A street fakir held forth on Market Square Tuesday night commenting on merits of a shoe blacking which he was endeavoring to unload on our citizens. WE ARE PROSPERING.

A walk through the streets of our town reveals the fact that we are having an era of prosperity seldom equalled and never excelled by any. Go in any direction you will, and you will find scores of new dwelling houses being erected whilst many are undergoing extensive improvements. And the houses which are being built are good substantial ones—built to stay. All the industries are working on full time, and have large orders booked, thus insuring plenty of work during the coming winter. Another matter that is worthy the notice of capitalists and persons seeking location for new industries is the fact that notwithstanding the diversity of the industries, there has never been a strike. Our wage earners and employers alike, are to be congratulated upon this state of things, as it proves good feeling between them, each working for the others good. We are not selfish in our prosperity, but any one intending starting new works will find a hearty welcome to our beautiful town.

The forty-second annual fair of the Union County Agricultural Society will be held at Brook Park, Lewisburg, on Sept. 24, 25, 26 and 27. Excursion rates on all railroads. It is one of the oldest organizations of the kind in the country, and with increased age its exhibitions become better. This fact will be demonstrated this year more than ever before, as the management is composed of enterprising gentlemen, who have formulated a list of premiums that will prove very attractive to owners of fast horses, live stock raisers, farmers and farmers' organizations, manufacturers and others. Full particulars are given in pamphlets issued by the Society, which can be had on application or by addressing G. E. Long, Secretary, Lewisburg, Pa. The public is assured that this year's exhibition will prove pre-eminently attractive.

"The National Favorite," is the title bestowed upon Mr. Eugene O'Rourke by his multitude of friends and admirers, who will appear at the Opera House Friday Sept. 6 in The Wicklow Postman. From New York to Frisco, and from Boston to New Orleans, Gen'l O'Rourke is as well known socially as any one traveling. After listening for nearly two years to the earnest solicitation of his numerous friends to get a good piece and become a star, he finally consented and the result is best told by the following from the World, New York, after his brilliant debut August 19, at the Fourteenth Street Theatre: "Never was a new star given such a reception in New York. Basket after basket of flowers passed over the footlights, and the smiling, but nervous recipient, bowed his acknowledgements over and over again. The piece was a hit, and the star,—well, he always was good, but as Dick Conway, he is great."

Wednesday afternoon, Mrs. C. E. Smith, and daughter, of Plymouth, Wisconsin, Mrs. Thomas Stout, and daughter of Philadelphia, Mrs. Dr. Schuyler, Misses May and Julia Sharpless, and Mrs. W. L. Eyerly, comprised a party of ladies who went to the glen near the Pennsylvania Railroad Depot, on the opposite side of the river for an outing, and they had a good time. Bloomsburg has the reputation of having the best schools in the State, and the manner in which they are appreciated by our people, is seen by the following enrollment in the different rooms.

HURLEY MICHAEL.
Fine Building Lot.

When T. L. Gunton gets his filling and culvert finished on his Market street lot, there will be no finer one on the street. It has taken work, money and material to do it, but "Tod," as he is called by his friends, has plenty of pluck and energy, and when he undertakes to do anything generally succeeds. It is rumored that he will build an elegant home on it in the near future.

"What I Eat Does Me No Good."
How often this expression is heard—Life destroying dyspepsia has told on you when you feel thus and should not be trifled with. There is but one remedy that can permanently cure you, Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y., a vegetable compound endorsed by the medical profession. Druggists sell it.

Quick Work.
It seems but a few days since the lot adjoining the old Henry Klein stand on East street was vacant. A Minister's Experience With Heart Disease.
Rev. L. W. Showers, Elderton, Pa.: "For many years my greatest enemy has been organic heart disease. From uneasiness about the heart, with palpitation, it had developed into thumping, fluttering, and choking sensations. Dr. Agnew's Cure for the Heart gave instant relief. A few bottles have rid me of almost every symptom of heart disease. It is a wonder-worker." Sold by Wm. S. Rishton. 6-15-1y.
