SHE WAS BEHINDHAND.

A Fortune Tollar's Old News Not Worth

The lady who entered the apartments of the fortune-teller shortly before noon had red hair and an air of reserve force that was very striking. It was evident that the business on hand was of the deepest moment to her, inasmuch as her eyes had a fixed expression and her thin lips were firmly set. "Reveal to me," she loftily directed,

" my future." The fortune-teller darted a swift glance into the strong face before her and bent attentively over the outstretched palm, says the Detroit Tribune. "It is very plain," she quietly ob-served, "you will be married twice."

The brow beneath the clustering au-

burn curls contracted in a frown. "Yes," the clairvoyant continued, "there is a distinct break in the line of Hymen. You are destined to bless two

men with your wifely love." " Two ?

The red-haired lady's tone was hard and incisive, suggesting a trace of scepticism

"Ah, yes. The first husband will die under sad circumstances, but you will be consoled and made happy in the devotion of the second.

It seemed as if the ruddy tress which had escaped from the elaborate coiffure and depended witchingly beside the shell-like ear was trembling, but it might have been the play of dancing sunlight.

"But I will make sure."

" Do so. The red-haired lady watched with unfeigned eagerness while the fortune-teller consulted a horoscope and a pack of cards.

"As I thought. The fates have spoken. You will marry twice." The red-haired lady breathed hard.

"All have their sorrows," gently sug-

gested the clairvoyant. The red-haired lady bit her finger nail.

"One dollar, please." "Hey?" "One dollar."

"Not by a jngful." As the red-haired lady rose from her seat her manner had not lost a particle

of its majesty. "One dollar, indeed ! Well, I guess "One dollar, indeed! Well, I guess not. Do you think I came here to pay a dollar for a lot of old information ? "We husbands! The idea! Why, I myself know of more than that without anybody telling me. Yes, ma'am. You might be interested to learn that I buried my fourth husband as long as six weeks ago. Married twice ! Why don't you try to tell people something they don't Enew already ? You make me drowsy. You capit to have lived ten years ago. You're way behind the time."

S. P. SMITH, of Towanda, Pa., whose constitution was completely broken down, is cured by Ayer's Sarsaparilla. He writes:

"For eight years, I was, most of the time, a great sufferer from constipation, kidney trouble, and indigestion, so that my constitution seemed to be completely broken down. I was induced to try Ayer's Sarsaparilla, and took nearly seven bottles, with such excellent results that my stomach, bowels, and kidneys are in perfect condition, and, in all their functions, as regular as clock-work. At the time I began taking Ayer's Sarsaparilla, my weight was only 129 pounds; I now can brag of 159 pounds, and was never in so good health. If you could see me before and after using, you would want me for a traveling advertisement. I believe this preparation of Sarsaparilla to be the best in the market to-day."

The best are

the cheapest.

We wish to say that we are still manufacturing and dealing in Agricultural implements at Orangeville, Pa., and certainly from long experience we should know the wants of the Farmers and public in general. And, in this connection we wish to say that all machinery we manufacture or handle is equal to any on the market, and sold at lowest prices.

We make a good cast head Land Roller, which every Farmer should have. Also Plows Scotch Harrows, Cultivators, Wood Saws, Corn Shellers, and Feed Cutters, and a specialty of Horse Power Threshing Machinery. Then we handle the 'Empire' Fertilizer, Grain Drill and Hay Rake, "Hench's" Walking and Riding wheel Cultivators, "Woods" Harvesting machinery (which needs no recommendation), single and double Corn Cultivators, Engines and Saw Mills etc. Lastly we wish to show up the New Deerfield Lever Harrow the only one that has a separate adjustment for each tooth independent of the levers. The only four lever Harrow on the market whereby the two centre sections can be let down in a dead furrow, or any one of more of the four sections can be raised and the balance of the teeth kept at work, frame at all times being level. It has a self coupling hinge, no bolts or pieces to lose, with circular steel evener to equalize draft while turning corners. This Harrow is no experiment with us, and will be put out on their merits same as any other goods.

We also make and carry a large stock of Plow repairs, also an endless variety of other implement repairs. We are also prepared to do almost any kind of saw or grist mill repairing (having recently put in new Iron Lathe and boring machinery etc. We also carry a full line of dressed building lumber. We appreciate the patronage of the public in the past and covet a continuance of the same in the future and will be glad to have any one call to see us, or answer their inquiries for any-thing in our line and will quote lowest prices.

WHITE & CONNER.
