EAST BENTON.

There is a manifest, settled opinion among many that the miscarriage of justice is due, and of common occurrence by reason of ignorant jurors being selected to pass upon evidence whose judgment is none too clear, or liable to become easily confused. Be that as it may, observation has led to the belief that the beneficiaries in litigation are not always those involved in suits, prospective, or pending, whether of civil or criminal nature, whether of great or small magnitude; that all who become entangled in the meshes of the law it were about as well for them that "a mill stone were hanged about their neck and they be cast into the sea."

The manufacturers of the U. S. A. are the most devout, and earnest in their petitions, and the only class of people who "prey" without ceasing. Moral—they are opposed to tariff reform.

A puzzle of 16 letters for the young: 2, 3, 7 and 15, is a terrible condition or place.

16, 8 and 1, is a desirable posture when fatigued.

A LONG TRAIN—of diseases follows bad blood and inactive liver. Every one knows when his blood is impure and liver sluggish; pimples and boils appear, or he feels drowsy, weak, tired and thick-headed. We want to teach you how to fight it. Begin in time. Plenty of fresh air, exercise, and Doctor Pierce's Golden Medical Discovery, will bring you out of danger. The reason? "Discovery" enriches and purifies the blood and renders the liver active. As the germs of disease enter the circulatory system through the liver, they can be resisted there and in the blood. In those scrofulous conditions of the blood which invite catarrh, bronchitis, and end in Consumption, you have the means of prevention and cure. You can save yourself from Grip, Malaria, or Fever by putting all the functions of the body in a healthy state, besides building up healthy flesh, by taking the "Discovery." Not the fat of Cod liver oil, but wholesome flesh. G. M. D. is guaranteed to benefit or cure all blood disorders, or money refunded.

The Sunday School Holiday service which was held in the Union church on Saturday evening was a very interesting and enjoyable affair, and despite the prevailing snow storm the church was filled with an appreciative audience who were lavish in their praise of the exercises. The program consisted of recitations, responsive readings, class and concert exercises, together with music, both vocal and instrumental in carols, hymns, solos, duets by the choir, and classes of the Sunday School. Messrs. Sutton, Laubach, Cox and Kline of Benton, and Mr. Ikeler, of Rohrsburg, rendered valuable assistance in the musical department. "Only the Scars Remain,"

Says HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., who certifies as follows:

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc., none impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old

to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the good Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."

WASHINGTON LETTER.

(From our Regular Correspondent.)

WASHINGTON, Jan. 1, 1894

President Cleveland, the members of his cabinet and the ladies of their families, in accordance with a custom as old as our government, devoted New Year's day to receptions, official and general. For about four hours a procession composed of the diplomatic representatives of all foreign governments, members of the cabinet, the justices of the Supreme Court, Congressmen, Army and Navy officers, minor officials and the general public poured through the White House where they were received by President Cleveland assisted by Mrs. Cleveland. Mrs. Stevenson, the ladies of the cabinet and several guests of Mrs. Cleveland, including the wife of ex-Gov. Russell of Massachusetts and Miss Benedict, of N. Y. Later, receptions were held at their several residences by Vice President and Mrs. Stevenson, and by members of the cabinet and the ladies of their families.

Nearly all the congressmen have returned. There was a quorum of both House and Senate at the White House reception to-day. By freely circulating among the returned members of the House your correspondent endeavored to ascertain whether conference with their constituents had increased or decreased the opposition to the Wilson tariff bill. In one respect it is apparent that it has increased it. That is, there are more democrats who will endeavor to secure, in the caucus to be held, modifications of various clauses of the bill. But, as nearly all of them announce while stating their intentions that they will, whether successful in getting the bill modified or not, support the bill, it is clear that their opposition does not go beyond that which it is perfectly legitimate for strict party men to occupy towards a party measure not yet approved by a party caucus, and does not jeopardize the final success of the bill as approved by the caucus.

Senator Voorhees is getting a heavy mail these days, and not a few of his letters contain requests for hearings on the tariff before the Senate Finance committee of which he is chairman. None of these letters have been specifically answered, because he believes that a circular letter which he is now having sent out, containing thirty odd printed questions and requesting a reply to each, will enable nine-tenths of his correspondents to lay before the committee all the information in their possession relating to the effects of tariff upon their business just as well as they could if given a personal hearing. It is not his desire to cut any one out of hearing and those desiring to furnish information not embraced by the printed questions will, where their prominence as manufacturers or business men justifies it, be given personal hearings.

Representative Helman has not issued the call for a democratic caucus, but it is expected that he will do so this week.

It is known that President Cle-

land has lately given considerable attention to the selection of a new public printer and it is believed that his nomination will go to the Senate in a few days, probably this week. Rumor has connected the name of Chief Clerk Daniels of the Interior department with the position. Mr. Daniels was not an applicant for the position, but his experience as editor and publisher of newspapers in North Carolina qualifies him, therefore should it turn out that he is the lucky man. Nearly every democratic Senator and Representative has a personal preference for public printer but they will all be satisfied to see the position filled by any good democrat who will give the democrats a show at the three thousand positions in the Government Printing Office, a very large majority of which is still filled by republicans.

A new batch of rumors concerning cabinet resignations are being sent out by republican correspondents. There is just about as much truth in them as in those which have been periodically sent out by the same men ever since the present administration came in.

No action is expected in the House concerning the finances of the government until after the tariff bill has been passed. In fact the Ways and Means committee, which will prepare whatever financial bill that may be determined upon, will not have an opportunity to devote any time to the matter until the tariff is out of the way. Representative Springer wishes it understood that his bill for a new national currency, which was made public a few days ago, is simply his own idea. The subject has not been considered by the committee on Banking and Currency of which he is chairman. His principal object in making the bill public was to invite criticism and suggestions.

DR. KILMER'S SWAMP-ROOT CURED ME.

La Grippe! Gripp! Gripp! After Effects Curad.

Mr. Bilger writes—"I had a bad attack of the Grippe; after a time caught cold and had a second attack, it settled in my kidneys and liver, and Oh! such pain and misery in my back and legs. The physicians' medicines and other things that I used made no impression, and I continually grew worse until I was a physical wreck. I was in bed for several weeks. Father bought me a bottle of Dr. Kilmer's SWAMP-ROOT, and before I had used all of the second bottle I felt better, and to-day I am just as well as ever. A year has passed and not a trace of the Grippe is left. SWAMP-ROOT saved my life." D. H. BILGER, Hulmeville, Pa. Jan. 10th, 1893.

DROPSY! DROPSY! DROPSY!

Suffered Three Years.

"Respected Dr. Kilmer & Co., Binghamton, N. Y. My wife had suffered for three years with Dropsy, during that time she was attended by five different physicians, none of whom helped her for longer than a few days. We also used besides, more than twenty different remedies, but nothing would help."

Then we used your SWAMP-ROOT, and after she had used three bottles relief was apparent, hence she continued to take it until she had used twenty-five One dollar bottles. Now she is healthy and strong, as she never was before. She will be forty-one years old on the 9th of next March and next to God she owes her life to SWAMP-ROOT. I send you this testimony and enclose herewith a Photograph of my wife. Your true friend, HERMAN BROERING, Feb. 22, 1893. Lorainette, Shelby Co., Ohio. At Druggists, 50c. or \$1.00 Size.
