GENERAL NEWS.

A foreign baron recently fell in love with a pretty chambermaid at a Chicago hotel, and married her. Lots of girls want to be Chicago chambermaids now.

The appointment of John B. Storm by Governor Pattison, to be President Judge of the Carbon-Monroe district has created quite a storm in Carbon county because their candidate, Allen Craig, was not appointed. Both men are well qualified for the position, but Carbon claims that it is the largest county, and Monroe has had the Judge for the past twenty years. It will probably lead to a contest at the next election.

Here is the letter sent by a youngster to absent papa in the city: "Dear Dad: All well and happy. Baby has grown ever so much, and has got more sense than he used to have. Hoping the same of you, I remain your daughter, Molly."

Among the most noteworthy Magazine articles of the year will be three papers written and illustrated by Edwin Lord Weeks, and describing the journey from the Black Sea to the Persian Gulf, on which Theodore Child lost his life. The first will appear in the October Harper's Magazine, and will be called "From Trebizond to Tabreez by Caravan." The text is made up from Mr. Week's diary, and the illustrations, painted from sketches made along the way, are unusually strong and suggestive.

It is said that dancing makes girls' feet large. It is also said that ice cream produces freckles. Doctors are of the opinion that hanging on the front gate produces rheumatism. A few more opinions like these and the dear girls won't have any fun left them at all.

John Barnett of Shickshinny is on his way to Chicago on a bicycle.

Ephraim W. Bell, the originator of the Concord grape, is 87 years old. He is still living at Concord, Mass., where he exhibits to visitors the old mother vine of the Concord grape, which he planted fifty years ago.

John Evans, of Shamokin, is engaged in completing an air ship which he expects to have in working order by fall. He has been at work on his air vessel during the past five years and he is confident that he is about to revolutionize this method of travel.

Howard Mutchler of Easton, was elected to Congress in the Eighth district on Tuesday to fill the vacancy caused by the death of his father.

Forty persons were hurt by the spreading of the rails near Akron, Ohio, on Tuesday. It was an excursion train from Baltimore to Chicago.

Pain in the Back, joints or hips, sediment in urine like brick-dust frequent calls or retention, rheumatism.

Kidney Complaint, Diabetic, dropsy, scanty or high colored urine.

Urinary Troubles, Stinging sensations when voiding, distress pressure in the parts, urethral irritation, stricture.

Disordered Liver, Bloat or dark circles under the eyes, tongue coated, constipation, yellowish eyeballs.

Experiment Station Notes.

Mr. George C. Butz, Horticulturist of the Station, makes the following interesting report upon the varieties of strawberries tested during the present season, and upon the comparative advantages of culture in matted rows and by the hill system.

The lessons of the strawberry crop may be best learned while the experience is yet fresh in memory. It is customary to grow the plants in matted rows because this method requires less attention in cultivation. The berries are kept clean, no raulching being necessary, and as there are more plants per acre, the yield is presumably greater than in the "hill system" of cultivation. Arguments that carry some weight are frequently put forth in favor of the latter system, and trials are made upon a small scale by the market gardener, but never with sufficient accuracy and attention to determine the relative merits of the two systems. The recent crop has afforded us results touching upon this question and they will be read with much interest by persons cultivating the strawberry.

Among 35 varieties planted side by side and cultivated in the two ways, 24 yielded heavier crops in the mat and 11 in the hills. The total yield from mats was 10 per cent. better than the total yield from hills. The weights of the first picking, June 12, and the last, July 5, were greater from mats in each case by about 50 per cent. Kentucky, Crescent, Van Deman and Gov. Hoard were better in hills than in mat. The heaviest yield of all the varieties tested this year numbering 40, belongs to the Greenville by the mat system. This variety has borne a good report as long as it has been grown here. The berry is large, ripens well, of good color, comes early and stays late. There was a quart of berries for every 8 inches of row calculated from the total figures of yield. The next in largeness of yield was Shuster's Gem, another new berry of great merit. The roll of honor in yield and beauty of berry, as made up from the reports of this season, is as follows: Beginning at the top with 1 Greenville, 2 Shuster's Gem, 3 Ohio Centennial, specially noted as the largest berry which ripens well and has a fine color and flavor. 4 Parker Earle; though one week later than the earliest, the yield was heavy and of good berries. 5 Van Deman, one of the earliest with a medium sized berry and a constantly good yield through three weeks. 6 Crescent; this good old standard must at last acknowledge defeat in point of yield and suffer greatly from a lack of quality in its berry. 7, Crawford stands next in order of yield and can boast of a good and medium sized berry. 8, Wilson's Albany. 9, Gov. Hoard and 10, Chas. Downing. The five earliest varieties were in the order of the heaviest yields at first picking, 1, Mitchell's early, 2, Van Deman, 3, Crescent, 4 West Lawn and 5, Shuster's Gem. The five latest varieties were, in the order of the heaviest yields at last picking, 1, Parker Earle, 2, Townsend, 3, Crawford, 4, Eureka and 5, Kentucky.

