NEW YORK FASHION LETTER

In the make up of the Summer wardrobe for leaving town, the bicycle gown, or rather the bicycle outfit, is such an important factor that the choice of material and style is a serious question. Mohair or alpaca is a favorite fabric and is equally desirable for street and travelling costume on account of its light weight. Linen, duck and holland in tailor form, with blazer or Eton jacket and dainty cotton or silk shirts are made up for mid-summer wear. For cooler days the Norfolk jacket increases in popularity. Mohair also appears in the new bathing costumes and is a serviceable fabric as it does not easily absorb water. The "Trilby" jackets, now so popular, are very pretty in mohair, lined with bright colors and trimmed with revers of velvet or silk. These jackets are made up in the same material of the skirt as well as of pique, embroidery and linen to be worn with wool skirts. Fancy waists are more abundant, more varied and more attractive than ever. The styles, fabrics and trimming with their Dresden and Watteau effects are ideal.

Delicate white toilettes are exquisitely trimmed with Louis XV ribbons and Marie Antoinette berthas. Large Leghorn hats massed with flowers of every hue add the final touch of picturesque effect. In looking over the new *Fashion Magazines* at hand we find the "Paris Album of Fashion" "La Mode de Paris,"

Pennsylvania Railroad Company's Summer Excursion Route Book.

THE MOST COMPLETE PUBLICATION OF ITS KIND.

The Passenger Department of the Pennsylvania Railroad Company will, on June 1, publish its annual Summer Excursion Route Book. This work, which is compiled with the utmost care and exactness, is designed to provide the public with short descriptive notes of the principal Summer resorts of Eastern America, with the routes for reaching them and the rates of fare. There are over four hundred resorts in the book, to which rates are quoted, and over fifteen hundred different ways of reaching them, or combinations of routes are set out in detail. The book is the most complete and comprehensive handbook of Summer travel ever offered to the public.

Its 270 pages are inclosed in a handsome and striking cover, in colors. Several maps, presenting the exact routes over which tickets are sold, are bound in the book. It is also profusely illustrated with fine half-tone cuts of scenery along the Pennsylvania Railroad and elsewhere.

Any doubt as to where the Summer should be passed will be dispelled after a careful examination of the contents of this publication.

On and after June 1 it may be procured at any Pennsylvania Railroad ticket office at the nominal price of ten cents, or, upon application to the general office, Broad Street Station, by mail for twenty cents.

A NEW OFFICE CREATED.

MR FRITZ OPPOSES IT.

The bill creating the office of deputy auditor general at a salary of \$3,000 a year passed finally in the house Wednesday by a vote of 163 to twenty-five. The house has completely reversed itself on this measure. Three weeks ago the bill was defeated by a vote of sixty-nine for to ninety-six against. It was subsequently reconsidered and remained undisturbed on the calendar until it was called up by Mr. McClain. Representatives Martin, Focht and Fow, who formerly opposed the bill, advocated its passage and voted for it. They explained that a personal examination of the affairs of the auditor general's department showed the absolute necessity of such an office and contended that there was no good reason for any member voting against it.

Representative Fritz, who has opposed every measure creating a new office or increasing salaries introduced in this legislature, was the only member to raise his voice against it. He said there were already seventeen attaches of the department of the auditor general at an annual cost of \$28,000, and contended there was no necessity for this office.

The bill now goes to the governor for his action. There seems to be no doubt but that it will be approved. As soon as the governor has disposed of the proposition Auditor General Mylin will reorganize the force in his department. Colonel John A. Glenn, of Philadelphia, will be appointed deputy; Captain P. D. Bricker, of Jersey Shore, will be retained as corporation clerk, and Sam Matt Fridy, of Lancaster, will succeed Fred. Schober, of Philadelphia, as chief clerk. Other changes will follow.
