IMPORTANT ANNOUNCEMENT!

A Grand Treat for Subscribers to The Columbian.

The greatest World's Fair book is ready. We take pleasure in announcing that we have made arrangements with the publishers of *The Magic City*, to supply this celebrated work in Weekly Parts to our subscribers at the very low price of ten cents per number. It will be issued in sixteen consecutive Weekly Parts, each containing sixteen to twenty magnificent Photographic Views and Historical Descriptions of the World's Fair and the Midway Plaisance, by the famous American Author, Mr. J. W. Buel. The Photographs are the finest that have ever been offered to the public. They constitute a splendid series of over 300 views in natural photograph colors, embracing all the wonderful features of the World's Fair and its surroundings, and the famous Midway Plaisance, with its curious and interesting character sketches of life in foreign countries and among wild and curious races of people.

It is the greatest, the grandest, the most beautiful, the only complete History of the Fair that has been published. The photographs, in natural colors, are beautiful as a dream, while the historical descriptions give the work a value beyond all computation. The author spent nearly the whole summer at the Fair, preparing his notes and superintending the work of the corps of artists employed in taking views. These pictures are the finest in existence. They were taken by trained artists of more than national reputation, who knew how to secure the best results and the most favorable points of view. Their beauty and splendor will be a surprise to our readers. Nothing equal to them has ever been seen in pictorial representations; and the fact that they were obtained especially for *The Magic City*, and will not be made common by promiscuous publication in other works, adds a hundredfold to their value. The COLUMBIAN always gets the best. Watch our advertising columns for the announcement of the first grand portfolio of the *Magic City*.

It will appear next week. Get your name on our subscription list at once, so that you can have the coupons, without which you cannot get the portfolios. Our rates are \$1.00 a year, 50 cents for six months, 25 cts. for three months, 3cts. a single copy. Outside the county \$1.25 a year.

Stago Struck Runaway Caught.

Mary White, a pretty 16-year-old girl, was arrested at Wilkes-Barre on Monday by Detective Bauer on a telegram from her father, Robert White, a prosperous farmer of Orangeville. She left her home on Sunday night. She is stage-struck, and thought by going to that city she could get an engagement with a company. She arrived there Monday morning and went to a museum and asked to be put on at a small salary to do a song and dance act, but Manager Irving had no room for her. She was afterward arrested and her father went and brought her home. She says she will go on the stage, though, at the first opportunity, and is not in the least discouraged by her first failure.

THE WORSTED MILL ASSURED.

The papers in the matter of the Worsted Mill were signed last week and an agreement made by which the work will be commenced. The firm will make application for a charter and have the company incorporated. The operators of the plant will control the stock and the subscribers to the amount raised among our capitalists will be secured by first mortgage bonds. Millville can give pointers to towns of greater pretensions in the matter of hustling after an enterprise, and this plant was secured by a united and prompt effort being made.

The firm who has been operating this plant in Bloomsburg since the carpet mill started at that place, comes with the full knowledge of their business as to its possibilities and requirements, but leave Bloomsburg because their quarters there were too small for their needs. The old woolen mill at this place, which has not been operated to any great extent since the decline of the woolen industry at the close of the war, is most admirably adapted to the business for which it will now be used. *Millville Tablet*.

The grading of East Third street should be completed. Where the new street was formed the earth is loose and no pavement laid; it is difficult for footmen to get across.

The sale of reserved seats yesterday shows that an unusual interest is being shown in the Concert of the Lafayette College Glee, Mandolin and Banjo Clubs at Bloomsburg Opera House on Monday evening March 26th. Those who have heard the boys this season say they undoubtedly stand in the first ranks of college organizations and that their program is thoroughly enjoyed from the first number to the last.
New features of the program which have attracted great attention are selections of a lively nature by the combined Mandolin and Banjo Clubs and the popular "Tinker's Song" from De Koven's "Robin Hood" which is rendered by the pleasing combination of all three clubs.

The Quartette selections suggest "Old Plantation Life" and strike a popular chord wherever sung; while every number of the program is of that popular order peculiar to College entertainments and which makes them so enjoyable.

The Board of Health should give some attention to the matter of vaccination. The School Board took the initiative by compelling all school children to be vaccinated, but there are many either too young or those who are at work in the mills, that the School Board cannot reach and such should be looked after by the Board of Health. Every precaution should be taken in due time.