If you can afford to be annoyed by sick headache and constipation, don't use DeWitt's Little Early Risers for these little pills will cure them. W. S. Rishton, Druggist. 10-14-17.

DRUNKENNESS, or the LIQUOR HABIT, Cured at Home in Ten Days by administering Dr. Haines' Golden Specific.

It can be given in a glass of beer, a cup of coffee or tea, or in food, without the knowledge of the patient. It is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. The system once impregnated with the specific it becomes an utter impossibility for the liquor appetite to exist. Cures guaranteed. 48 page book of particulars free. Address the GOLDEN SPECIFIC CO., 185 Race Street, Cincinnati, Ohio. 10-21-17.

PIERCE FOREST FIRE.

Great Damage Done in New Hampshire - Railroad Bridges Burned.

CONCORD, N. H., July 24.—Serious forest fires are raging in numerous localities in New Hampshire, and many of them will not be extinguished until rain comes. The fire in the Kilkenny forest, near Lancaster, has already done immense damage. It has extended half way to the summit of Kilkenny mountain and destroyed all the trestle bridges on the Kilkenny railroad in its path.

Another extensive fire is raging in the Waterville woods, and a large gang of men has been sent up from Plymouth to fight it. Passengers on rail way trains from the north say that the smoke from the forest fires can be seen in all directions.

A MIRACULOUS ESCAPE.

Hundreds Had a Close Call in the Pittsburg & Western Wreck.

Rotten Ties and a Sandy Roadbed Caused the Accident—Thirty People Injured, But None Killed.

KENT, O., July 26.—A sandy roadbed, rotten ties, a heavy loaded train and fast running over a sharp curve, caused the wreck at Devil's Point, four miles west of Hook, early yesterday morning on the Pittsburg & Western railroad.

The ill-fated train was a through excursion from Washington to Chicago, carrying nearly four hundred passengers. Three rear coaches left the track and were precipitated down a ten-foot embankment, seriously injuring 30 people.

Fortunately no one was killed outright but it is expected several will die. Twice the coaches were turned bottom up and that the passengers escaped with their lives seems almost miraculous. Many were pinned fast under the wreck, while others were unconscious from the blows sustained for as much as 30 minutes.

VIGILANCE IN THE METROPOLIS.

The New York Board of Health Looking Out for Cholera.

NEW YORK, July 29.—"The utmost vigilance is being observed on the part of the Bureau of Contagious Diseases to detect the slightest indication of cholera."

Dr. Doty, the chief of this division of the Health Department, made this statement this morning:

In every case where there appears to be a suspicious indication of the infection, immediate and searching inquiry is instituted, resulting in a bacteriological examination of the case.

The two cases of cholera morbus, Tillie Kruei and Coliano Castro, were not reported to the Health Department, and Dr. Doty said that the report to the effect that residents were terrified, apprehending that the patients were afflicted with cholera, was erroneous and needlessly alarming.

The fact remains, though, that too much watchfulness on the part of the people of the tenement district, cannot be overdone.

CHOLERA ON A BRITISH SHIP.

The Blue Jacket Detained in Quarantine at Cardiff.

CARDIFF, July 20.—The British steamer Blue Jacket, from Marseilles, has arrived here. She had cholera on board and was ordered in quarantine.

The Blue Jacket sailed from Kertch, in the Crimea, on June 24. She called at Constantinople and proceeded thence to Marseilles, from which port she came direct to Cardiff.

Cholera in Moscow.

