

WASHINGTON.

from our Regular Correspondent.

WASHINGTON, Oct. 18th, 1895.

Carry the good news to Dixie! Mrs. Cleveland and the ladies of the cabinet will probably accompany President Cleveland and his entire cabinet when they leave Washington for the Atlanta Exposition, next Monday. Mrs. Cleveland did not intend to go, but when she learned how disappointed the thousands who had never seen her but hoped to do so at the exposition and en route would be if she did not, she, with her usual good nature and obliging disposition, has been almost persuaded to change her mind and go.

President Cleveland and all the members of his Cabinet met for the first time in several months at the regular cabinet meeting this week. The meeting was more in the nature of a friendly social gathering than one of business, although there was some exchange of opinions and informal discussion of important matters bearing upon the session of Congress.

Sympathy for the Cuban revolutionists is a perfectly natural feeling in the hearts of Americans, but the zeal of an enterprising newspaper publisher of Washington, in pursuit of popular free advertising for his property, has caused a number of more or less prominent business men to allow their sympathy to run away with their good judgment and to join in a public call for a mass meeting to be held in Washington for the purpose of publicly expressing sympathy for the revolutionists. The meeting will be held, and the resolutions of sympathy adopted; but under existing circumstances it is an ill-advised affair, implying an entirely unnecessary and uncalled for lack of confidence in the administration to deal properly with the Cuban affair. The aforesaid enterprising publisher has been seconded in this scheme by republicans, who hope thereby to embarrass the administration. President Cleveland is probably as fully conversant with the present status of affairs in Cuba as any man in the United States and holding meetings in Washington or elsewhere, will neither delay nor expedite matters. He will do his duty regardless of his own or the sympathy of others.

Assistant Attorney General for the Post Office Department Thomas—he's a clever fellow, a good lawyer and a good democrat, notwithstanding that long title—in his annual report to Postmaster General Wilson leaves no doubt of his opinion of those business concerns which adopt lottery methods to attract customers. After giving the number of lotteries which have been shut out of the mails by the anti-lottery law, which he declares has sounded the death-knell of lotteries in this country, Mr. Thomas in his report says: "But many business men think they must, in order to succeed, resort to schemes that appeal to the gambling spirit of the people, and they accordingly sugar-coat their legitimate enterprises with lottery advertisements. These fascinating and apparently innocent schemes reach the boys and girls of the land and tend to make them gamblers." The rebuke is sharp, but no thoughtful newspaper reader can deny that it is deserved, nor that it is needed by some business concerns.

Mr. Harrison's managers are losing their shrewdness, if they approve of or are responsible for a political fairy story that was circulated in Washington this week. Talk about a thing making a horse laugh, if such a thing were possible this story would do it. The preface to the story sets out that it was Tom Platt and his wicked anti-Harrison associates, and not the immaculate Benjamin, who stabbed Gov. Morton in the back at the Minneapolis convention of '92 and gave the vice-presidential nomination to White law Reid. And as if that were not a sufficient perversion of facts for a single story, it proceeds to tell that Mr. Harrison doesn't want next year's nomination to go to Reid, McKinley or Allison, but to his bosom friend and one-time running mate, Gov. Morton. Gov. Morton has not proved himself to be as good a politician as he is a business man, but nobody in Washington believes that he can be fooled by any such story as this. He knows that Mr. Harrison was in telegraphic communication with the men who controlled the Minneapolis convention, and that one word from him to John C. New would have prevented the Whitelaw Reid deal being carried out. He also knows that the friendship now so publicly proffered is but the Judas-like precursor of another stab in the back, if the opportunity to administer it occurs.

A great many cock and bull stories

are being told concerning bargains made by the Democratic Senators with the republican Senators for a reorganization of the Senate and a division of the committee chairmanships etc. No such bargain has been made. Just before the last session of Congress closed there was an informal talk about some such arrangement, but it was not participated in by more than half a dozen Senators and they had no authority from their colleagues to make any bargain. I do not say that some such arrangement may not be made, but I do say that it cannot be made by two or three Senators.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

W. L. MANNING FOR ASSEMBLY.

W. L. Manning, of Brighton, N. Y. formerly a resident of this county, has been nominated for member of Assembly in his district. The Rochester Herald of the 9th inst. says:

William L. Manning, the nominee for Assembly, is the present President of the village of Brighton, having been the unanimous choice of both Democrats and Republicans last spring, after serving two years as Village Trustee. Eleven years ago Mr. Manning came to Brighton from Pennsylvania, where for three years he had been County Auditor of Columbia. He had also served for one year as Mercantile Appraiser, an office which corresponds to that of Excise Commissioner in this State. During his residence in Brighton Mr. Manning has been engaged in the nursery and farm seeds business with J. F. Le Clare and is at present Notary Public of the town. At the age of 49 he is to-day in the prime of active manhood and politically in a position which makes his election well nigh certain. Friends and supporters of justice and fair dealing will recall the fact that it was William L. Manning who arose in the Grand Jury room and denounced the gambling interests of Rochester, a manly stand which won for him the commendation of good citizens of all political creeds.

For more than a hundred years the Shakers have been studying the remedial properties of plants. They have made many discoveries, but their greatest achievement was made last year. It is a cordial that contains already digested food and a digester of food. It is effective in removing distress after eating, and creates an appetite for more food so that eating becomes a pleasure. Pale, thin people become plump and healthy under its use. It arrests the wasting of consumption.

There never has been such a step forward in the cure of indigestion as this Shaker Cordial. Your druggist will be glad to give you a little book descriptive of the product.

Give the babies Laxol, which is Castor Oil made as palatable as Honey.

