sold to Philadelphia, Pottstown and Harrisburg capitalists. The price paid was \$12,000. The new company will repair the mill at once and start it as soon as possible. Five hundred men and boys will be employed. The mill has been idle since April 1890.

# Y. M. C. A. NOTES

The Young Men's Christian Association is conducting Gospel Meetings in the tent, Market street near Sixth every night this week. They are in charge of Evangelist, Rev. Sam Blair, of Altoona, who is doing a practical and effective work.

Sunday afternoon at 2:30 o'clock a meeting for men only will be address-ed by Mr. Blair. These meetings have been attended by crowds, as the tent is one of the coolest and best places to spend an hour Sunday afternoon. We want 400 men out to the when the authorities caused his remeeting next Sunday.

# NOTICE TO TAXPAYERS.

The duplicates for 1895 are now in my hands for collection." All dog, state, county and school taxes paid before Saturday August 14th, a reduction of five percentum will be allowed, I will be at the office of Guy Jacoby Esq., over Post Office on Thursday, Friday and Saturday, August, 15, 16 and 17 and Thursday, Friday and Saturday, August 22, 23, and 24 between the hours of 2 and 6 o'clock in the afternoon to receive taxes.

J. K. BITTENBENDER, Collector. 6-28-4t. 123 West Fifth St.

The D. L. & W., Railroad Company is running an extra freight train through this place every afternoon. The large increase in tonnage is due to the Lackawanna Steel Company's having purchased the Cornwall iron ore mines at Lebanon, and all this ore is being hauled via Pennsylvania and D. L. & W. roads, to Scranton, where it is manufactured into steel.

Some of our weekly exchanges announced last week that they would issue no papers this week, on account phia Weekly Times for one year of the 4th, "in accordance with the general custom." It is not the custom THE COLUMBIAN and the New York in this county, and has not been for World twice a week, for \$1.75. This years. This week I lorld contains twelve pages of than usual, and the office will be

On Sunday morning two gentlemen met at the corner of Main and Market streets near S. F. Peacock & Co's. and one asked the other if he had seen a dispatch in the Saturday papers J. S. Williams will go to Pittsburg stating that the proprietor of the Sands & Astley show had been arrested at Shenandoah on a charge of bribery and resisting an officer, and committed to jail without bail. At this point a stranger approached, and hearing the remark, he stopped and said, "No, he is not in jail, for I am the man." He then proceeded to explain, saying that the trouble arose from his discharging a man, who claimed twenty five dollars due for wages. There were but six dollars due the man, and this was offered, and refused. The man went before a justice and took out a writ of the circus and was about to seize three thousand dollars worth of the told his men to put him out of the tent, which they did. The officer then got out warrants for the proprietor for bribery, alleging that he tried to bribe him when he went to serve officer. The showman was taken bemanding the sum of four hundred dollars and costs. This was refused, and and entered bail in the sum of \$1500. and swore out warr....ts against the

# Horrible Inhumanity.

The report comes from Selinsgrove of a most barbarous piece of treatment of William Hinkle, of Union township, Snyder county, perpetrated by his wife. They are both old people, Mr. Hinkle being 75 years of age. He is infirm and semi-demented and was charged by his wife with being violent at times. The poor authorities had the matter brought to their notice and went to the home of the couple to make an investigation. They found the old man tied in his bed, securely bound around his body with a strap; his hands were also strapped together and his legs were bound with a chain and locked with a padlock. He had been held captive in this condition for about four weeks lease one day last week. It is said the old man was found in a pitiable condition. The chain from long contact had imbedded itself deeply in his flesh, causing severe suffering.

When Baby was sick, we gave her Castoria When she was a Child, she cried for Castoria, When she became Miss, she clung to Castoria, When she had Children, she gave them Castoria,

July to be Cool and Rainy, Says Mr. Hicks.

"My last bulletin gave forecasts of the storm wave to cross the continent from the 25th to the 29th, and the next will reach the Pacific coast about the 29th, cross the west of Rockies country by the close of the 30th, the great central valleys July 1 to 3 and the eastern States about the 4th.

