THE COLUMBIAN, Bloomsburg, Pa.

FRIDAY, JANUARY 25, 1895.

Chicago believes in asking for what she wants, no matter whether it be a World's Fair or a government building costing \$4,000,000.

The Republican leaders of Philadelphia are evidently very much worried by the nomination of ex-governor Pattison by the democrats, for Mayor of that city.

The rebellious of Hawaii having been punctually suppressed, according to the reports of consuls stationed there, peaceful communication between the different islands has been resumed.

English Umpiring.

The Japanese began bombarding Teng Chow Foo on Saturday. The reporter says that the British war ship Daphna and the American cruiser Yorktown also proceeded to Chow Foo to witness the bombardment.

Ex-Governor Pattison and Colonel Bonaffon Told of the Honor Done Them.

The letter prepared and agreed upon to be presented to Mr. Pattison, informing him of his nomination for Mayor of Philadelphia, was as follows: "The Democratic City Convention held January 16, 1895, nominated you as the Democratic candidate for Mayor of Philadelphia, and directed that we should officially inform you of that fact.

"Your nomination was made not only because of your high character and position in the community, and of your eminent qualifications for that high office, but also in response to a spontaneous demand of your fellow-citizens of Philadelphia, irrespective of party, that you should lead the movement in favor of municipal reform and honest government.

"It gives us pleasure to convey to you this information, and we cordially express the hope that you will accept the nomination so tendered and lead in what will be a successful movement for better government in Philadelphia."

The letter of notification to Colonel Bonaffon was presented by the committee to him during the afternoon. It read as follows:

"The people of Philadelphia without regard to party affiliation, have unmistakably indicated their desire that nominations for the chief municipal offices to be filled at the ensuing election shall be made with reference to character and fitness rather than to partisan opinion or prejudice. In deference to that feeling, and because it was believed that you were in every way amply equipped for the efficient performance of the duties of Receiver of Taxes of Philadelphia, the Democratic Convention, held January 16, 1895, unanimously nominated you as a candidate for that important office.

"We have every confidence that you will be cordially supported by the voters of Philadelphia, irrespective of party, and there is very strong ground for the belief that you will be elected. We trust you will see your way clear to accept this nomination and that you will advise us of your acceptance at an early date."

Both candidates have accepted the nomination.

Labor and Capital.

Concerning the relations between labor and capital Governor Hastings in his inaugural address assumes that labor should be protected. But we are left to conjecture how these divergent interests can be equally favored while the protective rate is fixed in the one case, but not in the other.

"While the question of the peaceful settlement of contentions between organized labor and organized capital is almost as old as organized society, yet the subject is more important and momentous now than ever before. Recent experiences in this country indicate that public sentiment and matured judgment resulting from knowledge of the facts have uniformly been the best and most powerful arbiters of such disputes.

Deceptive Legislation.

The Supreme Court, as a matter of course, has affirmed the decision of both the lower courts in the case of the United States against the Sugar Trust, denying the constitutionality and validity of the Sherman anti-trust act of 1890.

The tariff act of that year was framed expressly to encourage and promote the combination of sugar refiners known as the Sugar Trust. It could have had and was meant to have no other effect.

Every time that an attempt has been made to put this anti-trust act in force the courts have knocked it out, and the public has by this time learned that in spite of all pretence to the contrary the Sugar Trust owes its power to the McKinley act and the Congress of 1890.—Phila. Times.

"A friend in need is a friend indeed."

A friend advised me to try Ely's Cream Balm and after using it six weeks I believe myself cured of catarrh. It is a most valuable remedy.—Joseph Stewart, 624 Grand Avenue, Brooklyn, N. Y.

My son was afflicted with catarrh, I induced him to try Ely's Cream Balm and the disagreeable catarrhal smell all left him. He appears as well as any one.—J. C. Olmstead, Arcola, Ill.

Price of Cream Balm is fifty cents.

Another Way to Provide Plenty Money.

WASHINGTON, January 21.—Two financial bills were introduced to-day by Representative Warner, of New York. One gives the Secretary of the Treasury discretionary authority to issue bonds in denominations of \$50 and multiples thereof, payable in coin at the option of the United States after three years and due in ten years, with interest at 3 per cent., the total outstanding issues not at any time to exceed \$250,000,000.

