LIGHT STREET.

On Thursday night last at half past nine o'clock the alarm of fire was given, which proved to be the house occupied by Bert Croman, by which two little children were burned to death. The origin of the fire is unknown, but supposition is that the lamp exploded, there being no one in the house at the time, as Mrs. Croman had gone to the barn to see why her husband stayed so long.

The party that left town on Wednesday last to visit Rev. Chilcoat's, had a very narrow escape above Orangeville. One of the loads upset, the little girl of P. W. Zeigler being thrown down the embankment and picked up just as the passenger train

IT SHARPENS the appetite, improves digestion, and restores health and vigor; all the organs of the body are roused to healthy action by Doctor Pierce's Golden Medical Discovery. More than all, the liver—and that's the key to the whole system. You have pure blood or poisonous blood, just as your liver chooses. The blood controls the health, the liver controls the blood, the "Discovery" controls the liver.

You can escape just about half the ills that flesh is heir to, by being ready for them. Brace the system up with this medicine, which prevents as well as cures. For all diseases caused by a disordered liver or impure blood—dyspepsia, biliousness, the most stubborn skin, scalp and scrofulous affections, the "Discovery" is the only remedy so certain and effective that it can be guaranteed. If it doesn't benefit or cure, you pay only for the good you get.

came rushing along. On Tuesday night of last week a number of people from Briar creek called at the residence of Mr. Sterner. St. Valentine's day was observed as usual by the young people of town. NOTHING TO FIGHT ABOUT.

[Editorial from "The Philadelphia Record," Thursday, February 6, 1894.] The effort to bring the Democrats of Pennsylvania together has disclosed the fact that they are together. They have no differences of opinion upon any question of policy, State or National, upon which Democrats differ with their Republican opponents. So much for the party at large.

The wrangle that distracts the party in Philadelphia cannot be magnified into a State affair. To state the cause of it is to show its insignificance and the folly of keeping it alive. When it became the duty of Governor Pattison, after his election, to select the Secretary of the Commonwealth and the Attorney General he chose Mr. William F. Harry for the former office and Mr. William U. Hensel for the latter. Both of these gentlemen had rendered the party distinguished service. No man doubts their competency or deserving. But, for reasons entirely personal to themselves, the selection did not please Mr. George McGowan and certain associates who can be counted upon the fingers of one hand. These few disgruntled Democrats, in order to feed fat their private grudges, have attempted to organize what they call the "Pennsylvania Democracy." They are the "Pennsylvania Democracy." Without them there would be no such thing.

The Record has no quarrel with these gentlemen, and, with a view to harmony, has lately sought to find the causes of their grievances and to persuade them to fall into line with the mass of the party. Acting as their spokesman, Mr. McGowan has informed the Record that they are not after official recognition or spoils. All they desire is a reformation of the faulty rules prepared by Mr. McGowan himself for the management of the Democratic organization in this city, and left by him as a legacy to the present Democratic party management. But they refused to meet a committee of the regular organization with a view to a peaceful understanding.

There will not be the least difficulty in bringing about such a change of the McGowan rules as will deprive the temporary chairmen of ward conventions of their arbitrary power to prevent fair representation. There is no doubt of the propriety of such a change; nor is there any doubt of the willingness of the Democrats now in control of the regular organization to assist in effecting it. Upon this subject the Record speaks with authority; and it leaves the few gentlemen who constitute the "Pennsylvania Democracy" without ground to stand upon, except their own private disappointments and animosities.

Of course, the true Democrats of Pennsylvania will not have their eyes blinded to the fact that behind the pretended zeal for reform in party methods is the accused lust for power and place, which is the perpetual bane of minority organizations cut off from other than accidental opportunities for its gratification. The willingness, however, to carry a factional fight to such an extent as to oppose the regular nominee of the party for Congressman-at-large should make an end of the malapert undertakings. Their refusal to agree upon terms of conciliation has disgusted those most disposed to stand by them.

The opportunity which offers at the February election to indorse the Federal and State Administrations, and to crush out mousing and mutinous cabal who have sought to involve other well-meaning Democrats in their own petty and selfish malignity, should not be allowed to pass unimproved. The party cannot afford to go into bankruptcy and enforce a liquidation simply because it has a pimple on its little finger.

A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genesee St., Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair,

and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

REPORT OF THE GRAND JURY.

That we have investigated all bills of indictment, &c., and further examined the public buildings and find that some of the water closets at jail need attention, they lack water at the flush valve which should be packed. We also found one closet stopped up, we found it had no cob and glassware in it with paper and rags. We think the Sheriff should see that the closets are better cared for, and that the above mentioned valve should be repaired.

We recommend that some way be provided to carry the water away from conductors on Court House other than over the pavement. We notice that the water comes through the porch in front of the Court House and freezes, which we think will injure the stone and brick work of the same. This we think should be looked after by the County Commissioners. We also recommend that the Treasurer's office be furnished with one revolving chair, and that the Recorder's office have the following repairs and furniture: Four new chairs, one of them a revolving chair, the railing and counter moved out in room so as to give more room behind the counter. We also recommend the proper authority to notify the Janitor to keep the windows and globes on gas jets cleaner than heretofore.
