

THE PLATFORM.

A DECLARATION OF PRINCIPLES BY THE DEMOCRATIC CONVENTION.

HARRISBURG, January 10.—The following is the platform agreed to by the Democratic State Convention:

The reassembled representatives of the Democratic party of Pennsylvania reaffirm the declaration of principles adopted in the State Convention on September 19, 1893. They again declare their faith in the platform of the Chicago Convention upon which the Democratic party gained control of the legislative and executive branches of the government in 1892. They renew their hearty expressions of confidence in the leadership of President Grover Cleveland; they cordially endorse his administration, and commend the courage, firmness and uprightness with which it has maintained the faith of the government at home and upheld its honor and dignity abroad. They again endorse and approve the wise, economical and honest administration of Governor Pattison, which has kept its pledges and has been true to every interest of the Commonwealth.

Recognizing the issues involved in the nomination made to-day to be directly and especially related to Federal legislation, the Democracy of Pennsylvania declares that:

1. The present disturbed condition of the business and finances of the country is the natural and inevitable consequence of long years of Republican maladministration and vicious legislation. Inequitable and oppressive tariff laws, wastefulness and profligacy in public expenditures and cowardly financial makeshifts are responsible for the prostration of American industries, the derangement of the currency and the deficit in the Federal revenue.

2. The extravagance of a Republican Congress, tolerated and abetted by a Republican administration of the executive departments, wasted a surplus of more than \$100,000,000, which had been gathered into the public Treasury by a Democratic administration, and left a deficit of over \$30,000,000 in its stead.

3. Evasive legislation on the currency by successive Republican Congresses debased the public moneys, rendered the standard of values shifting and uncertain, disturbed confidence and wrought financial disaster, from which the slow but sure recovery of the country is mainly due to the courage, fidelity and consistency of a Democratic President.

4. Three years' experience of the McKinley Republican high tariff bill has resulted in general business depression and in wreck and ruin to manufacturing and commercial interests. This result has fully justified the Democratic opposition to that measure and the demand for its repeal, which found expression in the overwhelming Democratic victory of 1892.

5. Every consideration of political honor, fidelity and expediency demands that the pledges upon which that victory was won shall be faithfully and fully kept and that the Democratic Congress shall revise the tariff by promptly passing the Wilson bill reported by the ways and means committee, to the end that the raw materials necessary to American industries shall be admitted free of duty; that tariff taxes shall be lowered on the necessities of life, and that import duties shall be distributed with a view of lightening the burdens of the many instead of protecting the interests of a favored few.

6. We denounce as a crime against the business interests of the country, against the prosperity of the people, against the welfare of the workmen, the efforts of the Republican minority in Congress to delay and to prevent the settlement of the tariff question. We call upon our representatives in Congress to act and vote as to promptly determine this issue in accordance with Democratic promises and Democratic professions.

7. A speedy and thorough revision of the tariff on the lines of Democratic policy enunciated by the last Democratic National Convention and adopted by the Democratic President will revive the industries of the American manufacturer, enhance the profits of the American farmer, increase the wages of the American mechanic and enlarge their purchasing power, stimulate our export trade and restore our supremacy in the commerce of the seas.

8. To these principles and policies we pledge the candidate for Congress this day nominated; to their support we invite all the electors of Pennsylvania who would record the vote of their State in Congress for an enlightened, liberal and progressive system that must quicken the prosperity of our Commonwealth and promote the general welfare of the country.

WASHINGTON LETTER.

(From our Regular Correspondent.)

WASHINGTON, Jan. 15, 1894.—President Cleveland is an honest man, and I believe he is sincere when he has referred the whole matter to Congress and would be glad to cooperate with it in the execution of any plan that was consistent with the honor, integrity and morality of the United States and for the best interests of Hawaii. That was the comment made by chairman McCreary of the House committee on Foreign Affairs on the Hawaiian correspondence laid before the House Saturday and the Senate to-day. Mr. McCreary said the committee on Rules had promised him the right of way and that just as soon as the tariff bill was disposed of he proposed to call up this Hawaiian business.

That will make it likely to get before the House before it is taken up by the Senate as it is not expected that the investigation of the Senate committee on Foreign Relations will be completed by the 20th, when the House will pass the tariff bill.

