The following article appeared in the Phila. Times last Saturday, and as it relates to a man well known to many of our readers we republish it:

READING, September 6.
Daniel S. Zellner, of Philadelphia, to-day had a capias issued against Judge Frank L. Shuman, of Catawissa, Columbia county, charging him with having alienated the affections of Catharine Zellner, his wife. Mr. Shuman was on a visit to this city to-day on business and was arrested by Deputy Sheriff Shaeffer.
The plaintiff claims \$10,000 damages. Shuman entered bail for court. The defendant is about 60 years of age and is reported to be quite wealthy. Mr. Zellner is about 47 years of age and his wife is several years younger and prepossessing.
Zellner is a carpenter. The couple have no children.

BUSY PLACES.

The wagon shop of J. D. Brobst, as well as the paint shop of his brother Will, are busy places. Lots of wagons in course of construction, and many orders on the book. This state of things is not to be wondered at, as they are practical mechanics themselves, and employ only skilled workmen. The Winona hose carriage is there waiting a coat of paint.

ARGUMENT COURT.

Judge Metzgar of Williamsport heard testimony in the injunction proceeding in the Conyngham and Centralia Poor District case proceedings in Equity, on Saturday.

Messrs. Wilhelm of Pottsville, and Wintersteen and Barkley represented the Complainants, and Messrs. Scarlet of Danville, and Freeze of this place the Respondents. The proceedings were on a motion of Complainants to continue the injunction.

Attorneys for Respondents move the Court to dismiss the bill for the reasons:

- 1st. The Court has no jurisdiction.
- 2nd. For want of proper parties.
- 3rd. For want of Equity.
- 4th. Because there is remedy in law.

The Court reserved its decision on these objections, and the following testimony was taken:

G. M. QUICK SWORN.

"Have been Prothonotary and Clerk of the several Courts of Columbia County for five years. Was Deputy Prothy for ten years. In canvassing the vote where there are more than one election District in the Township, we add the total vote for the several candidates, and the one having the largest vote is recorded as elected. By the writing upon the return sheet for the Spring election of 1895, in Conyngham Township, Peter Lenihan was elected Poor Director. The figures gave Patrick Cain the largest vote. We made up the returns from the writing, and not from the figures.

In E. North District, Lenihan had 78 votes, and Cain 124.

There was no discrepancy between the writing and figures.

In W. North District, Lenihan had 48 votes, and Cain 19.

There was no discrepancy in this District.

In E. South District, Lenihan had 53 votes, and Cain 48.

In this District it was not written, simply figures.

In W. South District, Lenihan had 70 votes, and Cain 42.

There was no discrepancy in this district.

In West District, had 47 votes, and Cain 38. In this District there was a discrepancy. Opposite the written number 47 in Lenihan's vote, were the figures 31, and opposite the written number 38 in Cain's vote, was the figures 49.

The return shows erasures at figures 51 and 49. They were filed with me by the election officers as follows: Returns in E. S., and W. S., and West, February 20th, at 11 o'clock A. M. E. N. and W. N., on the same day at 3 P. M. Lenihan filed his oath of office March 30, 1895, and the affidavit was made before David Walsh Notary Public, March and, 1895, according to the returns as written, Lenihan received 296 votes, and Cain 271 votes in the District. The figures made the vote as follows: Lenihan 280, Cain 282.

I made my return from the writing in the return sheets with the exception of E. South, where there was no writing. All figures. The contest was started soon after. Lenihan filed his oath of office after the contest had been commenced. Cain filed his certificate of election on February 26th 1895 and Lenihan filed his March 30 1895. The petition for contest was filed March 9 1895. Don't know who the return Judges issued a certificate to."

MARTIN ASHTAN—"Live at Freeland. In February last lived in West election District."

Mr. Scarlet objects to the testimony of the witness, as he is not competent to contradict the returns, and for the reasons as given above. Court allows the witness to proceed with his testimony reserving the decision. "I was clerk for the board in the West District. I was to see that the votes were tallied. Was to tally each vote as they were called off. I entered the vote on the tally sheet. Some of the figures are in my hand writing." (Return sheet shown witness) "I can see erasures in it. Peter Lenihan had 47 votes and Cain 38. The tally

showed it that evening. I wrote it in the triplicate return sheet, I put some of the figures in it, not those opposite the names of Lenihan and Cain. The written numbers represent the vote tallied for Lenihan and Cain. The figures opposite the names of Lenihan and Cain do not represent the vote they received.

CROSS EXAMINED.—As a matter of law they should. The making up of the tally sheet is not in my hand writing. The figures and writing do not agree now, they did the night of the election."

JAMES FRANCIS—"Live at Wilburton in the West Election District was majority inspector. Was there when the vote was counted and tallied. Did not make up the tally sheet or Duplicate return sheet. The clerks done that. The vote as counted and given out was Lenihan 47 Cain 38. It was posted on the outside of the door of election house. The papers were sealed up before I left. The clerk called out 47 for Lenihan and 38 for Cain. The Judge announced the vote. The vote received by Lenihan and Cain is fresh in my mind. I know how many they received without looking at the return."

THOMAS BARRETT—"Live in E. North District. Was in the West District the day after the election. I saw the statement hung up on the door of the election house. I was candidate for auditor and that is the reason I was interested."

MICHAEL MURPHY—"Live at Wilburton and was clerk to the election board. Counsel for Complainant proposes to prove that he assisted in making tally sheet and &c., and that there was 47 votes cast for Lenihan, and 38 for Cain. Objected to for same reasons as given above. "I made up some of the triplicate return sheets. I wrote the names of the different candidates. Written numbers and figures are not in my hand writing. The vote as tallied that night was 47 for Lenihan, and 38 for Cain."

PATRICK GILLESPIE—"Was Judge of the election. The vote as tallied was Cain 49, and Lenihan 31. Don't know whose hand writing figures are in. Several of the Judges were with me when I brought the returns. I done more of the writing in the tally or triplicate return sheets. To the best of my recollection Lenihan received only 31 votes. I was one of the return Judges and the certificate was issued to Cain."

JAMES GALLAGHER—"Lived at Mid Valley last Spring election. Saw the returns after they were posted."

CHARLES BECKER, "Was Constable
