The grass plots on the property of the Episcopal Church are in excellent condition. Sexton Thornton takes great pride in the lawn, and seems to know just how to take care of it to produce the best results.

DeWitt's Sarsaparilla is prepared, for cleansing the blood from impurities and disease. It does this and more. It builds up and strengthens constitutions impaired by disease. It recommends itself.—W. S. Rishton Druggist. tf.

Buy your clothing of J. M. Gidding & Co. and you will be satisfied.

Dry slacked lime applied to plum trees is said to be sure death to the fruit destroying curculio. As this little pest crawls up the bark the lime applied to the trunk of the tree will keep them off.

The contract for the remodeling of the Third street School Building was awarded W. B. Jury at the last meeting of the school board, he being the next lowest bidder, and Thomas Gory not being able to meet the requirements of the agreement.

Featherweight coats or coats & vests in large variety at J. M. Gidding & Co.

Peter S. Harman has been continuously in the same business as long, if not longer, than any man in Bloomsburg. On the first of last April it was fifty years that he has been engaged in the foundry and machine business. The Harman & Hassert shops are among the most prominent and prosperous industries of this town.

Dunning notices in a newspaper are just as distasteful to editors as they are to those who read them, but so long as subscribers fail to pay up, just so long must editors continue to ask for money long since earned. Pay up, and the editor will "shut up" on that subject.

J. R. Townsend is the leading Merchant Tailor of Columbia county. See his advertisement on fourth page. tf.

Revs. J. R. Dimm and F. P. Manhart, both former pastors of the Lutheran church of Bloomsburg, are reported as now into some difficulty growing out of a choice of president of the new College at Selinsgrove. These Reverend gentlemen seem to stand in each others way, if we understand the difficulty aright.

Ladies and gentlemen, why do you suffer with Corns or Bunions on your feet when you can be relieved by using the world renowned Corn Ease? It contains no poison and gives no pain. For sale by J. B. Russell at Glasco Cameron's titorial Parlors. If not satisfied with the result, money refunded. 6-15-2m.

It seems, though the farmer turns out lard, tallow and butter, he has no use for oleomargarine, and accordingly he is in favor of the anti-oleomargarine law which prohibits its sale in this State. It is said the next legislature will be flooded with petitions from granges protesting against the repeal of the protective law as we now have it in the interest of pure butter.

E. J. Bowman delivered a lecture on temperance from the balcony of the court house on Monday night, to a large crowd which listened attentively throughout. He knows the evils of drink from personal experience and portrays them in eloquent language. He was cured by treatment at the Bedal Gold Cure Institute of Bloomsburg. The meeting closed with a few appropriate remarks by Rev. P. A. Heilman.

Don't fail to see Gidding & Co's all wool men's suits at \$8.45.

Children's Day in Trinity Reformed Church.

Children's Day will be appropriately observed in Trinity Reformed Church next Sunday morning. The exercises will begin promptly at 10.30. Extensive preparations are being made to make this a memorable event in the history of the congregation, and all who attend will not go away unrewarded. Everybody is cordially invited.

Last December Mr. P. W. Ash, one of the energetic and progressive farmers of Fishingcreek township purchased five head of young cattle of Ira Sutliff, of Fairmont Springs, their average weight being 575 pounds each. He began feeding them Dec. 10th, 1893, and when sold one day last week, to A. W. McHenry, our energetic butcher, their average weight was 903 pound each, a clear gain of 1605 pounds. This is another convincing proof that it pays the farmer to feed his grain to cattle. In addition to the increase in weight, which amounts to a handsome net profit, he has the manure which is of the first importance to the successful farmer as a means of enriching his lands and increasing its productivity.—Benton Argus.

Festival at Jamison City.

On Saturday evening, June 16th, Mr. George B. Vought and the Misses Fannie Lettier, Mattie Voorhis, Eva Cole and Kate E. Davis have arranged for a grand festival at Jamison City. Under the supervision of the executive committee above mentioned an enjoyable time may be anticipated by the attendants. The home band will furnish the music and the ladies will look after the spread of the tables. It is said the handsome ladies of this place manage to get something to eat on the tables about every time they have a festival. As the proceeds are to be used for a Sunday School library there is no estimating the worth of the cash here invested.

GOLDEN WEDDING.

Mr. and Mrs. Samuel Fowler, of Berwick, will celebrate the fiftieth anniversary of their marriage on the 23d inst. It is not often that married people live long enough to enjoy their golden wedding, and it is right that such an event should be properly observed. A large number of invitations have been issued, and it will no doubt be a joyful occasion.

Congressional Purity.

A timely provision is that recently presented to Congress by a Populist from Nebraska named Allen. He says it is calculated "to preserve the purity of national legislation." He proposes to bring it about by providing that none of our dignified Senators or Representatives shall hereafter be permitted to deal in speculative stocks, bonds, &c., whose value may be enhanced by their own votes. This is a straight forward cut and a direct blow at his colleagues and comrades in Congress assembled, and, being one calculated in a measure to retrench and diminish their perquisites, we are afraid the bill will die before it is born, while its would-be parent is apt to die in childbirth for want of sympathy and proper nursing and Congressional "pap." Worst of all, Mr. Allen has been so imprudent as to affix a penalty to his righteous provision which if applied to the offending statesmen would put him out of Congress and leave him at home and in jail. Viewing the bill and its holy purport through unbiased spectacles it looks too radical for its own salvation; especially when you come to consider that Mr. Allen can only cast one vote against all the rest in Congress. And you know they don't believe in sumptuary laws of this kind. As we have already intimated we have given apprehension that this lovely infant will die before it is born.
