NEIGHBORHOOD NEWS.

Interesting Items From Various Points in the County, Reported by Our Staff of Correspondents.

JERSEYTOWN.

Samuel Farnsworth and family, of Chicago, are visiting at Miles Smith's for the present.

Nora Lee came home on Saturday evening to spend a week with her parents.

John Watson, from Bloomsburg, is visiting friends here this week. He brought his wheel along.

Conrad Kremer, Augustus Hartline and Peter Workheiser left on Wednesday morning for Williams Grove to attend the Granger's picnic.

The chicken and waffle supper on Saturday evening was a grand success which netted them about \$60. The proceeds are for the board-walk.

The following teachers were selected for the coming school term year, viz: Preston Eves, for town, Francis Kenlin, for Kenlin, W. H. Christian, for Spruce Hill, Miss Eves, for Vandiere, Miss Eves, for Spruce Run, Sarah Masters, for Demott's, Della Wagner, for Limber Hill, Bessie Turner, for Geiser, and a Miss Deiterich, for the Dutch Hill school. They made good selections.

H. W. Terwilliger has purchased another horse. It is rumored that he is going into the lumber business.

GREAT RAILROADS.

The Atchison, Topeka, and Santa Fe Railroad Company has 7,125 miles of line in operation; the Southern Pacific, 6,500 miles; the Chicago, Milwaukee, and St. Paul, 6,083 miles; the Louisville and Nashville, 4,700 miles; the Northern Pacific, 4,400 miles; the Chicago and Northwestern, 4,300 miles; the Chicago, Rock Island and Pacific, 3,500 miles; the Illinois Central, 2,900 miles; the Pennsylvania, 2,500 miles; the New York Central and Hudson River, 2,100 miles; and the Baltimore and Ohio, 1,000 miles.

IT PREVENTS THE ENTRANCE of disease—pure blood or an active liver. How explained? The circulation of the blood is the great highway over which the germs of disease travel, the liver is the quarantine through whose gate any dread disease may or may not pass, as the liver chooses.

Are you watchful? Is your blood in order and your liver active, so as to repel disease? If not, you will find in Dr. Pierce's Golden Medical Discovery just the help you need. It comes to your assistance when you have such warnings of impure blood and inactive liver, as pimples, boils or carbuncles; or a feeling of lassitude, weakness and despondency. When your flesh is, from any cause, "reduced below a healthy standard," you've only to take the "Discovery," which will set all the organs into vigorous action and builds up both flesh and strength. Avoid nauseous preparations of Cod liver oil. They add fat, but not wholesome flesh or healthy tissue.

Council Meeting.

An adjourned meeting of the Town Council was held on Monday evening, when action was taken upon several important matters besides granting a permit to the D. L. & W. R. R. Co., to construct an extension of their switch across Catharine street and along Ninth.

The Council convened at their usual time and place. Present, President Drinker and members Yost, Knorr, Sterling, Hicks, Wilson, and Creasy. The ordinance passed by Council relating to privileges granted the railroad was subject to approval by the company.

The proposed Electric Street Railway was brought up and the Committee, Messrs. Wilson, Sterling and Drinker, through the latter reported as to their trip of investigation as follows:

According to resolutions passed at last meeting Jasper Wilson, Isaac Yost and Francis P. Drinker went to Wilkes-Barre on Thursday last. Mayor Nichols said: "The electric railway or ways pay a license of \$10 a year for each car used. T rails should not be permitted, the plank placed alongside are a nuisance. Make them pave streets fully and remember if T rails be granted at all to make them T girder," &c.

From Scranton we went to Nanticoke. The Mayor there said: "We make them pay \$12 per year license for each car used, 25c. per year for each post, \$1 per mile for each mile of wire. Don't let them spring T rails on you. Go slow and protect yourselves all you can. Make them pave between rails and three feet next outside," &c.

From Nanticoke we went to West Pittston and Pittston. Pittston requires \$10 license for each car used and advises tram or girder rail and the same as other places in regard to paving, &c.

From Pittston to Hazleton. Hazleton said, "Prohibit T rails. Don't grant sidings or switches unless under approval of Council. In their Broadway the Electric Railway placed two tracks, calling one a siding, &c. Advise caution in granting franchise, &c.

Scranton has other good clauses in her ordinance. One we especially ask you to observe, that is section 10, as regards snow falls—removing same, &c. We submit various ordinances to you, hoping we may from them be able to judge what we may grant and what require."