Much has been said concerning the abandonment by President Cleveland of his Hawaiian policy. I can state upon unquestioned authority that the President has not changed his opinion on the subject. On the contrary, he is now more strongly convinced than ever that it would be both wise and just to restore the government which was wrongfully overthrown by a misuse of the power of the United States in the hands of an intriguing Minister, and he believes that if Congress will divest the subject of sentiment and prejudice and place it on the high ground of plain right and wrong it will eventually arrive at the same conclusion. That is just the point. Congress seems to be utterly unable to divest it of sentiment and prejudice, and for that reason, if for no other, is not likely to decide in favor of a restoration of the former government of Hawaii.

Secretary Carlisle has directed that the clerical force of the sixth Auditor's office be at once reorganized. The reorganization includes the abolishment of the examining division and the division of review and numerous changes in the other divisions, all in accordance with the recommendations of the report of the Dockery committee to Congress. Some employees will have to be dropped and the Republicans in the office have an idea, probably a correct one, that they will all be Republicans. Other things being equal Secretary Carlisle will give the democrats the preference every time.

The decision of the democrats on the Ways and Means committee to report the income tax as a separate bill was obtained, like the decision in favor of the income tax itself, by a majority of only one vote. There is considerable talk among democrats about calling a democratic caucus for the special purpose of deciding whether the bill shall be made a party measure, as the tariff bill is. There is no doubt about the income tax being favored by a large majority of the democrats of the House, but there are still enough democrats opposed to defeat it if the votes of the Republicans could be counted upon, but if the Republicans follow Tom Reed, they will refuse to vote when an attempt is made to take up the bill, just as they did when the House was four days in getting a quorum of democrats together to take up the tariff bill. If they do that and the democrats opposed to the bill also refuse to vote there will be no quorum and the bill cannot be taken up. The approval of the democratic caucus would certainly make the measure more likely to pass.

The House coinage committee has authorized a favorable report on chairman Bland's bill providing for the issue at once to meet the current needs of the Treasury of silver certificates for the seigniorage of silver bullion now on hand, amounting to more than \$55,000,000. The bill will be reported after the tariff is disposed of.

The democrats of the House came out of the week's general debate on the Wilson tariff bill with flying colors; they met the arguments of the Republicans at every point, and the votes of the House upon the amendments which will be submitted by democratic members who are opposed to this or that schedule will meet the objections within the party. These amendments will be voted upon during the five-minute debate which will go on until the time for taking the votes is reached. The final result is a foregone conclusion.

Secretary Carlisle is once more the victim of the rumor mongers. Every act and every word of his is misrepresented. For instance, Senator Sherman called at the Treasury Saturday afternoon and immediately the telegraph wires were made hot by the sensational stories sent out about his having been sent for to aid the Secretary in preparing for an issue of bonds under the law of 1875. Your correspondent does not pretend to say by authority that Secretary Carlisle has or has not decided to issue bonds, but he does say most emphatically that whatever he has decided to do he has not asked either aid or advice from John Sherman.

SOLUBLE MEDICATED CURE FOR NERVOUS DEBILITY.
Has been put up in a proprietary form since 1850. It has been used for years prior to that time in private practice. It is no untried nostrum, of doubtful reputation, nor a general specific for a prevalent disease. Thousands of men, of all ages, have at some time in life brought on nervous debility and exhaustion with organic weakness, by over brain work, excess, too frequent indulgence in inebriation and vicious habits, and it is to these that we offer a remedy that will, by its direct action upon the seat of the disease, stop the drain and restore the patient to vigorous health and strength.

FREE TRIAL

When we receive the statement on blank we prepare eight days' treatment and forward it by mail and prepare postage thereon—and along with the eight days' treatment we supply them with a question blank, to be filled out, and an envelope addressed to ourselves for use in returning it when filled.

FREE TRIAL
We are so positive that it will give perfect satisfaction that we leave the matter of sending orders entirely with those using the free trial treatment. Having satisfied those sending for trial packages of our ability to benefit their cases, we are confident that they are more largely interested than ourselves in continuing the use of the Pastilles. Even then we do not attempt to rob them by making high prices. On the contrary, we make prices as low as possible, and the same to all. They are as follows: \$2.00 for one month; \$5.00 for two months; \$7.00 for three months.

These prices secure the Pastilles by mail.

If desired by express we will send it for you by the express, but for over ten years we have shipped them by mail with satisfactory results.
