

THE PATTERSON-KELLEY WEDDING.

The New York *World* of last week Wednesday, gives the following account of a wedding which is of interest to Bloomsburg people:

"Over 1,000 invitations were issued for the wedding of Miss Grace E. Kelley, daughter of Mr. and Mrs. Benjamin Kelley, of 680 Greene Avenue, to Mr. Frank Linton Patterson, of Boston, which took place last evening in the Tompkins Avenue Congregational Church, and long before the appointed hour of eight the building was crowded to its utmost capacity.

Promptly at the hour named the bridal procession entered the church. The arrangement was novel. Six ushers entered by the central aisle to the vestryroom door and there met the four bridesmaids. Then they proceeded up the aisle again and met the bride with her father and attended by the maid of honor.

All proceeded to the altar, where the service was read by the Rev. I. M. Patterson, of Bloomsburg, Pa., the father of the bridegroom, assisted by the Rev. Dr. Meredith, uncle of the bride.

The bride is a petite brunette, and wore a becoming gown of white satin, richly trimmed with point and duchesse lace. Miss Pauline Totton was the maid of honor, and the bridesmaids were Miss Evangeline Kelley, Miss Edith Bergen, Miss Elizabeth Smith and Miss Maud Patterson, of Bloomsburg, Pa. The maid of honor's gown was of pale blue silk, while the bridesmaids were costumed alike in white mousseline de soie, over white silk. They all carried bunches of white carnations. The best man was Mr. Warren Rue Kinsey, of Newark, and the ushers were J. Howard Patterson, of Bloomsburg, Pa.; J. Willis Fox, of Passaic, N. J.; Gilbert Harvey, of Providence, R. I.; W. Egbert Thomas, of Milford, N. J.; Daniel Babbitt, of Morristown, N. J., and Charles Cooley, of Philadelphia, Pa. Mrs. Benjamin Kelley, the mother of the bride, wore a beautiful gown of lavender satin, heavily trimmed with point and duchesse lace. The mother of the bridegroom was equally handsomely attired in black satin.

A large reception followed the ceremony, held at the residence of the bride's parents. The parlors were exquisitely decorated with banks of maiden-hair fern and American Beauty roses, and tall palms swayed gently in the various corners. Weir was the decorator. The wedding souvenirs were very dainty; the bride-maids received handsome gold laurel, wreath pins, and the ushers canes of natural wood with silver filigree handles. The bride received a magnificent diamond daisy from the bridegroom, and presented him with a diamond ring.

HAVE QUIT BUSINESS.

The Mutual Savings & Loan Co., 10th and Walnut streets, Philadelphia, Pa., has dropped into that oblivion which was predicted early in the summer. The concern was claimed to be an incorporation under the laws of Virginia, and was organized early in the present year and was formed for the purpose of issuing profit-sharing investment certificates on the principal of building and loan associations. The officers were: Allen Middleton president, Wilmer M. Higby secretary and Joseph S. Lindsay, treasurer, but they were succeeded by others, it seems, as a different list was given on the letter heads of the company. The scheme was to issue certificates of \$100 par value to members, and each was compelled to pay a yearly membership fee and weekly assessments before being eligible to borrow from the company. The concern could not have been successful in its venture, as reports say that letters addressed to it are returned to writer with the indorsement that it has "gone out of business." That it succeeded in mulcting the publishers, in the face of cautionary reports, is proven by the fact that claims against it are received for collection.—*Con. Union.*

BLOOMSBURG FAIR.

On account of the Columbia County Fair to be held at Bloomsburg October 9th to 13th inclusive, the Pennsylvania Railroad Company will sell excursion tickets to Bloom Ferry and return, October 9th to 15th, good to return until October 13, inclusive.

During the fair will be good time for our subscribers to call and pay their subscriptions.

PENNSYLVANIA STATE SABBATH SCHOOL ASSOCIATION.