Several ordinances as adopted by Scranton, Wilkes-Barre and other places were also read on the same subject.

It was finally decided that the Council should meet Thursday night for the sole purpose of preparing an ordinance for the Street Railway, said ordinance to be presented and passed upon at the next regular meeting, or sooner if meeting is called.

A surprise to many, however, was when Mr. Creasy arose and presented a resolution and moved its adoption that the motion made at the meeting Monday night, August 20th, re-leasing Oak Grove Park, be reconsidered, which was done by the vote of Creasy, Yost, Wilson and Hicks.

Then the original motion, as made by Mr. Creasy at the former said meeting, was again put, namely, "that Council re-lease Oak Grove Park as per lease of '92. The motion was lost by all members voting no.

On motion of Hicks and Yost the solicitor was directed to file an answer to the bill in equity filed by Emanuel Keichner in the matter of Oak Grove. E. B. Tustin appeared and offered to throw out to public use 112 by 24 feet of land in front of his house and about 100 by 24 feet in front of P. G. Miller's, all on Market street, provided the town pays the cost of paving along the latter's property on said street, said cost not to exceed 17 cents a foot.

On motion of Wilson and Knorr said proposition is accepted.

On motion the Secretary is directed to notify L. E. Waller as to the condition of out-houses on his premises near Tenth street.

Pullman on the Stand.

The National Labor Commission held a recent session in Chicago and revealed the fact that the Pullman Company had declared a dividend this year of \$2,800,000. Mr. Pullman gave as the reason for reducing the wages of the employees that the manufacturing department was losing money; and that notwithstanding this handsome dividend from the plant as a whole he saw no reason why the company should maintain or raise the wages of men in a department which was losing money. Thus it would seem that the beneficent effects of high protection on everything entering into car-building on a large scale is only retroactive upon the wages paid labor when the beneficial effects are felt in every blessed department of the manufactory or plant. The case in question looks rather too clear to be clothed in much doubt, while \$2,800,000 seems to be a heap of clear money to be earned in a single year by and through the labor of car-builders who struck because their wages were reduced below what they deemed a fair living rate. This seems to be the case in a nutshell.

THAT'S QUEER!

You say a collar and cuff that are waterproof?

Yes. And perspiration will not affect them?

Yes. And when dirty you need only wipe them off with a wet cloth or sponge?

Yes. Wonderful! How are they made?

A linen collar covered on both sides with waterproof "CELLULOID." Looks exactly like a linen collar.

Is it the only waterproof collar and cuff made?

No, but it is the only one made with the linen interlining and consequently the only one that can give entire satisfaction, because it is the best.

How can I know that I get the right kind?

Because every piece is stamped as follows:

Inquire for that and refuse anything else, or you will be disappointed.

Suppose my dealer does not have them?

He probably has, but if not, send direct to us, enclosing amount. Collars 25c., Cuffs 50c. State size, and whether collar wanted is stand-up or turned-down.

THE CELLULOID COMPANY, 427-29 Broadway, NEW YORK.

HOME COMFORT Steel Ranges.

Wrought Iron Range Co. — ST. LOUIS, MO. — Founded in 1864. Paid up Capital \$1,000,000

PENNSY. COL. CO., PA., AUG. 11, 1894. Wrought Iron Range Co., St. Louis, Mo. GENTLEMEN—We have purchased one of your Home Comfort steel ranges of your salesman, Mr. Spotts, and are pleased to give our testimony for the benefit of your company and its employees. Have used it in baking bread, which it did nicely in forty minutes, with four small sticks of wood. The oven was ready for baking in twenty minutes from the time the match was applied to the wood.

WE can heartily recommend it to all those who are in need of a good range as being far superior to any we have ever used. D. A. MUNSON, E. L. MUNSON.

PENNSY. COL. CO., PA., AUG. 11, 1894. Wrought Iron Range Co., St. Louis, Mo. GENTLEMEN—Having purchased one of your Home Comfort ranges and pleased to say that in my experience of twenty years housekeeping I find this range to be best I have ever used. It gives perfect satisfaction in every respect. In fact would use no other. CELIA P. SHEETS.

