JERSEYTOWN.

Dr. J. E. Shuman and wife visited friends at Mainville on Sunday last.

Mrs. John Converse has purchased the Geo. Lee property, located on Main street.

B. F. Fruit who has been on the sick list has so far recovered that he is able to be about.

Samuel Phillips from Newberry, Pa.

A PRETTY FACE is the result of a healthy physical condition. "Beauty is but skin deep" yet it greatly depends on a clear complexion, free from wrinkles and hollow cheeks.

Health always brings wealth of beauty. A healthy state of the system comes with Dr. Pierce's Favorite Prescription. It's a medicine prepared for woman's ailments—it cures those derangements and weaknesses which make woman's life miserable.

A woman who neglects to take proper exercise is particularly prone to excessive congestion, debility and a sluggish circulation. This is the time we advise the "Prescription." In all derangements and displacements of the special organs which result in "signs of inflammation," in catarrhal discharges from the lining membranes, and in distressing irregularities—this medicine is guaranteed to benefit or cure, or the money is returned.

is the guest at his father Allen Phillips who is slightly under the weather.

Kate B. Fruit from Buckhorn was visiting friends here the past week.

We are sorry to learn that our Postmaster J. R. Converse is still confined to his bed. We hope to hear of his speedy recovery.

We learn that our blacksmith J. S. Lee intends leaving our town this spring to take up his abode in the County seat. He says that our town is not large enough for him. Travel slow George.

Beula Tittman from Iola has been visiting at J. W. Smith's for the past week.

The snow on Monday has put on a Winter like appearance again.

Mrs. Ray Kisner from Pittston, Pa., is home visiting her parents.

BENTON.

We had a pleasant trip to Benton one day last week and found many of the town discussing the propriety of getting Benton into the shape of a borough. A large number of the citizens are in favor of a borough. Found the new firm of Pennington & Seely busily engaged selling goods and keeping up the reputation of the old firm. Found Mr. Heddon in his element selling goods with this firm. Mr. Heddon is a leading spirit in the P. O. S. of A. The accessions to the Benton camp have been large ever since the public installation of officers, couple months ago. This camp numbers now nearly 100, with prospects of greater additions. There is no Order superior to this one in America. The G. A. R. Sons of Veterans and P. O. S. of A. are about on a par as to patriotism, and they go hand in hand and shoulder to shoulder.

The McHenry boys are rendering good service as postmasters of Benton.

J. B. McHenry is keeping up his old reputation as first class hotel proprietor. The public find in him an obliging and attentive landlord; his table and bar furnish the best viands and brands the market affords.

Pennington & Seely took in 500 R. ties last Friday and Saturday. They have received large car loads of timothy and clover seed. They are indulging largely in this line of goods with which they are supplying the public.

Met Mr. Stiles Clewell who is also prominently identified with the P. O. S. of A.

Hotel proprietor Kline buried an interesting little daughter recently. She had been sick but a short time with the measles.

Rohr McHenry and son, J. G., engaged in the distillery business have an extensive reputation and some of their brands are eagerly called for in Philadelphia and Baltimore markets.

Dr. Patterson is very busy in his medical practice—mud and measles are plenty.

William Kline who was the active superintendent of the McHenry livery stable is now the active man in the McHenry house and clerk behind the bar, who is ready and willing to attend to all the wants and wishes of the public.

Met Prof. Johnston at Benton, who was busily engaged visiting the schools. There will be a Teacher's Institute at Benton the coming Saturday.

EAST BENTON.

The winter thus far is remarkable for its serenity and mildness. It furnishes a good example for the blustering and boisterous husband who is so frigid that he cannot be thawed out by the warm heart of a loving wife.

The farmers hereabouts feel very much rebuked (?) concerning the proposed "income tax bill." Not one of them will be favored with a tax on the proposed "revenue bill." How fortunate (?) they are that they have not an income of \$5,000 annually.

Abraham Crawford of this place is in a critical condition without much hope of recovery. Grippe and weak lungs wear hard on the physical constitution.

Samuel Gibbons is just emerging from an attack of the grippe.

Daniel Ashelman is cozily domiciled in his new house.

A cluster of blasted and defective plums are yet hanging on the revenue collector plum tree which will drop prematurely, and be rejected as not convenient for the public use.

The caucus held in the McHenry House hall last Saturday was largely attended. I have not yet learned what candidates constitute the caucus nominees.

"A public office is a public trust." And why should it not be? A faithful public servant, who is known and has been tried, with experience of public life, is it good policy to exchange him for one who is unknown and untried? A rotation or "my turn" of office, is right in principle, but is it always best for the public good? The people know who their most faithful public servants are, and if they consult their own interests instead of that of "my turn," they will know who to keep in the harness.

It's all the same, a slight cold, congested lungs or severe cough. One Minute Cough Cure banishes them.—W. S. Rishton, Druggist.

Mrs. J. H. HORSNYDER, 152 Pacific Ave., Santa Cruz, Cal., writes:

"When a girl at school, in Reading, Ohio, I had a severe attack of brain fever. On my recovery, I found myself perfectly bald, and, for a long time, I feared I should be permanently so. Friends urged me to use Ayer's Hair Vigor, and, on doing so, my hair

and I now have as fine a head of hair as one could wish for, being changed, however, from blonde to dark brown."

"After a fit of sickness, my hair came out in combfalls. I used two bottles of

Ayer's Hair Vigor

and now my hair is over a yard long and very full and heavy. I have recommended this preparation to others with like good effect."—Mrs. Sidney Carr, 1400 Regina st., Harrisburg, Pa.

