HE CAUGHT THE TEACHERS. Dr. J. P. Welsh Takes Their Part--A Vote Of Thanks Tendered.

The Harrisburg Patriot of Friday last contained the following concerning our distinguished townsman, Dr. J. P. Welsh:
The most popular speaker at yesterday's sessions of the Dauphin county Teachers' Institute, as far as the teachers were concerned, was Dr. J. P. Welsh, principal of the State Normal School at Bloomsburg.

"On the training it receives prior to being placed in school depends a great deal its future. He alluded somewhat bitterly to the failure of fathers and mothers to give the proper early training to children and with no little sarcasm said the primary school teacher was expected to make good boys and girls of them."
"What!" said Dr. Welsh, "Is that baby's stomach ruined already?" "That's about it," was the reply. "Its parents have been feeding it buckwheat cakes and sausage."

When the doctor returned, having prescribed a diet of milk on his first visit, he told the speaker the youngster was sitting at the table eating his buckwheat cakes and sausage. Such diet for a baby struck the teachers as being extremely ludicrous and there was considerable laughter.
Dr. Welsh said there was great need of moral training on the part of parents. He said the teacher received but little assistance in the average home and yet parents insisted on complaining that their boys and girls were not what they ought to be.

The Bloomsburg Daily, May 3, '93 says of the concert given by Elwell's Orchestra on May 2, '93:
"One of the largest and most select audiences that ever attended the Opera House was assembled there Tuesday evening to attend the Orchestral Concert. It was one of the finest musical treats our people ever had an opportunity of listening to, and convinced those present that we have an orchestra of which we can feel justly proud."

When base-ballers quit playing and go to calling each other traitors over the honors and the spoils it is time to change the game to foot ball or something mild and gentle like. We quote the recent impressive but demoralizing words of the National League:
"To-day the future of base ball is confronted by treachery within the lines." In consequence of this important discovery the so-called traitors, Buckinburger, Bernie and Pepper, were recently recommended for expulsion, they having only until December 3d to set things right.

The COLUMBIAN of May 5th '93 says of the concert given by Elwell's Orchestra on May 2 '93:

"The members of the Orchestra have every reason to feel well satisfied with themselves. Their concert on Tuesday night was a great success in every respect. The program was performed in a most pleasing manner, and the audience which was one of the largest that has gathered in the Opera House for some time, as well as one of the most select, was enthusiastic in its appreciation. The Orchestra is a credit to the town and well merit the encouragement they have received."
