

BOTTOM OF THE OCEAN.

What Becomes of the Ships That Sink in Storm and Battle.

In looking at the ocean, the mind almost instinctively turns to the fate of the ships which have found their resting place therein.

Fancy has depicted these vessels as thickly strewn over the bottom of the ocean, and at times suspended in the depths, unable on account of the density of the water to find their way down.

When it reaches the bed of the sea it must in part sink into the ooze, which everywhere is deep. Quickly the creatures of the sea, who, by long existence in fields where food is scanty, have learned to avail themselves of every chance of subsistence, seize upon all the organic matter which fortune has sent to them.

Ships of European peoples have been for centuries finding their way to the floor of the ocean. Probably over 100,000 vessels have met this fate since the time when our race first began to spread throughout the world.

How swiftly they disappear in these conditions may be judged by the experience of the diver who has sought for sunken treasures. Almost invariably, after a hundred years or so has passed, they find that the craft is quite lost sight of.

THE LIVERY HORSE.

Hardly any class of animals suffers so much from ignorance, carelessness and cruelty on the part of drivers as the livery horse. Many of the people who hire horses know nothing about driving or caring for them; many others, since they do not own the horse, care nothing about any injury to him provided they do not have to pay for it, and still another class takes pleasure in driving him at the top of his speed as long as he can go, regardless of his distress.

The only remedy is to educate public opinion up to the point where people will treat horses well for the horses' sakes, and see to it that others do so also.

A Minister's Experience With Heart Disease.

Rev. L. W. Showers, Elderton, Pa.: "For many years my greatest enemy has been organic heart disease. From uneasiness about the heart, with palpitation, it had developed into thumping, fluttering, and choking sensations. Dr. Agnew's Cure for the Heart gave instant relief. A few bottles have rid me of almost every symptom of heart disease. It is a wonder-worker." Sold by Wm. S. Rishton. 6-15-17.

ORIGINAL CONSTITUTION.

How the Precious Document Is Kept Sealed Under Glass.

The original Constitution of the United States was written upon a long roll, that was afterward cut up and put under glass in five oak frames two inches deep, and fourteen by nineteen inches in size. In four of these frames are parchment sheets easily filling the space, on which are written the Constitution of the United States. In the fifth frame are the signatures and the resolution submitting the document to the States for ratification.

The lines of this original Constitution of the United States run across the sheet, and the penmanship is very coarse. The preamble, which so many of you can repeat, is separated from the text by a narrow space, and there is an attempt at fancy lettering in the opening words, as there is in the Articles of Confederation. Many of the signatures are the same as are found at the bottom of the Declaration of Independence.

A SYRACUSE LADY.

Suffered from Heart Trouble, Liver Complaint and Rheumatism, and was cured.

From Syracuse (N. Y.) Herald.

The efficacy of Dr. Kennedy's Favorite Remedy was substantially proven—in the case of Mrs. C. S. Abell, of this city.

Mrs. Abell, lives at No. 114 Roberts avenue, where she was seen by a reporter. She talked freely of her case and said: "For a number of years I have been troubled with liver complaint and rheumatism that made me almost helpless. I became so ill I could scarcely walk the floor. One of our home physicians informed me that I had heart trouble and began treating me for that. His treatment did no good. One day I read of Dr. Kennedy's Favorite Remedy which I purchased, and began taking, and improved greatly. I have now taken six bottles, and was never so well in my life. I can say nothing but kind words for Dr. David Kennedy's Favorite Remedy, to which I owe so much. I know of another case in which Favorite Remedy restored to health a friend, who was thought incurable."

Mrs. Abell also said she would be glad to describe her case to any sufferer. The family are quite as profuse in their praise of Favorite Remedy as Mrs. Abell herself.

Dr. David Kennedy's Favorite Remedy is a never failing specific in diseases of the skin and blood. It restores the disordered liver to a healthy condition and corrects constipation. It is a certain cure for the diseases peculiar to women. It cures scrofula, salt rheum, erysipelas, nervousness, loss of sleep, or that worn out feeling. In cases of rheumatism, dyspepsia, Bright's disease, gravel, diabetes and bladder troubles, it has cured where all else failed. Dr. David Kennedy's Favorite Remedy is sold by all dealers in medicine at \$1 bottle, or six bottles for \$5. 2t.

NEW YORK FASHION LETTER.

Madame la Mode showers so many artistic novel designs and shades of colors on the new cotton fabrics that it will not be the fault of her toilette if the summer girl is not a picture this season.

