Better Times Now in Sight.

BUSINESS TRYING TO GO AHEAD.

R. G. Dun & Co.'s last weekly review of trade says:

There is a rattle in the clouds. Faint and yet definite signs of improvements are all the better because they come, not from possibly delusive hopes, or from momentary foreign aid, but from the good sense and the wonderful recuperative power of the people themselves. Business is trying to go ahead without waiting for Washington. Imported gold, \$9,000,000 more during the week, does not go to the right spot, but the people are creating a home-made currency for themselves by using certified checks in paying hands, selling local accounts and purchasing grain and cotton.

The bank circulation has increased two million dollars, but the decrease of deposits of national banks alone from May 4 to July 12, was \$193,000,000 and during the past month withdrawals have also been heavy. Little money comes back from timid hoards but that very fact pushes each section and a city into relying more on itself and less on government and Wall street.

DEMAND MUST SOON OVERTAKE SUPPLY.

Many concerns are failing or closing but resurrections are now becoming somewhat frequent, and in the very shrinkage of production men see evidence that demand must soon overtake supply. No such shrinkage resulted at any time in five weary years after the panic of 1873 as has already appeared in great industries. Pig iron does not rally, but sells at \$14 here and \$13 at Pittsburgh for No. 1, though the weekly output has been reduced sixty-six per cent.

Though five have failed and twenty-four stopped during the week, fourteen have resumed. Only a third of the Connellsville coke ovens are at work. Sales of wool have been only 17,575,000 pounds against 50,327,000 last year and it is stated that 93,000 looms and 4,300,000 spindles in New England are idle which means more than a quarter of the cotton spindles in the country, but twenty knitting mills and five other cotton and woolen mills have resumed, while twenty-eight have stopped and one failed during the week. Somewhat fewer cancellations are met in dress goods and there is more buying of Fall woolens.

A DECREASE IN RAILROAD EARNINGS.

With such shrinkage in the great industries, it is only surprising that railroad earnings do not decline more, the decrease on roads reporting in August thus far being eighteen per cent. The decrease of twenty-five per cent. in clearings outside New York last week, and thirty per cent. this week is only natural. A little more money is now found for commercial loans and failures of banks have become both less important and less frequent.

The receivership for the Northern Pacific has been so fully discounted that it produced little effect in the stock market. Prices of securities have yielded comparatively little and trading has been dull. Speculative markets have generally declined a fraction, in spite of crop reports, which are not solid enough to outweigh great stocks in sight. Cotton fell a quarter of a cent. Wheat drags near the lowest figures ever known in spite of decrease in visible supply. The movement of corn is decidedly large, with crop prospects improving.

THE TREASURY LOSING MONEY RAPIDLY. Late advices from Washington are more encouraging in regard to financial action. The treasury has been losing money rapidly, holding \$6,000,000 less in gold, \$1,700,000 less in silver and \$900,000 less legal tenders, in excess of outstanding certificates than it held one week ago, while the new treasury notes outstanding have increased \$400,000. It is coinage small gold as rapidly as possible and issued \$5,500,000 additional bank notes during the first half of August, but has very limited power because rapidly diminishing receipts are no longer enough to cover the necessary disbursements.

DR. KILMER'S SWAMP-ROOT CURED ME

D. H. BILGER, Esq., Hulmeville, Pa.

WHEN ALL ELSE FAILED I La Grippe Baffled! The After Effects Cured

Mr. Bilger writes: "I had a bad attack of the Grippe after a time caught cold and had a second attack; it settled in my kidneys and liver, and Oh! such pain and misery in my back and legs."

The Physicians' medicine and other things that I used made no impression, and I continually grew worse until I was a physical wreck, and given up to die. Father bought me a bottle of Dr. Kilmer's SWAMP-ROOT, and before I had used all of the second bottle I felt better, and to-day I am just as well as ever. A year has passed and not a trace of the Grippe is left. SWAMP-ROOT saved my life."

cial action. The treasury has been losing money rapidly, holding \$6,000,000 less in gold, \$1,700,000 less in silver and \$900,000 less legal tenders, in excess of outstanding certificates than it held one week ago, while the new treasury notes outstanding have increased \$400,000. It is coinage small gold as rapidly as possible and issued \$5,500,000 additional bank notes during the first half of August, but has very limited power because rapidly diminishing receipts are no longer enough to cover the necessary disbursements.

