Republicans Still Filibustering.

From our Regular Correspondent.

WASHINGTON, April 23 .- President Cleveland was very much surprised when he learned, from a local paper, that there were people ignorant enough to suppose it to be his duty to issue some sort of a proclamation in connection with the coming of Coxey's socalled army. Every person of suf-ficient intelligence to read the Consti-tution of the United States should know that the President has no more authority to issue a proclamation concerning the coming of these men in-to the District of Columbia than he had to issue a proclamation dealing with their starting from the State of Ohio, or their passage through the States of Pennsylvania, West Virginia and Maryland. The District of Col-umbia has a legally constituted government, just as those States have, and until that government shall notify the President of its inability to deal with the expected unwelcome visitors the President has no authority to take any action, even were he disposed to think

any necessary. The Coxeyites will find when they arrive in Washington that they are neither to be lionized nor made martyrs of. As long as they violate no law they will be let alone, just as other visitors are. If they violate the law they must expect no mercy for they will get none. They are certainly coming unasked and upon a fool's errand. They will find rigid the law standing between them and their program, so far as marching up to the Captitol of that building is concerned. They will also find that Washington and the surrounding country is a mighty poor place for a lot of men to be stranded without money or a plentiful supply "Scranton hotel men have organized to oppose, and if necessary boycot, brewers who sell to speak easy propri-etors. No trouble is expected from the Coxeyites proper, but from information received by the police it is believed that they will be joined when near this city by a large number As it is possible to luxuriate too of criminals who hope to profit by any

It is perhaps a little early to begin to speculate or surmise upon who will be our next President. It is being done all the same, however, now that the State Cental committees are preparing for the business of President making. It has got to be quite a big task, and therefore both parties prefer to begin early and work late, but they never have the remotest idea who will be the nominees much less the successful candidates.

There is no denying the fact that old-time prayer-meetings and classmeetings are about obsolete in the rural districts and towns. They have been in a large measure supplanted by the less spititual and emotional Epworth Leagues and Christian En-deavor organizations. We fear the fond memories of class and prayer-

Senator Gordon quite unexpectedly sprung the question with which the House committee on Banking and Currency has been wrestling for a long time upon the Senate by the introduction of a resolution instructing the committee on Finance to report a bill repealing the tax on state bank currency. The resolution was referred to the Finance committee, a majority of which are believed to be opposed to the repeal of the tax.

The Pennsylvania manufacturers who paid out good money to send seven or eight hundred people, under tive Tariff League, to Washington to protest against the tariff bill, made a very poor investment. The protest was very tame indeed and did not create even a ripple at the Capitol. If sent by mail it would have been equally effective. Half of the "dele-gates" showed their interest in the ed to Baltimore. The way she looks troubles the woman who is delicate, run down, or overworked. She's hollow-cheeked, dull-eyed, thin, and pale, and it worries her. Now, the way to look well is to be well. And the way to be well, if you're any such woman, is to faithfully use Dr. Pierce's Favorite Prescription. That is the only medicine that's guaranteed to build up woman's strength and to cure woman's ailments. In every "female complaint," irregularity, or weakness, and in every exhausted condition of the female system-if it ever fails to benefit or cure, you have your money back.

Kobbed and Looked is a Bank Vault.

CHADRON. Neb, April 12 .- This afternoon while Albert Whipple, cashter of the Crawford Banking Company of Crawford, Neb., was alone in the bank a stranger, attired in cow-boy garb, entered, and shoving a six-shooter in Whipple's face, demanded money. Whipple gave up all the cash on the counter, about \$2,500. The robber then compelled Whipple to enter the vault and locked him in, where he was found twenty minutes later by the president. The robber escaped.