The Thirteenth Annual Convention of the Pennsylvania State Sabbath School Association will be held in Huntingdon, October 9-11. It promises to be one of the most interesting and important Sabbath School Conventions ever held in our State. The Hon. Robert E. Pattison, Governor of Pennsylvania, will open the Convention with an address, on Tuesday evening, October 9. The sessions of Wednesday and Thursday will be devoted to the discussion of the best methods of advancing the interests of the Sabbath School work of our State, and to addresses, conferences and normal classes.

Among those who have already promised to be present are the Rev. C. J. Kephart, author of several well-known Sabbath School helps; the Rev. Rufus W. Miller, Sabbath School Secretary of the Reformed Church in the United States, the Rev. C. R. Blackall, editor of the Sabbath School periodicals of the Baptist Church; the Rev. E. Morris Ferguson, General Secretary of the New Jersey Sabbath School Association; Miss Juliet Dimock, of New Jersey, one of the most successful Primary Class teachers of the day, and the Hon. John Wanamaker, Superintendent of the largest Sabbath School in America, who will make two addresses, one of them upon "The Successful Superintendent."

In addition to this long list of leading Sabbath School workers who will attend the Huntingdon, Convention, you will be glad to know that B. F. Jacobs, Esq., Chairman of the International Executive Committee and President of the World's Sabbath School Convention, has promised to be present during the entire Convention, to take such part as may be deemed advisable in addresses, conferences and discussions.

Northumberland Baptist Association.

The Baptist meetings last week were well attended and successful. Very nearly 200 Baptists from out of town were in attendance. The series of meetings was said by the delegates to be one of the best held in recent years. The officers were Prof. W. E. Martin of Lewisburg, Moderator; Rev. J. T. Judd of Lewisburg, Clerk; and S. H. Burrows of Picture Rocks, Treasurer. Sermons were preached by Rev. W. H. Ellis of Jersey Shore, and Rev. F. S. Dobbins of Philadelphia. Addresses were made by representatives of national and State Societies. A very interesting meeting was held Thursday evening in the interests of Young Peoples Societies and work. Two new churches were received and five new pastors were welcomed. The number of baptisms reported for last year was 358; total membership, 4,796; total money raised \$47,290.00. The Association will meet next year in Jersey Shore, and Rev. G. E. Weeks, of Bloomsburg, was appointed to preach the doctrinal sermon.

The delegates were favored with delightful solos by Mrs. Rev. A. H. Smith, of Berwick, and Miss Ida Falls of Williamsport. The singing of the Y. M. C. A. male choir on Thursday evening was very much enjoyed. The drill of the Berwick Baptist Boys' Brigade, on Market Square, was very good and was witnessed by many. The significance of this work was probably understood by only a few who saw the drill. It is not a company simply for military practice, but all of those boys are pledged against strong drink, tobacco, and impure language, and must attend Sunday School.

Rev. J. G. Miles, who in 1841 preached the first sermon ever delivered by a Baptist Minister in this town, was present at the meetings. All the delegates were entertained by Baptist families except a few who stayed with special friends. Rev. P. A. Heilmann and Rev. C. H. Brandt were present at some of the services.

Another Industry.

The bicycle having evidently come to stay among us, we now also have a shop for repair and manufacture, it is well to know, on the corner of Fifth and West streets in southwest Bloomsburg. The title of the establishment is "The Bloomsburg Cycle Works." It is now in full operation manufacturing and repairing. The firm also does enameling and nickel-plating when called for. They are now at work on a double diamond tandem, preparatory for the coming fair. It is something new.

Aaron Patterson, of Orangeville, has been appointed a Fishwarden for this county, by the Pennsylvania Commissioners of Fisheries.

THE BLOOMSBURG FURNITURE CO.

The buildings of this company are located in southeast Bloomsburg, just south of the D. L. & W. railroad tracks. They are substantially built and of brick material, the main building being a three story structure and to this east and west wings are added which are two stories high.

