Cut back the rose bushes so as to get more new wood. They can stand considerable shortening and will be benefited thereby. Rose bushes will not thrive on grass plots. They must be on rich land and kept clean of grass and weeds, while the soil should be loosened slightly on the surface occasionally. They should not be cultivated too much. Simply keep the ground clean.

MRS. D. W. ARMSTRONG.

E. J. Brown began sprinkling the streets on Thursday morning. His sprinkler has been newly painted. Last year the Water Company made no charge for water, but this year they have fixed the price at sixty dollars. Considering the price paid by the town for water for fire purposes that is never used, the company ought to permit free use of the water for the principal streets.
