What Has Been Done in the Legislature-

Other News from the Capital. HARRISBURG, May 31. The legislature adjourned a portion of the day yesterday in observance of Decoration Day, but this, however, did not interfere to any considerable extent with considerable effective work being done in both branches, although what was accomplished was rather uninteresting as the important work of this session has been cleared up. There are only about 125 more bills to be disposed of before final adjournment and as they are all unimportant measures they will be put through with a rush.

The conglomerate road bill-otherwise the measure framed by the special senate committee from the other pending bills— was discussed an hour and then passed— the vote being 32 yeas and 10 mays.

The senate turned down the governor's veto of the bill appropriating \$2,500 for the purchase of Giles D. Price's index to local legislation from 1700 to 1892 and passed the bill notwithstanding by a vote of 37 to 3. Ten democrats voted with the republicans.

Among the bills passed finally are the

Extending the limits of residence and powers of notaries public; to prohibit ped-dling, selling or hawking of merchandise, wares or other goods without a license; to make the National Guard formations con-form to those of the United States army; authorizing the retention of the two additional clerks in the adjutant general's department to prepare muster rolls for preservation; Children's Industrial home, of Harrisburg, \$5,500.

The joint resolution of Senator Markley providing for a legislative investigation of the state hospitals, reformatories, asylums and penitentiaries has been vetoed by the

governor.

The following senators were chosen to represent the senate on the board to compute the vote for state officers at the next general election: Woods, Mifflin; Mitchell, Jefferson; Laubach, Northampton, and

general election: Woods, Miffin; Mitchell, Jefferson; Laubach, Northampton, and Logan, Crawford.

In the house the general appropriation bill was reported. It carries \$14,500,000, including a grant of \$500,000 a year for free text books. The bill appropriating \$25,851 for expenses of the elections committee and several other appropriation bills passed finally. The contested case of Frankin vs. Forrest, from Lancaster county, was called up, and the majority report senting Franklin, republican, was adopted by a vote of 111 to 57. The McCarrell bill, permitting street railway, traction and electric companies to consolidate, passed by a vote of 142 to 30.

The governor has approved the bill providing for the erection of the Penusylvania soldiers' orphans' industrial school. The bill carries with it an appropriation of \$150,000 for the erection, furnishing and fitting up of the building, together with \$10,000 for the education and maintenance of the children admitted to the school for the year ending May 31st, 1894, and \$50,000 for the year ending May 31st, 1895.

Theg overnor notified the house that he had approved the following bills:

Relative to the appointing of special dep-

had approved the following bills: Relative to the appointing of special deputies, policemen and marshals, otherwise known as the Kearns anti-Pinkerton bill; providing for the insurance of the capital and other public buildings; repealing a special tax law in the borough of Fellevue, Allegheny county; repealing the act en-larging the jurisdiction of justices of the peace in Eric county; making an appropriation for the Norristown Insane hospital; making an appropriation for a shad hatchery in the Delaware river; making an ap-propriation to the State Lunatic hospital at Harrisburg.

The house refused to concur in the senate amendment to the bill providing for the placing of a copy of Smull's Hand Book in each public school.

The act to provide for the support of the indigent insane, which was re-called from the governor and amended so as to divide the cost of maintenance between county and state passed finally.

house elected six members of the commission to compute the vote to be cast supreme judge and state treasurer next November. The successful members were Messrs. Abrams, Kennedy and Patterson, republicans, and Messrs. Pritz, Follweiler and Kane, democrats.

HARRISBURG, May 31.—The supreme court did not observe Decoration Day, but continued right along. Its most important action was assuming jurisdiction in the matter of the petition of David W. Sellers, counsel for the public buildings commis-sion for an injunction to restrain the city of Philadelphia and its director of public works from interfering with the control and erection of the buildings. Leave was granted to file the bill, but no time was axed for argument.

Eleven cases were argued yesterday, but no opinious were handed down. The case of D. D. Elder vs. Lykens Valley Coal Company occupied most of the session.

HARRISBURG, May 20.—The breaking of the front axle of a car on a west-bound freight train, east of Conewago, about 6:30 o'clock yesterday morning, caused the wrecking of at least 30 cars. The mail-express due in this city at 3 a. m., failed to reach here until 12:30 p. m. All trains were delayed for four to five hours. The Middletown and Lancaster wrecking crews were called out to clear the tracks.

He loaded the weapon in the presence of Chief of Police Eagshaw and then wrote a letter to Charles Pierce, of 803 Mary street, saying he would make away with himself, as he was tired of living.

THOUSANDS WENT TO THE PAIR.

The Gates of the Great Exposition Were Open Yesterday.

Chicago, May 29.—In spite of the fact that District Attorney Milabriot filed his bill for an injunction to prevent the spening of the World's Fair on Sunday, gates were open to the public yesterday and over 125,000 people paid the necessary twenty-five cents admission to see the

A number of the buildings were closed, among them the United States govern ment buildings, but notwithstanding this there was plenty of things to see and snough to satisfy the majority that the show was a big one for the money. There was no great amount of interference with the opening on the part of the authorities.

