A GOOD BUILDING UP

of a run-down system can be accomplished by the use of Dr. Pierce's Golden Medical Discovery. A long procession of diseases start from a torpid liver and impure blood. Take it, as you ought, when you feel the first symptoms (languor, loss of appetite, dullness, depression) and you'll save yourself from having something serious.

As an appetizing, restorative tonic, to repel disease and build up the needed flesh and strength, there's nothing to equal it. It rouses every organ into healthful action, purifies and enriches the blood, braces up the whole system, and restores health and vigor.

For every disease caused by a disordered liver or impure blood, it is the only guaranteed remedy.

If it doesn't benefit or cure, in every case, you have your money back.

EAST BENTON.

The people of Cambra and vicinity enjoyed a rare treat last Saturday night in the exhibition closing the public school term. The Christian Chapel was filled with delighted listeners.

Appause burst forth at the close of every exercise. A "Drama of Three Acts" was exhibited to such perfection that the scene represented almost real experience.

A motto, "Rowing not Drifting," was a song engaged in by the school children that reflects great credit to the school. But the crowning exercise was "Calisthenics," which set the audience almost wild with applause.

A new piano was placed in this chapel on trial. From the sweetness of tone that flowed from that instrument, at the skillful hands of Prof. Stanley McHenry and Hattie Pealer, one would suppose that the instrument was one of the best.

At the close of the recitation, "The Black Horse," which depicted the part taken by Benedict Arnold at the battle of Saratoga, Mrs. Hat Coss remarked that her grandfather Fellows was in the battle that was fought at Saratoga.

Now that the Cambra public school attained such a degree of proficiency in every part of drill exhibited last Saturday night is as complimentary an advertisement for the youthful or boy teacher, who does not seem to be yet out of his teens, as could be given by all the newspapers of two counties.

Prof. Walter Casterline is a Normal graduate. Judge Krickbaum and wife called upon Isaac Drum, of Jonestown, last Sunday. Mrs. Krickbaum and Mr. Drum are cousins. The latter is becoming aged and feeble.

Samuel P. Krickbaum of this place who has been unwell for a long time is not improving in health. His condition however is not critical.

Quite a few have planted their corn. We have abandoned the advantages, or rather disadvantages, of early planting.

The gospel ministry are always eager and ready to "Tie Knots." But I have never known a case where one of them helped, or even offered to help to untie a "knot" they bound. They "tie the knot," so tight that it seems to take the court of quarter sessions to untie them.

The holy communion of the Lord's Supper was administered at Hamline last Sunday forenoon. Rev. King, of Benton, preached an interesting sermon on the occasion.

On Sunday evening and Monday morning the Presiding Elder, Rev. Yocum, preached at the same place, after which Quarterly Conference was held.

The eccentricities of men are marked by characteristics that distinguish them from all the rest of mankind; every turn of which shows a result that stamps them in the image of cranks.

A series of showers gave vegetation a new start. The shower on Sunday afternoon, as it was coming up, was marked by features indicating greater severity than it brought. A few small hail fell.

HIS HEAD GROUND) OFF.

William Lowstutter, of Coal Centre, was killed in a runaway at Brownsville this afternoon. He and Ralph Charlton were driving on the National road when a lurch threw both out. Charlton fell clear and escaped injuries.

Lowstutter's foot caught over the axle, and he could not free it. The horse dashed away over the flinty pike, dragging him head downwards for more than a mile before the horse was caught. Lowstutter was lifted out dead, his head being literally ground off to the ears and his brains scattered along the highway. He was 26 years old, and leaves a wife and four children.—Phila. Times.

The Philadelphia Record suggest in connection with our large contribution to the World's Fair at Antwerp, what it chooses to call a contingent of handsome American girls, in order to heighten the attractions of the United States exhibit. That's right, send the girls to Antwerp, and throw in a few of our homely old maids as a fair sample of the other kind, just to show Antwerpians that we can take the cake either way.

T. F. Anthony, Ex-Postmaster of Promise City, Iowa, says: "I bought one bottle of 'Mystic Cure' for Rheumatism and two doses of it did me more good than any medicine I ever took." Sold by C. A. Kleim, Druggist, Bloomsburg. 11-10-8m.

A Little Daughter

Of a Church of England minister cured of a distressing rash, by Ayer's Sarsaparilla. Mr. RICHARD BIRKS, the well-known Druggist, 207 McGill st., Montreal, P. Q., says:

I have sold Ayer's Family Medicines for 40 years, and have heard nothing but good said of them. I know of many

Wonderful Cures

performed by Ayer's Sarsaparilla, one in particular being that of a little daughter of a Church of England minister. The child was literally covered from head to foot with a red and exceedingly troublesome rash, from which she had suffered for two or three years, in spite of the best medical treatment available. Her father was in great distress about the case, and, at my recommendation, at last began to administer Ayer's Sarsaparilla, two bottles of which effected a complete cure, much to her relief and her father's delight. I am sure, were he here to-day, he would testify in the strongest terms as to the merits of

GIRL WHO IS A NEEDLE CUSHION.

Sharon, Pa., May 5.—A human needle cushion is Melinda Morford, a 16-year old girl, of this town. Melinda's home is on Madison avenue, and up to date the doctors have removed from her body about 700 needles and pieces of needles. How or when they got into her flesh is a mystery. It is believed, however, that the girl, while hysterical or laboring under delusions, has stuck the needles in her arms and legs. They have traversed her body, and when near the surface cause great pain. Then they are removed by the doctors. As many as 50, it is said, have been taken out at one time. Melinda denies that she put the needles in her body.

Christopher Columbus Jones is the happiest jolliest looking "wage-earner," so called, that we have yet seen among the work-escapers who are training with Coxey. Christopher wears a stove pipe hat and a benignant smile that puts him head and shoulders above Coxey, who looks as though he had been struck at and hit by somebody.

Rheumatism Cured in a Day.—"Mystic Cure" for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits, 75 cts. Sold by C. A. Kleim, Druggist, Bloomsburg. 11-10-8m.

A Widow Surprises Mourners.

Plymouth, Pa., May 5.—A sensation was created here to-day in a most unexpected manner. Yesterday David Edwards, a citizen of the town, was run over by the cars and killed. Edwards' wife died about eight months ago. He has grown-up children, and they were about making arrangements for the funeral when Mrs. John Thomas, a widow, and the owner of the Plymouth Hotel, stepped in and said she would take charge of the remains of her husband. Consternation followed, and the children demanded an explanation. The widow then produced her marriage certificate. She and Edwards were married in Binghamton, N. Y., last February. The affair was kept secret from both families, and the two were never seen together in public.

Of course some ladies of large waists will distort their bodies with tight laced corsets for sake of style, so called, actually suffering in many ways from it. There is no legal remedy in such cases, where a sensible mother's advice fails. But we are glad to see that law is coming to the relief of that noble animal, the horse, forbidding the use of check-reins which 500 veterinary surgeons have lately condemned for pity sake and declaring them to be the cause of distorted windpipe, impeded respiration, paralysis of muscles, megrims, apoplexy, coma, and other diseases, besides being a great annoyance to a faithful and patient servant of man.

It is a burning shame with what indifference some folks will walk right along and trample down the very sign "Keep off the Grass." You may print it in double extra black 20-line nonpareil and still they fail to see it. That's what got Coxey into trouble, the first he met with at Washington, where getting on forbidden ground is an offense somewhat akin to horse-stealing in Texas. Coxey should have kept off the grass.
