion with the amount involved. Such an increase would be manifestly burdensome to the unfortunate. There is no demand for these increased costs upon debtors, and I am unwilling to approve this measure at a time when the better policy is in the direction of decreasing rather than increasing fees."

In the House Senator McCarrell's bill to provide for the payment of jurors compensation by the State was reported negatively from committee.

Senator Ross' bill providing for the government and regulation of county prisons by a board of seven inspectors was reported affirmatively.

The Appropriations Committee sent in bills as follows: State College, \$68,000; Children's Hospital, Pittsburgh, \$4,000; Home for the Friendless, Pittsburgh, \$4,000; experimental station in Lancaster County for tobacco culture, \$4,000. The bill appropriating \$5,000 to the Veterinary Hospital of the University of Pennsylvania for maintenance was reported favorably, but the proposition to give the same hospital \$25,000 for an additional building was negated. The Senate bills amending the surety law so as to authorize certain corporations to become sole surety upon bonds, recognizances and obligations, stipulations and undertakings and authorizing certain officers to approve the same and relating to leases of lands and tenements, establishing the length of notice to surrender the possession of the leased property, which shall be required when the parties have not agreed upon the same and providing a remedy for the recovery of the possession thereof in such cases and also in cases in which the parties have agreed upon the length of notice were defeated.

The following Senate bills passed finally:—

Changing the salaries of certain officials in Schuylkill and Luzerne Counties; amending the act to settle title to real estate by designating the matter in which notices may be served; designating general election days, i. e. the third Tuesday of February and the first Tuesday after the first Monday of November of each year, as legal half holidays, from 12 o'clock noon, until midnight of such days, and providing for the payment, acceptance and protesting of bills, notes, drafts, checks and other negotiable papers on such days; regulating the fee to be charged for filing petitions for the adoption of minors and entering order of court thereon; authorizing cities to enter upon, take, use and appropriate private property for the construction of piers, abutments, hill, slopes and approaches for bridges crossing rivers within the corporate limits thereof, and providing the manner in which

compensation shall be made; to enable tax collectors to collect taxes for the payment of which they have become personally liable without having collected the same; to enable boroughs not divided into wards for school purposes, to establish public high schools; extending the limits of residence and power of notaries public; extending the limitations of actions to a right to mine iron ore in lands where the same has not been exercised for a period of twenty-one years.

The bill to prevent the pollution of inland waters and sources of domestic water supply came up as a special order on final passage at noon. Objection was made that the effect of the bill would be to place the sewage systems of every city, borough and town in the Commonwealth in the absolute control of the State Board of Health. The bill authorizing cities to purchase bridges already erected, or to erect and maintain bridges over streams and rivers which may separate portions of such cities, and providing for the condemnation of such land as may be necessary for piers, abutments, fills, slopes and approaches thereto, was amended on third reading so as to include boroughs.

At the afternoon session Mr. Bliss, of Delaware, introduced a bill appropriating \$50,000 to enable the Governor to acquire and equip a State quarantine station for the port of Philadelphia.

The following Senate bills passed finally:—

Authorizing the election of chief burgess of boroughs for the term of three years, providing that such officer shall be a member of Town Council, giving him the power to veto ordinances and resolutions; providing for the election of a presiding officer of Council, and abolishing the office of assistant burgess; giving the State Board of Agriculture power to enforce the antioleomargarine law by the appointment of an agent of the board to be known as the Dairy and Food Commissioner.

Piles of people have piles, but DeWitt's Witch Hazel Salve will cure them. W. S. Rishton, Druggist. 10-14-13T.

"Only the Scars Remain,"

Says HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., who certifies as follows:

Mother Urged Me

to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the good Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling that good it did for me."

S. BRUCE COLEMAN, Executor, Huntington Mills, Pa. MRS. AGNES KESTER, Executrix. 5-5-14.

Ashland, Pa., April 18, 1893.

LOOK THIS WAY!

TO Farmers and the PUBLIC -in- General.

We wish to say that we are still manufacturing and dealing in Agricultural implements at Orangeville, Pa., and certainly from long experience we should know the wants of the Farmers and public in general. And, in this connection we wish to say that all machinery we manufacture or handle is equal to any on the market, and sold at lowest prices.

We make a good cast head Land Roller, which every Farmer should have. Also Plows, Scotch Harrows, Cultivators, Wood Saws, Corn Shellers, and Feed Cutters, and a specialty of Horse Power Threshing Machinery. Then we handle the 'Empire' Fertilizer, Grain Drill and Hay Rake, 'Hench's' Walking and Riding wheel Cultivators, 'Woods' Harvesting machinery (which needs no recommendation), single and double Corn Cultivators, Engines and Saw Mills etc. Lastly we wish to show up the New Deerfield Lever Harrow the only one that has a separate adjustment for each tooth independent of the levers. The only four lever Harrow on the market whereby the two centre sections can be let down in a dead furrow, or any one or more of the four sections can be raised and the balance of the teeth kept at work, frame at all times being level. It has a self coupling hinge, no bolts or pieces to lose, with circular steel evener to equalize draft while turning corners. This Harrow is no experiment with us, and will be put out on their merits same as any other goods.

We also make and carry a large stock of Plow repairs, also an endless variety of other implement repairs. We are also prepared to do almost any kind of saw or grist mill repairing (having recently put in new Iron Lathe and boring machinery etc. We also carry a full line of dressed building lumber. We appreciate the patronage of the public in the past and covet a continuance of the same in the future and will be glad to have any one call to see us, or answer their inquiries for anything in our line and will quote lowest prices.

WHITE & CONNER.
