TERMS:—Inside the county, \$1.00 a year in advance; \$1.50 if not paid in advance. Outside the county, \$1.25 a year, strictly in advance. All communications should be addressed to THE COLUMBIAN, Bloomsburg, Pa.

FRIDAY, NOVEMBER 17, 1893.

Representative Tewksbury, who has served two terms in the legislature as one of the representatives from Columbia county, is a possible candidate for the Democratic nomination for congress in the Seventeenth district, which constitutes Sullivan, Columbia, Montour and Northumberland counties, to succeed Congressman Wolverton. Mr. Tewksbury said to a Patriot representative that he would rather work in the harness he now has on than adjust a new one, but that his friends are urging him to be a candidate and that he was considering the matter. There is a possibility that Hon. Charles R. Buckalew, of Columbia, the immediate predecessor of Mr. Wolverton, may also be a candidate. He has not yet positively decided what he will do.—Patriot.

The result of the election in the Carbon-Monroe judicial district was a peculiar one. Hon. John B. Storm had been appointed by Gov. Pattison to succeed the late Judge Dreher. Monroe County instructed its conferees for Mr. Storm, and Carbon County for Hon. Allen Craig. The conferees could not agree, and went from place to place until the last day for filing papers for nomination. Nomination papers were sent to Harrisburg by both Carbon and Monroe County—the former for Mr. Craig and the latter for Mr. Storm. Through some technicality and exceptions being filed the tickets were ordered to be printed without the name of Craig. The Republicans had nominated Mr. Heydt, a young attorney of Carbon County. The tickets were printed bearing the names of Storm and Heydt. Mr. Craig did not withdraw from the contest, hence it was necessary that his name be written by all who desired to vote for him. The following is the result of the voting:

Table with 4 columns: Name, Craig, Storm, Heydt, Total. Rows: Carbon, Monroe, Total.

Craig over Storm, 341; Craig over Heydt, 259. The vote shows how well the new ballot can be used by the independent voter. The one whose name was written upon the ballot was elected judge.

THE STATE VOTE COMPLETE.

THE OFFICIAL COUNT GIVES JUDGE FELL 138,000 PLURALITY AND JACKSON 135,909.

The Pennsylvania official count shows the total vote—Republican and Democratic—to have been 740,000. The Prohibition vote will increase this about 210,000. Judge Fell has a plurality of 138,000, and Colonel Jackson one of 135,909. The sixty-seven counties complete are as follows:

This can readily be accomplished by the New York bank, if they will increase their gold deposits with the New York Sub-Treasury in order to cover their certified checks for customs duties.

At the recent election William Lyon, of Bellefonte, Centre county, Pa., a prominent butcher, circulated stickers and received eight votes for office of "Register of Wills, Recorder of Deeds and Clerk of the Orphans' Court," he alleging that the two offices of Register and Recorder were merged into one by an act of the last Legislature, and that under said act he was the only legal candidate for the office. Prominent lawyers say he has a good case and Lyon intends to test it in the Courts.

The Indian Forts.

The Harrisburg Patriot of November 10th says:

G. Dallas Albert, of Latrobe; Jay G. Weiser, Middleburg; H. M. M. Richards, Reading; John M. Buckalew, Fishing Creek, and Sheldon Reynolds, Wilkesbarre, who constitute the commission appointed by Governor Pattison to make inquiry, examine into the number and location and report to the next legislature the advisability of erecting suitable tablets to mark the various forts erected as a defense against the Indians by the early settlers of Pennsylvania prior to 1783, met at the state library and organized by the election of Mr. Buckalew president and Mr. Reynolds secretary. Representative Tewksbury, of Columbia, the author of the act creating the commission, and State Librarian Egle were present by invita-

tion. The commission decided to visit the sites of the old forts of the state and a district was assigned to each member. Mr. Albert will visit all such points west of the Allegheny mountains; Mr. Reynolds' district constitutes the Lebanon Valley; the points along the North and West branches of the Susquehanna river and in the Cumberland Valley will be visited by Messrs. Weiser and Buckalew, while Mr. Reynolds will visit Northeastern Pennsylvania above Columbia county. The members of the commission will file their reports as to the number of forts in their respective districts with Secretary Reynolds, who will submit them to President Buckalew. The most important points in the state will be visited by the commission in a body, after which a meeting will be held some time next Spring to prepare a report to be submitted to the next legislature. Under the provisions of the act the commissioners receive no compensation, but the actual and traveling expenses of the members is paid by the state.

A Pure Baking Powder.

A baking powder that can be depended upon to be free from lime and alum is a desideratum in these days of adulterated food. So far as can be judged from the official reports, the "Royal" seems to be the only one yet found by chemical analysis to be entirely without one or the other of these substances, and absolutely pure. This, it is shown, results from the exclusive use by its manufacturers of cream of tartar specially refined and prepared by patent processes which totally remove the tartrate of lime and other impurities. The cost of this chemically pure cream of tartar is much greater than any other, and it is used in no baking powder except the "Royal," the manufacturers of which control the patents under which it is refined.

Dr. Edward G. Lovv, formerly analytical chemist for the U. S. Government, who made the analyses for the New York State Board of Health in their investigation of baking powders, and whose intimate knowledge of the ingredients of all those sold in this market enables him to speak authoritatively, says of the purity, wholesomeness, and superior quality of the "Royal,"

"I find the Royal Baking Powder composed of pure and wholesome ingredients. It is a cream of tartar powder, and does not contain either alum or phosphates, or other injurious substance."

Prof. Love's tests, and the recent official tests by both the United States and Canadian Governments, show the Royal Baking Powder to be superior to all others in strength and leavening power. It is not only the most economical in use, but makes the purest, finest flavored and most wholesome food.

"Bad Spells" with the Heart Dizzy, Faint, in Despair Hood's Sarsaparilla Cured.

"I have suffered very much during the past few years from Heart Trouble. Physicians said I might live a number of years, might die any day. I could usually tell when the worst attacks were coming on by feeling a sharp pain in the heart, then violent thumping, shortness of breath, followed by a coldness coming all over me, then DIZZINESS, FAINTNESS, and then, unless I could lie down at once I would fall wherever I was. I never dared to be left alone for I had to have help at once and that I could not do myself. I could not do any work, even to sweeping, and had to be careful of the least excitement. I got very much discouraged at the outlook and thought

There was No Hope of ever finding anything to help me. One day a friend asked, 'Why don't you try Hood's Sarsaparilla? I thought it over and decided to try it, and I thank God for it too. Since I began taking it, three years ago, I have had but one 'bad spell' and that was due to carelessness on my part, and from that I quickly recovered. I cannot tell you how much better I feel and how thankful I am. I feel as if I would like to tell every person in the world about it. I can and do now do all my housework, even to washing.' Mrs. SARAH TREXLER, 809 Latimer Street, Philadelphia, Pa.

Hood's Sarsaparilla Cures. "I know Mrs. Sarah Trexler from having purchased Hood's Sarsaparilla for a long time, and have every reason to believe that the above statement is true." E. & F. P. SWOCKLEY, Pharmacists, 541 E. Thompson St., Philadelphia.
