#### SHAMOKIN COUNTY SCHEME. Jack McCarthy, of the Hazleton " Sentinel," Has Revived It.

Jack McCarthy, editor of the Hazleton Sentinel, has revived the Shamokin county scheme. He says that a movement is on foot to organize Shamokin county out of portions of Northumberland, Schuylkill and Columbia. Shamokin is to be the county seat Jack is the man who started the Hazle county scheme several years ago. The scheme would not work with the Legislature then in the name changed from Hazle to

Quay. Jack's one ambition is to see Hazleton a county seat. Just what he means by the revival of the old Sha makin scheme is not understood. The Shamokin county movement was very its way to Harrisburg. Now Jack's revival is likely to stir the coal metropolis people up again. This Legislature has all it can do to dispose of the Quay and Grow county schemes without tackling a third. If the Shait "Farmer" Kulp county. Then if the Legislature throws it over evidence thereof. "Farmer" will have Congress make a State of it. - Sunbury Daily.

#### COAL DIRT IN THE RIVER.

During the past two years the counties bordering on the Susquehanna river have been stirred with popular indignation over the pollution exceeding five dollars for each subof the great stream by coal dirt and culm from the coal mines. Mass meetings have been held and resolutions adopted with a view to securing prohibitive legislation at this session, but three months have passed and nothing has been done. When the bill prehibiting any person or persons from polluting the streams which are stocked with game fish by the State fish commissioners, with saw dust or shavings, came up in the State Legisfature Friday there was plenty of cross firing. But when Mr. Kunkel, of include coal dirt and culm in the prohibition, a chill affected the bill and down it went Mr. Kunkel made an earnest appeal for his amendment, but it was voted down. Protection of some kind is needed very badly. The Susquehanna at this point is affected to such an extent that the bottom of the river is completely covered with coal dirt. Something should be done to remedy this evil and prevent our beautiful stream from being turned into a common sewer to carry off the water and other refuse from the mines - Sunbury Item.

#### HICKS ON APRIL WEATHER.

From Warm to Cool. From Fair to Rain and Hail.

Rev. Irl D. Hicks, editor of Word and Works, makes this estimate of April weather. Opening cool and fair. Warm wave and storm about the 2nd and 3d. A regular storm period from the 7th to the 11th, central about the 9th, with the appearance of the new mom. After the 9th look for sharp changes to colder. Warmer weather will appear about the 15th or 16th, with showery weather and hail storms. Some of the most violent storms of the month will fall not far from the time of the new moon-about the 22nd to the 25th. It will grow warm about these dates with storms of rain, had or thunder. As the storms leave cold weather will follow. About the 27th or 28th there will be a sudden change to very warm. The end of the month will be approached with cool, fair weather.

The Sunbary nail mill will be started about the first of May, and employment will be given to 65 or 85 men and boys. The monthly pay roll will be from \$2500 to \$3500.

A new company has been organized, and will operate under the charter of the old Sunbury Nail, Bar and Guide Fron company. The mill has already been rented and work is being pushed rapidly towards getting the plant in shape for the resumption.

We have made arrangements by which we can furnish this paper and the twice a week New York World 21 for only \$1.75 a year. Here is the opportunity to get your own local pa pe and The New York World twice every week at extraordinarily low Tates.

to walk to my place of employment, a distance of

only half a mile. I suffered almost incessantly

from sick headache. I had racking pains all over

my body. The least exertion would tire me out.

Going up one flight of stairs would make my heart

beat at a terrible rate. I was induced to take Hood's Sarsaparilla, and now, after taking less than

I have only had a slight headache once since.

"My health has been poor for a good many years

before I began to take Hood's Sarsaparilla. Finally

I decided to take Hood's and can honestly say that

it has done me more good than any and all other

treatments. I was troubled with dyspepsia, food

distressed me, and I had but little appetite, was

weak and nervous. In fact my trouble bordered on

nervous prostration, from which I had previously

suffered. I took Hood's Sarsaparilla last summer

and it did me ever so much good. It does not seem

as though I am the same person. My appetite is

greatly improved, I am less nervous, have more

strength and a can eat heartily without distress.

Such a condition was unknown to me before taking

Hood's Sarsaparilla." Mrs. G. C. CLAY, Barre, Vt.