Average rains may be expected through the central portions of the attachment, and an officer, came to United States, leaving a deficiency in the extreme north west of Rockies country about June 29, great central valleys July 1 and eastern States July 3. A cool wave will cross the west of Rockies country about the 2d, great central valleys July 4 and eastern

States about the 6th. The cool wave will inaugurate an extended cool period and what is herein designated as the cool half of the month. Each month is usually divided into about two weeks of cool and two weeks of warm weather, and the difference in the average temperature of those two periods is almost universally of a radical type. It is of great importance to know when these warm and cool periods will occur.

Each of these twelve to fifteen days first justice for refusing to allow bail warm periods has two storm waves, two warm waves and two cool waves, and each of the twelve to fifteen days were held in \$1000 heil for appear | cool periods has the same.

#### PRINCIPAL'S REPORT.

At the close of the term of the Bloomsburg Public Schools, L. P. Sterner, principal submitted the folowing report:

To the Bloomsburg School Board: GENTLEMEN: I have the honor to resent to you the following report of he progress and condition of the pubic schools of Bloomsburg with some statistics concerning the same, for the year ending June 11, 1895.

STATISTICS. Number of pupils enrolled during term increase over enrolment of last term. Average attendance during the term, ercentage
No. of pupils enrolled in High School,
Percentage of attend in H S, during term
to, of visits by patrons,
Sumber of visits by directors,
Sumber of visits by others,
Sumber of teachers' meetings.

ROLL OF HONOR.

Thirty-five pupils attended every day of the term, and it gives me pleasure to present the names of those who made this bright record, and to add that all of them with one exception were promoted during the year. Reasonable patrons need no stronger evidence of the important bearing of regular attendance upon the pupil's progress than this list of names furnished. Those on this roll of honor are Geo., Helen, Zoe and Scott Vanderslice, Lucy, Susie and Mattie Coffman, Verda, Mary and George Corell, Lydia and Willie Ahlemann, Hattie and Charles Drake, Tilly and Mayberry Hughes, Clara Fornwald, Mary Knapp, Gertrude Rinker, Bruce Pen man, Charles Marr, Ray Neyhard, May Rhodomoyer, Blanche Williams, May Hess, Howard Kahler, Lizzie Strohm, Edith Kesty, Deily Johnson. Nola Cook, Ethel Kelley, Frank Shafer, Mary Lewis, Anna Loyd and Cur-

EXAMINATIONS AND PROMOTIONS.

The problem of examination and promotion is one of the most difficult in the management of your schools. Most rains fall during the cool per- What shall be the length of interval fitness for promotion be determined? I challenge the world in making Shall the promotion be made solely School a year and in all other grades The rain belt for July appears to at least a half year. In the primary grades the estimate of the teacher has as much weight as the examinations, direction of Charleston and Key West in the Intermediate and Grammar ation, while in the High School the pupil's promotion depends almost enperature forecasts for the coming win- tirely upon examination results. This plan is not iron-clad but has been tin. I believe my calculations for the modified now and then to suit the conditions. The examination papers are of a most important character. It of all pupils are preserved until the will be a remarkable winter as to temopening of the succeeding term, so of all pupils are preserved until the that dissatisfied patrons or others can A new order issued by all express following table shows the number of examine them if they so desire. Fifth Street School.
(a.) Interm'd't, Sannel Pursel.
(b. Alice dgar,
Secondary, Annie Fox,
Mary Sheep,
(a.) Primary, Louise Robbins,
Hattle Ringrose,
(b.) Anna Sayder,
Besse Robbes,

You will notice that the (a) Primary, the Secondary, the (a) Intermediate grades and the High School will be too large, and if possible the teachers in these grades should be relieved. The first three grades can be relieved in part at least by promotions, but the High School can only be relieved either by the formation of a new grade, or the employment of an additional teacher. I favor the adoption of the former plan which must be done in another year. Our course of study is from one to three years shorter than in the other graded schools in this part of the State. Therefore pupils reach the High School from one to three years sooner than they would if the course were longer.

Reading especially in the Primary of Bloomsburg have progressed the school, is the most important branch in the common school curriculum. It is indispensable to the pupil because it gives him the power to get thought and feeling through the written or printed word. The printed word must be known before it can be read intelligently. The pupils in our pub-The results of this method in the Pri- ments that have been made in your latter part of Sept. 1894, you intro-duced the Pollard Synthetic Sound This step made graduation possible. System of teaching reading in two of I have had the honor to graduate four the four (b) Primary, or First Year classes, the only graduates ever sent that you might be able to compare and made uniform in all schools of their results.