The new cottons are not only exquisite in ornament and elegant in effect, but they are, what is most desirable of all, inexpensive, and when made up according to the latest caprice of la Mode, they are dreams of beauty and daintiness. Lovely creped chollies come in a variety of Dresden effects. Sometimes the whole gown is scattered with exquisite blossoms or ornamented with a charming Dresden border.

One cannot imagine the fascinating and fairylike effect of the new flowered lawn trimmed with gauze Pompadour ribbons combined with embroidery or lace. One beautiful imported gown of green organdie is so exactly the shade of June grass that with the perfectly colored wild flowers scattered over it, the effect brought to the mind is a vision of fresh country fields with bright blossoms. The very full paysanne skirt is made over a foundation slip of pale violet silk. A back gauze ribbon painted with butter-cups and tied in knots at intervals borders the bottom of the dress. The corsage is trimmed in fichu effect with delicate mill embroidery and the same butter cup ribbon.

As for points of information concerning street gowns, the drooping waists, large sleeves and full skirts increase in popularity.

Modistes from Paris bring skirts very wide, but less stiffened than formerly. The average width is five or six yards at the foot and close fitting about the hips. Those like the design on first page of "La Mode de Paris" for June are specially popular.

An exquisite little summer gown is illustrated in the Paris Fashion Letter of the "Paris Album of Fashion." The most charming and picturesque group of children's summer costumes and dainty little bonnets are seen in "La Mode." The very toilette on the cover of the "French Dressmaker" is a poem in itself. All the above-mentioned journals are published by the well-known house of A. McDowell & Co., 4 West 14th Street.

"La Mode de Paris" and "Paris Album of Fashion" \$3.50 each for a year's subscription or 35 cents a copy; "The French Dressmaker" is \$3.00 per annum, or 30 cts. a copy; and "La Mode" is \$1.50 a year, or 15 cts. a copy. If you are unable to procure either of these journals from your newsdealer do not take any substitute, but apply by mail to Messrs. McDowell & Co., 4 West 14th Street, New York.

You've No Idea.

How nicely Hood's Sarsaparilla hits the needs of the people who feel all tired out or run down from any cause. It seems to oil up the whole mechanism of the body so that all moves smoothly and work becomes delight. If you are weak, tired and nervous, Hood's Sarsaparilla is just what you need. Try it.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, sick headache, indigestion.

SIMPLIFIED ELOCUTION.

A new book, bearing the above title, by Edwin Gordon Lawrence, teacher of elocution and director of the Lawrence School of Acting, has just been issued. Simplified Elocution is a comprehensive system of vocal and physical gymnastics; it contains explicit instructions for the cultivation of the speaking voice and gesture; directions for the production of breath, sound and speech, and a thorough explanation of the muscles and organs employed; rules for articulation, modulation, emphasis and delivery; postures and movements of the feet, body, arms, head, eyes, etc.

To the treatise is added a Complete Speaker, consisting of selections in poetry and prose suitable for recitation, which, as the author says in his introduction, "are not chosen on account of their newness, but from their intrinsic merit and their adaptability as exercises."

The work is designed for the special use of teachers, actors, students, colleges, schools, and all those who wish to perfect themselves in the noble art of expression.

The book, which contains 232 pages, is handsomely bound in cloth and gold, and will be sent postage free on receipt of \$1.00 [New York: published by the author, 106 West 42d Street.]

Use it in Time.

Catarrh starts in the nasal passages, affecting eyes, ears and throat, and is in fact, the great enemy of the mucous membrane. Neglected colds in the head almost invariably precede catarrh, causing an excessive flow of mucus, and if the mucous discharge becomes interrupted the disagreeable results of catarrh will follow, such as bad breath, severe pain across forehead and about the eyes, a roaring and buzzing sound in the ears and oftentimes a very offensive discharge. Ely's Cream Balm is the acknowledged cure for these troubles.

Division of a Fraction.

EDITOR COLUMBIAN.

Dear Sir:

A. B. seems to think X. Y. Z. is wrong, and takes some space to prove his point.

Now X. Y. Z. takes this position, that the assertion that a greater number can be contained in a smaller number is false in theory, false in practice and false in fact.

We have yet to learn that $\frac{3}{4}$ of a dollar divided by $\frac{2}{3}$ of a dollar will equal $\frac{8}{9}$ of a dollar; that is to say $66\frac{2}{3} \div 75 = 88$ and eight ninths. If this is a fact then I know of no easier way of making money and I will agree to furnish the dividend if A. B. will find the divisor, and I will take the quotient. We will go a little further. The ground work of division is to make a thing smaller, and in all questions of this kind value is not taken into consideration. We say $\frac{3}{4}$ is contained in $\frac{2}{3}$ one time so is $\frac{2}{3}$ contained in $\frac{1}{2}$ one time; $\frac{1}{2}$ in $\frac{1}{3}$ one time 3 in 1 one time, no question as to value.