"I have used Ayer's Hair Vigor for several years and always obtained satisfactory results. I know it is the best preparation for the hair that is made."—C. T. Arnett, Mammoth Spring, Ark.

WASHINGTON LETTER.

(From our Regular Correspondent.)

WASHINGTON, Jan. 29, 1894

Victory is in sight. It has been a hard fight and it is not yet quite done with, but victory is in sight, and next Thursday—the time of taking the vote was postponed in order to allow two days for the debate on the income tax amendment—the Wilson tariff bill will be passed by the House and it will include the income tax. There has never been a moment of doubt in the minds of Chairman Wilson and the democrats who have been associated with him in leading this fight as to final success, and the number of doubters has been gradually lessening since the democratic caucus of last week endorsed the proposition to make the income tax an amendment to the Wilson bill. There are some hard fighters among the democrats who have refused to be bound by the action of the caucus and the opening of the debate on the income tax amendment to-day shows a bitter state of feeling, which will probably result in lessening the majority by which the Wilson bill will be passed by about twenty votes, but the object long sought for will be obtained; it will be passed.

The few amendments adopted, aside from those approved by the Ways and Means committee, bears out the prediction I made when the bill was first reported. Only two amendments—that changing the date which the free wool clause shall take effect upon, (was afterwards changed for a committee amendment naming Aug. 2, 1894.) and that abolishing the sugar bounty and putting refined sugar on the free list—of importance which were opposed by the committee were adopted by the House, while the committee succeeded in defeating proposed amendments strongly backed to change the following clauses of the bill: coal, iron ore, steel rails, tin plate, agricultural products, cotton, salt, lumber, besides a number of lesser importance. Complete printed copies of the amendment bill were on the desks of members to-day for the first time.

"It's an ill wind" etc. While the friends of the Wilson tariff bill regret that the condition of Senator McPherson's health would not permit him to remain in Washington and perform the arduous duties that pertain to his membership of the sub-committee of the Senate Finance committee, which will have charge of the tariff bill as soon as it passes the House and is sent over to the Senate, they rejoice that so staunch a tariff reformer as Senator Mills, of Texas, will take his place on the sub-committee. The experience of Senator Mills in preparing and getting the Mill's bill through the House several years ago made him a tariff expert and will make him a valuable addition to the committee.

The democratic Senators made it plain to their republican colleagues that they intend to pass the bill for the repeal of the odious election laws, although disposed to allow the opponents of the bill all the time they reasonably desire to talk against it, by promptly defeating the motion of Senator Chandler, who has been allowed to pose as the leader of the republicans in the debate, to postpone further

consideration of the bill to next December.

Representative Bailey's resolution expressing the belief that the Secretary of the Treasury has no legal authority to use the proceeds of bonds sold under the resumption act for any other purpose than that stated in the act has been favorably reported to the House from the Judiciary committee and Mr. Bailey will endeavor to get a vote on it after the tariff has been disposed of. Secretary Carlisle does not agree with Mr. Bailey. On the contrary, he contends that he can legally use every dollar that is in or may come into the Treasury that is "otherwise unappropriated" to meet the obligations of the government. The bonds will be issued this week, unless the attempt that is being made to-day by lawyers in the employ of the Knights of Labor to secure an injunction from the Supreme Court of the District of Columbia to prevent the sale of the bonds shall succeed, and that nobody expects.

It is understood from a trustworthy source that President Cleveland has tendered the position of public printer to Mr. F. A. Crandall, of Buffalo, N. Y., and that Mr. Crandall has accepted it. The same authority says that the nomination will probably not go to the Senate until that of Mr. Peckham to the Supreme Court vacancy shall have been acted upon.

Two of the regular appropriation bills—Pensions and District of Columbia—have been reported to the House. The pension appropriation carries \$151,581,570, which is about \$15,000,000 less than the appropriation made at the last session of Congress. The appropriation for the District of Columbia is nearly \$2,000,000 less than the estimates of the District authorities. All of this session's appropriations will be cut in the economical style.

DR. KILMER'S

SWAMP-ROOT CURED ME.

GRAVEL! GRAVEL! GRAVEL! LARGE AS A GOOSE EGG.

Dr. Kilmer & Co., Binghamton, N. Y. Gentlemen: "I was under the care of different physicians for nearly two years; tried every doctor in our town continued to suffer and decline until I was a physical wreck."

The most learned physicians made examinations and pronounced my case one of Gravel or Stone in the Bladder, and said that I would never be any better until it was removed by a surgical operation. But I thought what next? Every one felt sad; I myself gave up, as an operation seemed to us all certain death. I shall never forget how timely the good news of your SWAMP-ROOT reached me. I send you by this same mail a sample of the stone or gravel that was dissolved and expelled by the use of your SWAMP-ROOT. It must have been as large as a good sized goose egg. I am feeling as well to-day as I ever did. I kept right on using SWAMP-ROOT, and it saved my life. If any one doubts my statement I will furnish proof." LADONNE BOWENSMITH, Dec. 20th, 1892. Marysville, Ohio.

Dropsical Swelling, Cold as Ice.

"Swamp-Root" saved my life after I had suffered everything but death. I send you my photograph and this description of my case and you can use it if you wish. My hands were as cold as ice; fire would not warm them. Dropsical swellings of the lower limbs; I could not button my shoes. Exertion completely exhausted me; death seemed so very near. The swellings have gone and all my troubles have disappeared. My health is better now than it has been for years. "SWAMP-ROOT" made the cure. Tell doubting ones to write me I will tell them all about it." Mrs. R. J. CUTSINGER, Jan. 15, 1893. Marietta, Shelby Co., Ind.