The New York clearing house has now issued \$37,800,000 certificates and the Boston clearing house \$11,200,000 but more important relief comes from the statement of the drain upon savings banks and of the demand upon other banks for currency to be used in paying hands in this and adjacent states. But this increase in demand is of itself evidence that industries and trade are greatly embarrassed, many works have stopped and many hands are receiving no wages. The failures this week number 455 in the United States against 192 for the same week last year, and twenty-seven in Canada against twenty-five of last year. Of the United States failures 154 were in the Eastern states, eighty-four in Southern and 217 in Western states and territories.

Balaam and Boaz Were Wise.

Advertising is an ancient and honorable institution, and was practiced longer ago than a great many people imagine. Get your Bible, turn to Number xxiv: 14, and you will see that Balaam believed in advertising, and said to Balak: "Behold, I go unto my people; come, therefore, and I will advertise." Turn again to Ruth iv: 4, and you will find that Boaz, in connection with a real estate transaction in which he was interested, expressed himself as a judicious advertiser.

It is said the reason why bicyclers always lean forward when riding their wheels is because they are on pleasure bent.

A Hint to Country Cousins.

"Of course, Mr. Oldman," said the city editor, "we will publish this obituary notice of yourself at the usual rates, along with the notice of your alleged death, but I can't quite see the object."

"My dear sir," interrupted the Chicagoan, "my wife has seven sisters, all with large families and they all have passes over the railroads entering Chicago while the fair is open. I am going to send two marked copies of this notice to each one.—From Truth.

RIOTING IN BOMBAY.

A Hindoo Holiday Celebrated by Wholesale Slaughter.

BOMBAY, Aug. 17.—The religious rioting was resumed in this city yesterday and for several hours the streets were the scenes of desperate conflicts. The fighting was of the most sanguinary nature and a large number of persons were killed and wounded. The day being a Hindoo holiday, the authorities anticipated a renewal of the recent disturbances and were in a measure prepared to suppress an outbreak, but the police and the force of troops in the garrison were inadequate to cover the whole city, and before quiet had been restored in one district fresh outbreaks would occur in other parts of the city.

The rage of the mob was directed especially against the mosques, several of which were sacked and burned. All the public buildings are now guarded by troops and the gunboats in the harbor have been cleared for action and brought into position to cover the native quarters. The local authorities are confident of being able to quell the rising.

The troubles in Bombay began on Aug. 12, when a number of encounters took place between Hindoos and Mohamets in the streets. The day was one of religious observance of both bodies of these religious and race enemies, and both were allowed to celebrate simultaneously.

The Mohamets made the first attack and were routed by the Hindoos. Troops were hastily called for from outlying posts and were massed in the chief native centres.

Guns were trained upon the principal native streets, the inhabitants being ordered to stay within their dwellings.

At first they obeyed, but soon the fighting began again. More troops were called in, but they found it impossible to cope with the native factions.

A despatch was sent to the Governor-General of India from Queen Victoria a few days ago, expressing severe displeasure at the negligence of the local authorities in not using adequate means to put down the disturbance.

PURCHASE OF SILVER. Since 1890 It Amounts to 161,521,000 Ounces, Costing \$150,069,459.

WASHINGTON, Aug. 23.—In response to a resolution of inquiry on the subject of silver purchases under the act of 1890, Secretary Carlisle has sent to the House of Representatives a letter setting forth the following:

From August 18, 1890, to August 16, 1893, the department purchased 161,521,000 fine ounces, costing \$150,069,459. The highest price paid was \$1.20 1-4 an ounce, on August 20, 1890; the lowest 69.5 cents an ounce on July 24, 1893. Treasury notes to the amount of \$150,115,988 have been issued in payment of silver bullion, of which \$714,636 have been redeemed in standard silver dollars and retired since August 3, 1893. Up to August 1, 1893, \$49,184,160 treasury notes have been redeemed in gold.

Thirty-six million eighty-seven thousand one hundred and eighty-five standard dollars have been coined from bullion purchased under the act of 1890. On the 13th instant the government owned of silver purchased under the act of 1890 133,161,375 ounces, costing \$121,217,677.

The lands now open to settlement are divided into seven counties.

Currency Still Scarce.

NEW YORK, Aug. 23.—The currency famine has led several banks to discriminate in writing up their accounts and making payments thereon, between deposits of cash and deposits of checks.

I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."