It is a stock company the principals of which are Dr. F. W. Redeker, President; Samuel McKamey, Secretary; and Theodore Redeker, Treasurer. The establishment has a capacity of turning out twenty-five full chamber suits per day. It also manufactures in large quantities both of cheffioniers and sideboards. The propulsion is by steam power generated through a boiler of 100-horse-power capacity, and the works are driven by an 80-horse-power engine. About 60 men are employed when the works run at full capacity, as at present. Oak is the principal material used and it is gotten from western Pennsylvania and West Virginia.

A FAIR FAIR.

It is generally so; hence its general popularity. If it lives and thrives while others die in their weak attempt we attribute it largely to the fairness of the fair. With Darwin we believe in the survival of the fittest fairs, and we particularly call attention to the longevity and present good health of the Columbia County Agricultural society. Upon examination it will be found to be round, fat and sleek—just like the animals and things it exhibits. This fair would deem it unfair to put a poor skinny and bony thing of any kind on exhibition—except of course its race-horses which are mere incidental introductions to please the children and others possessed of abnormal tastes and appetites. Don't forget the big Columbia County fair. It will be held at Bloomsburg, Pa., October 9th to 13th, 1894. It is the long looked for event of the season, after the bounties of nature are gathered in Columbia County. Here the choicest of fruits, vegetables, and grain are exhibited. Here the best poultry, cattle and horses are exhibited. Here the ladies display their finest handiwork from parlor to kitchen and from garret to cellar. In fact an immense building, filled with beautiful specimens of ladies' handiwork, and the finest of the labors of agriculturist and horticulturist is here opened daily for the edification of all. Here also may be seen hotly contested exhibitions of speed on Wednesday, Thursday, Friday and Saturday, on the finest half-mile race track in central Pennsylvania. \$2,600 in purses is the money inducement to competitors. The bicycle races on Wednesday, Thursday and Friday will certainly attract. Excursion trains and special rates on the several railroads. Consult the special time tables.

THE BAND CONCERT.

Last Saturday evening the Band gave their first concert under their new leader, Mr. Ett'nger of Milton. It was given in front of the Court House, and the street was thronged with people. A marked improvement is already apparent. The boys get better tones out of their instruments, and play with more precision and accuracy, and with expression. All that they have needed was a competent leader, and now that they have one, they can stand up with any band in this end of the State.

A brick pavement has been laid along the Waller land on Market street, from the railroad to E. B. Tustin's property, and Ohio stone along Mr. Tustin's and Mrs. Miller's lots to the canal.

W. A. Evert, the genial secretary of the board of managers of the greatest county fair in the State of Pennsylvania, (namely that of Bloomsburg) reports that the lists of exhibits are pouring in upon him for place and classification.

Columbia County Teacher's Annual Institute.

The Columbia County teacher's institute will meet in the Bloomsburg Opera-House on Monday, Oct. 22.

The talent for the meeting has been selected with great care.

The instructors for the week are Hon. N. C. Schaeffer, State Superintendent, Dr. J. P. Gordy of Ohio, Dr. E. O. Lyte of the Millersville Normal School, Dr. J. P. Welsh of the Bloomsburg Normal, Miss Gertrude Edmond of the East Stroudsburg Normal, Miss Nellie Moore of Chicago, and Prof. I. D. Gresh of Milton.

For entertainment as well as instruction the following eminent talent has been secured: Elfreda Barnes-Gottschall of Harrisburg, and Miss Vida Bowman of Philadelphia, soloists; Dr. Byron King for Monday night, Roberts Harper, (illus. lecture) Tuesday night, Will Carleton, Wednesday night, and the Chicago Rivals for Thursday night.

This is one of the strongest institute lecture courses ever brought to Bloomsburg. Mr. F. M. Leader, manager of the B. & S. R. R., is willing to run a train as far as Orangeville after the lectures provided any one will give him a guarantee of a reasonable number of passengers.

It is difficult to estimate the curtailment of profits that used to accrue to steam railroads through the present use of the electrical current and the convenient little bicycle. It is pretty safe to conclude, however, that steam railroad stock has reached its maximum and that the dividends heretofore declared to holders will never again be equaled in this country.