A five gallon cask will not contain a sixty four gallon hoghead without a dangerous strain on the hoops.

Reduced Rates to Philadelphia via Pennsylvania Railroad

On the occasion of the dedication of the Odd Fellows' Temple at Philadelphia, May 21, 1895, the Pennsylvania Railroad Company will sell, on May 20 and 21, excursion tickets to Philadelphia and return from all points on its system east of Pittsburg and Erie, north of Quantico and south of Canandaigua, inclusive, at a single fare for the round trip, with minimum rate of fifty cents. Tickets will be good for return passage until May 23 inclusive.

This rate is open to the public, and offers an excellent opportunity for a visit to Philadelphia at a very small cost.

Fast and frequent express trains run from Philadelphia to all principal New Jersey seashore resorts.

IT WILL BE A GREAT DAY.

Odd Fellow's Dedication Parade at Philadelphia. Special Low Rate Tickets via Reading Railroad.

One of the events of the year will be the dedication of the mammoth and magnificent temple of the Independent Order of Odd Fellows, just completed, at Philadelphia. The dedicatory ceremonies, which will be of a highly impressive character, will take place in the new building on Tuesday, May 21, and will be supplemented by a great parade of the Order in the afternoon of the same day. The procession will be one of the largest and most imposing civic pageants ever witnessed in this country, and it is predicted that more than 100,000 visitors will pour into Philadelphia from points more or less distant in this and other states.

To enable the public at large, as well as Odd Fellows and their families, to enjoy the great spectacle at a moderate expense, the Reading Railroad will sell special excursion tickets from all stations on its lines to Philadelphia at the rate of a single one way fare for the round trip, no tickets, however, to be sold for less than 50 cents. Children between five and twelve will be carried at one-half the special rates. These excursion tickets will be good on all trains going to Philadelphia on May 20th and 21st, and for the return trip until and including May 23rd.

A Piece of Her Mind.

A lady correspondent has this to say: "I want to give a piece of my mind to a certain class who object to advertising, when it costs them anything—this won't cost them a cent."

I suffered a living death for nearly two years with headaches, backache, in pain standing or walking, was being literally dragged out of existence, my misery increased by drugging.

At last, in despair, I committed the sin of trying an advertised medicine, Dr. Pierce's Favorite Prescription, and it restored me to the blessedness of sound health. I honor the physician who when he knows he can cure, has the moral courage to advertise the fact."

The medicine mentioned cures all the delicate diseases peculiar to females, as "Female Weakness," periodical pains, irregularities, nervous prostration, spasms, chorea or St. Vitus's Dance, sleeplessness, threatened insanity.

To permanently "cure" constipation, biliousness, indigestion or dyspepsia, use Dr. Pierce's Pleasant Pellets.

Reduced Rates to Reading, Pa., via Pennsylvania Railroad.

On May 28 the main festivities in connection with the Annual Conclave of the Knight's Templar at Reading, Pa., will be held, and on that day the Pennsylvania Railroad Company will sell excursion tickets to Reading and return from all points on their Schuylkill Division, Williamsport, Wilkes-Barre, Sunbury, and intermediate stations, at a single fare for the round trip, with minimum rate of twenty-five cents. These tickets will be good on that day only.

A special train will leave Reading at midnight for Philadelphia, stopping at principal intermediate stations.

A FATAL ENVELOPE.

Cut in the Tongue While Licking Its Business Man Died.

S. Fechheimer of Chicago died on the 2nd from blood poisoning as a result of cutting his tongue while licking an envelope. Mr. Fechheimer's death was a singular instance of the dangers of blood poisoning, and his case is almost unparalleled in medical science. Saturday night he was writing to his family, telling of his successful conclusion of some business negotiations.

He made ready to seal the envelope and passed the mucilage portion of it across his tongue. The edge of the envelope was sharp and cut Mr. Fechheimer's tongue so that it bled a little. He thought nothing of it, however, until the next day, when his tongue began to swell and pain him. The symptoms of a serious case of blood poisoning were manifest to the doctor who was called to Mr. Fechheimer's hotel Sunday. The latter grew worse rapidly. The poison in the mucilage got into his blood and soon permeated his entire system. He was reported a little better Wednesday, but yesterday his condition sank and he breathed his last in the afternoon. Barely a drop of mucilage caused his death.