LONDON, July 20.—The cholera is rampant among the poorer classes of Moscow. There have been no cases thus far in St. Petersburg. In Podolno and other interior places the death rate has not been lessened.

IT WAS A CANARD.

PORT LOWREND, Wash., July 20.—It is now known that the story of the U. S. S. Mohican having been fired at by the seafaring poacher Alexander and being disabled by a return fire is a canard pure and simple.

The story was started by correspondents of Seattle papers, who practically admit that there was no foundation for it.

Howard Mutchler Elected to Congress.

EASTON, Pa., July 26.—In the special election in the eighth Congressional district to fill the vacancy caused by the death of Hon William Mutchler, his son, Howard Mutchler, Democrat was elected over General Frank Reeder, Republican, by about 2,800 majority. The vote was less than one half that of last year in the district when it went 6,242 democratic.

He Will Row John Teemer.

SAN FRANCISCO, July 20.—Henry Peterson, the oarsman, will accept the challenge of John Teemer to row any man in the world, bar Stansbury and Gaudaur, for three miles with a turn, for \$2,000 a side. Peterson has put up a deposit here. He says he will try to get Teemer to row in this city in October.

Beedleson Beats the Record.

NEW YORK, July 21.—Frank S. Beedleson, the one-legged bicycle rider, arrived at the City Hall last night at 7:45, accompanied by a dozen members of the Riverside club. He beat the time from San Francisco to New York by 20 days. Beedleson's time is 66 days, 9 hours and 45 minutes.

Wanted to Lynch the Builder.

LEWISPORT, Mich., July 24.—Reports from Duluth that an incendiary had been lynched at Even, Mich., were caused by the desire of some of the people there to hang Leo M. Geismar, who built the defective water works. Mr. Geismar left town in time to avoid the proposed hanging.

Connecticut's Board of Charities.

HARTFORD, Conn., July 20.—The new State Board of Charities has elected Dr. Andrew W. Tracy, of Meriden, president, and adjourned to next Wednesday, when a secretary will be elected.

Canadian Crop Report.

HALIFAX, N. S., July 24.—Government crop reports say that hay does not promise much above three-quarters of the average crop; wheat crop nearly up to the average; barley good.

Very Hot in South Dakota.

HURON, S. D., July 24.—The heat is so intense here that work in barley and rye fields has been abandoned. The thermometer has ranged from 96 to 106.

Secretary Carlisle Unwell.

WASHINGTON, July 26.—Secretary Carlisle has not been well for the past few days. He has contracted a cold.

Attention

In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences.

Indigestion, costiveness, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine—the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. BROCKWELL, Harris, Tenn., says: "Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is

No Better Medicine,

and have induced many to use it.

Thirty-five years ago this Spring, I was run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctors, but kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and, after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me. I am now 80 years old; but I believe that if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy 6 boxes every year, which make 210 boxes up to this time, and I would no more be without them than without bread."—H. H. Ingraham, Rockland, Me.

AYER'S PILLS

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Every Dose Effective

The Colorado Panic.

The panic in Denver was distinctly a panic—an unreasonable fright. There was, of course, a basis for distrust in the fact that many of the Colorado banks have made advances upon silver securities which have depreciated and on which it is impossible to realize at this time without loss. But this should not and probably does not affect the stability of the banks as a whole, though no banks in the world can stand a general demand for the immediate withdrawal of deposits.

This demand, especially among the smaller depositors, was clearly not based upon reason, but upon the vague distrust which the present situation has produced and which has been aggravated at Denver by the wild talk of the silver operators and the silver politicians. It is mainly the pernicious activity of such unscrupulous demagogues as the Governor of the State that has thrown the crowd into this fright and at the same time has impaired the credit of the Colorado banks abroad. For whatever disaster may result it is these men that should be held responsible.

The Colorado people may learn from this sharp experience that it does not pay to war against the financial convictions of the world. The legislation that has brought about the present long-foreseen crisis was designed to placate them and their neighbors. When they begin to suffer from it they may be more disposed to assent to a rational remedy.—Times.

J. G. WELLS

has just received a large line of STERLING SILVER STRAWBERRY FORKS, BON BON SPOONS, BUTTER PICKS, ALMOND SPOONS, &c.