The music during the day was all of a

sacred natare.

Thousands of dollars daily have been stolen by the gatemen or ticket takers at the Exposition, and until the turnstlles are ready for business Fair officials don't know how to check the theft or catch the thieves It is estimated that from 8,000 to 10,000 ouvenir tickets are handed in at the gates daily. The official returns show less than half that number. These are the tickets sold at the downtown stores, hotels and ticket offices of the corporation.

FOSTER'S AFFAIRS IN BAD SHAPE.

The ex-Secretary's Liabilities Will Reach Nearly \$1,000,000.

FOSTORIA, O., May 29.—It is impossible to learn with absolute correctness the assets and liabilities of any of the concerns with which ex-Secretary Foster was connected and which were dragged down by his assignment last Friday. The assignees, however, state that the liabilities of the embarrassed firms are larger to a considerable extent and the assets smaller then at first reported. It was stated this morning by one of the assignces that the indebted-ness of the several concerns, the bank, glass company and iron works, will foot up nearer \$1,000,000 than \$600,000 as at

first stated. The assets, it is believed, will not pay more than fifty cents on the dollar.

Over 400 men are idle to-day and will continue to be idle as a result of the closing down of the window glass factory Saturday. Among these people who are thus thrown out of employment there will be considerable distress, as only a few of them had any money saved up, and what they did save was deposited in the defunct bank. Others had homes partly paid for and are now left without any means of meeting their obligations. There is no hope of the glass factory resuming business as the affairs of the concern are in a terri-

DR. BRIGGS AND THE PROSECUTION. The Arguments Closed in the Celebrated

Hereny Case. Washington, May St.—Both Dr. Briggs and the prosecution Shished their argu-ments in the Beresy case before the Presby-terian General Assembly yesterday after-

The evening session was given over to the members of the New York Presbytery and a vote on sustaining the appeal will doubtless be taken at to-day's session.

Besides the Briggs case there were two incidents of note in the days' proceedings. The committee on bills and overtures reported a form of deliverance in explanation. of the deliverance of the Portland assembly on the inspiration of the Bible as a substitute for the one submitted last -Saturday. It was clearer and more condenced than the former document and affirmed the declara-tion of the assembly of 1892.

Upon the introduction of a resolution by Rev. Loyal Y. Graham, of Philadelphia, of Rev. Loyal Y. Graham, of Philadelphia, of loyalty and honor to the memory of the soldier dead, Elder Spencer, of St. Louis, raised a point of order that it was not warranted by the authority under which the assembly sat and could not, therefore, be entertained. Moderator Craig, overruled the point and Mr. Spencer endeavored to appeal, but could not find a single second, and the resolution was adopted. and the resolution was adopted.

THE HAWAIIAN SITUATION.

Cleveland Said to be Strongly in Favor of a Protectorate

WASHINGTON, May 30. - In regard to the situation at Hawali, it is stated here in official circles that the president desires to et things there remain unchanged so far as any active interference by this government is concerned.

The provisional government will remain so long as it is able to maintain itself, and Queen Liliuokalani will continue to draw her revenues from the crown lands.

If the people become dissatisfied with the provisional government and remove it by quiet and legal means, nothing will be said er done upon this edge of the Pacific. Mr. Blount is on the ground acting as a

sort of spy. Nothing in the nature of an-nexation is contemplated by the adminis-tration, and the question of assuming a protectorate remains in abeyauce until the next meeting of congress. In his message to that body Mr. Cleveland will take strong protectorate grounds.

WASHINGTON, May 29 .- Probably the most important pension decision ever sent from the office of the secretary of the interior to the commissioner of pensions was filed Saturday. It is believed by those high in authority in the pension bureau that it will reduce the pensions under the act of June 27, 1890, between \$15,000,000 and \$30,000,000.

It involves the repeal of an order passed by General Raum, and approved by As-sistant Secretary Bussey, and a return to the language of the statute requiring the

the language of the statute requiring the disability not of service origin to be such as to prevent the applicant from earning a support by manual labor.

The case which called forth this decision is one of a man granted a pension for "slight deafness." whom, it was shown, was never sick during the time he was in the war; that his deafness was not of service origin: that at present he is well and vice origin; that at present he is well and hearty, and that his allment does not prevent him from performing manual labor and thus earning a livelihood. Under the decision, this and like cases are to be rerated.

Washington, May 27.—United States Treasurer Nebeker yesterday paid into the United States Treasury \$1,055, that amount naving been stolen or lost from the treasury cash. The money was all lost in the redemption division of the treasurer's office at three different times and all since the 4th of last March.

Order of the Royal Ark, the first of the exdowment orders that was floated and wrecked in the financial deluge, has filed his report in the superior court.