CATAWISSA, PA., AUG. 18, '94. Wrought Iron Range Co., St. Louis, Mo. GENTLEMEN—This is to certify that we purchased a Home Comfort range of your agent and it has indeed proved itself a comfort. We have used it with the utmost satisfaction for all cooking, and for baking qualities think it cannot be excelled. We have told our friends that we would not give up this range for one hundred dollars unless we were sure we could purchase another. It affords us great pleasure in recommending it to any family in need of a first-class range. HENRY GOTSHALL, MRS. HENRY GOTSHALL.

CATAWISSA, PA., AUG. 11, 1894. Wrought Iron Range Co., St. Louis, Mo. GENTLEMEN—We take pleasure in stating that we are well pleased with the Home Comfort range purchased of Mr. Spotts. It gives entire satisfaction in all respects; it is a good baker, and for general cooking we can conscientiously recommend it to the public. PHILLIP MANHART, MRS. PHILLIP MANHART, LIZZIE MANHART.

Democratic State Convention.

HEADQUARTERS DEMOCRATIC STATE CENTRAL COMMITTEE, 14 SOUTH MARKET SQUARE, HARRISBURG, PA., August 23, 1894. To the Democratic Electors of Pennsylvania.

In accordance with a resolution passed at a meeting of the Democratic State Central Committee held August 22, 1894, notice is hereby given, that the members of the Democratic State Convention, which convened in Harrisburg on Wednesday, June 27, 1894, will meet in State Convention, in the Opera House, Harrisburg, Pa., on Tuesday, September 11, 1894, at eleven o'clock A. M., for the purpose of placing in nomination a candidate for the office of Representative-at-Large in Congress, to fill the vacancy caused by the death of Hannibal K. Sloan, and for the transaction of such other business as may be presented.

Section 7 of Rule VI of the Rules of the Democratic Party in the State of Pennsylvania, provides as follows:

"Sec. 7. In the event of the death or withdrawal of any candidate nominated by any Democratic State Convention or in the event of any vacancy occurring in any office, which vacancy is to be filled by an election by the qualified electors of the State of Pennsylvania, the Democratic State Convention composed of the Delegates who constituted the last preceding Democratic State Convention shall have power to nominate a candidate for the office affected by such death or withdrawal or by such vacancy if the same is to be filled at an election to be held prior to the next regular or stated meeting of the Democratic State Convention; Provided that if such death, withdrawal or vacancy shall occur within thirty days of the time fixed for the general or special election to fill any such office, the Democratic State Central Committee shall have power to nominate the candidate."

JAMES A. STRANAHAN, Chairman Democratic State Central Committee. OLIVER R. SNYDER, Secretary Democratic State Central Committee.

God to the Rescue.

Very many centuries of time and very many millions of dollars have been spent in the vain effort to civilize and christianize both China and Japan. Everything seems to have been done through the peaceful means of missionary effort, and from time immemorial to christianize the heathen. It now looks as though the more severe process of war is to be the agency, and the only agency, by which their civilization and christianization can be effected. Who can tell how many millions of missionary money have been spent in vain upon them, or how many lives have been sacrificed in the hope of christianizing and refining them? So long, indeed has the vain effort been made that churches in America and elsewhere have suffered ridicule just in proportion to their zeal for the missionary cause. But of course millions are still begged annually for this old, old cause. The charge has grown proverbial that "it takes one dollar to get one cent to the heathens, and hence the necessity for larger contributions from the christianized, sympathetic and hopeful." While many give nothing, the many giving something make up the millions of dollars contributed in good faith annually; and we shall not presume to claim that no good whatever has resulted from these generous contributions. We must say, however, that very little headway seems to have been made when we consider the superiority of christianity as observed from a humane standpoint, the vast amounts contributed annually, and the length of time during which these contributions have been solicited and, we trust, faithfully applied. There is not a church in christendom pretending to conform with church government, but what makes special effort annually for the missionary cause.

To the mind of the writer it is a question whether christians are not as much to blame as heathens for the necessity of war to bring about an evolution through which alone lies any substantial hope of reclaiming the heathen. Can it be that there is too much truth in the exaggerated charge that about one cent out of every dollar contributed has been going straight towards christianizing the heathen, while the ninety-nine cents have fallen short of the mark and been absorbed among home idolaters who are either too rice or too lazy to work for a honest living? Can it be that there is too much truth in this charge? Whatever the cause of crude idolatry's cursing the earth to day—after 1894 years of christianizing effort—God himself knows. We don't pretend to know for certain; but whatever the cause may be, we anticipate a most substantial evolution throughout all heathendom by and through the war now in progress. "The mills of God grind slow, but they grind exceeding fine."
