" La Mode de Paris " and " Paris Album of Fashion " cost \$3.50 each per year's subscription or 35 cents a copy. court.

Next to being lost at sea there is nothing that brings on the pangs of thirst quicker than bicycle riding. The hot sun and the constant inhala tion of dust quickly parches the throat and makes the biker long for the next stop for refreshments. The wise rider avoids ice water, well knowing its danger. Alcoholic beverages are likewise tabooed because of their heating propensities, and there is little satisfaction in wishy-washy stuff sold under the broad classification of "soft

drinks." A well known wheelman, in speaking of this, said :

"What to drink is no easy problem to a man on a long, hot run. The only drink I know really fit for a bicycle rider is Hires' Rootbeer, carbonated. There are but few places now at which it cannot be had, and I tell you it braces one right up, seems to go right down to the bottom of your pedal workers. It is cooling and refreshing, quickly lowering your temperature and fully satisfying your thirst. I tell you there's nothing like it, and Iv'e sworn off all other drinks when on the road." Hire's Rootbeer, carbonated, is made from the famous Hires' Rootbeer extract by the same formula, without adulteration of any kir.d. Besides being delicious it possesses many medicinal qualities, making it as popular with wheelmen and
