BEAUTIFUL SLEEP — is an expression used for sound sleep. Nothing is so gratifying to the nerves, heart, and head, as perfect sleep—a companion of good digestion and a healthy liver. A tired digestion fails to assimilate, or take care of, the food we eat. Something bracing or invigorating is needed for the liver, stomach, and intestines.

This is where you will find Dr. Pierce's Pleasant Pellets do the most good. They are tiny, sugar-coated pills, scarcely larger than mustard seed, made of concentrated botanical extracts. These "Pellets" are easily dissolved in the stomach and absorbed into the blood, stimulating a flow of bile from the liver, and arousing to activity all the glandular secretions. Thus they act in nature's own way.

And the far away North mountain serrated in the grandeur of blue and mottled with winter—it is grand.

A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genesee St., Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair,

and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."