The second bill proposes to repeal the act of 1878 forbidding the further retirement of legal tender notes, and provides that all hereafter received, except those issued under the act of 1890, shall be destroyed. To carry out the redemption of notes the Secretary is authorized to sell bonds at not less than par similar to those described in the act of 1870, except that interest may be fixed at the most advantageous rate, not exceeding three per cent. It also repeals the provision of the banking act of 1882, which stipulates that no national bank that makes a deposit of lawful money to withdraw its circulating notes, shall be entitled to receive any increase of its circulation for the period of six months.

The Eligibility of Gov. Pattison.

Henry Flanders, who is a constitutional lawyer of high authority, being asked his opinion on the question of Governor Pattison's eligibility to the office of Mayor of Philadelphia, said: "I think he is eligible. While Governor he was absent in the service of the State. While thus absent he remained an inhabitant of Philadelphia by the express words of the law. If he voted in Harrisburg he could not vote in Philadelphia. But he did not cease thereby to be a citizen of the State and an inhabitant of the city, because when absent on the public business of the State his inhabitancy continued, the same as if he had been present. Even if he had voted illegally his inhabitancy would have continued.

"But the right of citizens of this State, temporarily in the service of the State, to vote in the place where they are thus employed is directly recognized by the law of the State. By so doing the only right they forfeit is the right to vote in the election districts where they permanently reside. It in no way effects their eligibility to the office of Mayor of Philadelphia under the terms of the Bullitt bill."

The proposition is to elect a reform mayor, and the Bullitt bill is quoted against the proposition. The very idea of reformation is obnoxious to some folks in Philadelphia. Pattison is a reformer.

What Dr. MacTaggart HAS DONE AND IS DOING. The Doctor wishes the public to understand that he is not soliciting the ordinary run of cases, but desires just such diseases to treat that other physicians cannot succeed with or at least fail to cure. When you suffer from such a case (consultation is free), have him thoroughly diagnose your case, and then what he tells you can be relied upon as a fact beyond refutation. Some may say, "Why go to Dr. MacTaggart when we have so good doctors here as anywhere?" Yes, so you have in their line of practice, but not in those specialties that Dr. MacTaggart is schooled and practiced in. In support of this unqualified assertion those who have been suffering for years should read his testimonials—not only read them, but investigate the truthfulness of them. Where the physicians who can remove cancers without pain and cure it beyond peradventure? He does it. Where can you find another physician in Pennsylvania who can remove tumors of even 60 pounds weight without the use of the knife, without pain, and without leaving a scar? Dr. MacTaggart does it. What physician can cure fistulas without cutting or causing the least pain or soreness during treatment? Dr. MacTaggart does it successfully. These are golden truths—golden because it proves beyond dispute that the science of medicine in specialties particularly, is advancing with rapid strides far in the lead of the regular practitioner. 1-18-ly.

MONEY LOANED Do you want to borrow money on equitable terms? Do you desire to pay off a mortgage and re-borrow the money at 5 per cent. interest annually? Would you care to be so situated that you could reduce the mortgage against your home by paying off a small amount monthly and at the end of each year receive credit for all paid? With interest being charged only on remaining portion of loan. Would you like to buy your family a home? If so, read the following: I represent a company that has embodied in its plan all the features enumerated above and many more. Can you see any reason why you should pay a large interest for money when you have good security? Can you present any good reason why it is not as well to receive profits yearly as to wait from 7 to 10 years as one does in many of the Associations? Is not the reduction of interest yearly better than waiting many years for profits? Borrowers under the plan represented by me assume absolutely no risk as each \$1.00 paid on the loan is credited on the mortgage, thereby reducing it in proportion to the amount paid. Building Associations have benighted hundreds of thousands, so did the old cars that were propelled by horses. Our plan is as far superior to Building Associations as the trolley cars are to the old antiquated horse car system. My time is too much occupied to answer questions for the curious, but those seeking information for the betterment of their condition will receive full information promptly. We offer an investment to those who have a small amount to save monthly that has no superior as to safety and seldom equaled for profits. Call or write. S. D.