A team which Col. Ricketts was sending to the North mountain house from Wilkes-Barre was left standing by the driver at Benscoter's hotel in Muhlenburg, Tuesday afternoon. The horses ran away and soon overtook Wallace Benscoter's Irish Lane stage. The team ran into him and crushed the rear end of his wagon. There was only one passenger and fortunately she was in the front end of the wagon. Otherwise she would no doubt have been badly hurt.—Mt. Echo.

Hunters say rabbits are unusually plentiful this year and they are therefore looking for a successful season later on when it is lawfully opened. The young cotton tails are now almost fully grown.

Knights of the Golden Eagle Officers.

The controversy in the Supreme Eagle over the amount of tax to be paid by the various grand castles to the national organization was compromised last week by the adoption of an amendment fixing the tax at 5 cents per head in states where the total membership is less than 2,000, instead of 10 cents, as heretofore, and leaving unchanged the maximum tax of \$200 in all states with a membership of more than 2,000.

These officers were elected: A. C. Lytle, Pennsylvania, supreme chief; W. O. Brown, Delaware, supreme vice chief; A. G. McNabb, New York, supreme sir hearld; A. H. Alexander, Ohio, supreme high priest; Timothy McCarthy, Pennsylvania, supreme keeper of the exchequer; William Culbertson, Pennsylvania, supreme keeper of records; W. W. Carrada, Indiana, supreme first guardsman; Howard Winslow, Maine, supreme second guardsman; Joseph E. Whiteford, Maryland, supreme medical examiner; Henry P. Reincke, Pennsylvania, lieutenant general.

Apprehensive.

The apprehension or dread of taking cold in the fall often mars the pleasure of the summer outing. Sickness in the spring or summer is looked upon more lightly, and the patients think they will get through "somehow," the vacation change, the warm weather, etc., will surely help them, but when it comes to autumn and the long cold winter stares them in the face, then and then only, they become apprehensive.

All this anxiety of mind can be relieved by carrying in the pocket a bottle of Dr. Humphreys' Specific "77." It prevents Colds, and in doing this wards off all the terrors of Grip, Pneumonia, Diphtheria, and Consumption. "77" taken in time is a perfect protector and preventive, and is a positive cure for Colds, Grip, Influenza, Catarrh, Pains and Soreness in the Head and Chest, Coughs, Sore Throat, General Prostration and Fever.

"77" will "break up" a stubborn cold that "hangs on." It is for sale by every druggist from Canada to Cape Horn.

How is this?

The Milford, Pike county, Dispatch is responsible for the story that at Rock Hill, Sullivan county, the little ice ponds are completely dried up, and Farmer Cuddeback, whose pond was stocked with German carp, has had the misfortune to lose his entire buckwheat crop. The carp, going overland in search of water, passed through his buckwheat field and, being hungry, as well as dry, cleaned it up as sick as a horde of grasshoppers could have done. All his neighbors are up in arms and in order to save their crops are making use of every available weapon with which to exterminate the threatened pest. As fast as they are killed they are being salted down, some farmers having as many as eight barrels in brine. Farmer Cuddeback says that if he can't have buckwheat cakes this winter he will have the next thing to them, buckwheat carp.

Duty of Business Men.

The effort of any newspaper to build up a town is practically nullified unless it is backed up by the business men. If a stranger turns from the news columns of a paper to its advertising pages, and if he fails to find there the advertisement of business card, he naturally comes to the conclusion that there is either nothing to the town or the publisher is not appreciated. No town ever grew without the assistance of its newspaper. Nor can a paper grow and build up its locality without the assistance of the town. Business men should realize this and remember that in giving support to a newspaper they are not only building up their own business, but are helping to support that which is steadily working for the benefit of the whole community.—Hinsdale (N. H.) Record.

A Bad Wreck

—of the constitution may follow in the track of a disordered system, due to impure blood or inactive liver. Don't run the risk! The proprietors of Dr. Pierce's Golden Medical Discovery take all the "chances." They make a straightforward offer to return your money if their remedy fails to benefit or cure in all disorders and affections due to impure blood or inactive liver. The germs of disease circulate through the blood; the liver is the filter which permits the germs to enter or not. The liver active, and the blood pure, and you escape disease.

When you're run down, debilitated, weak, and your weight below a healthy standard, you regain health, strength, and wholesome flesh, by using the "Discovery." It builds up the body faster than nauseating Cod Liver oil or emulsion.

Dr. Pierce's Pellets cure constipation, piles, biliousness, indigestion, or dyspepsia, and headaches.

THE GUNMAKER OF ILION.

Jefferson M. Clough, the Man Who Developed the Two Greatest American Rifles—The Remington and the Winchester.

He Refused a Tempting Offer From the Chinese Government—His Health Would Not Permit His Acceptance.

From the Springfield, Mass. Union.

As the result of long and arduous attention to business for many years, Jefferson M. Clough, now of Belchertown, Mass., who has just turned sixty-five years, found himself disabled by muscular rheumatism, two years and more ago and was obliged to relinquish the position of general superintendent of the Winchester Repeating Arms Company, of New Haven, Conn., where he had been employed for eleven years at a salary of \$5,000 for the first few years of his service, but which was increased to \$7,500 by the voluntary action of the company. Previous to his service for the Winchester Repeating Arms Company he had filled the responsible position of superintendent at E. Remington & Son's armory, at Ilion, N. Y., for seventeen years; during which time large quantities of arms were made for foreign governments as well as our own besides sewing machines and typewriters—Mr. Clough having perfected the frame of the latter machines that was exhibited. After leaving the Remingtons and previous to making an engagement with the Winchester Arms Company, the secretary of the Chinese Legation in this country came to Belchertown and negotiated with Mr. Clough to go to China to build arms for the Chinese government; but the long delay in getting the answer from the Chinese decided him in accepting the offer to go to New Haven. It was during his service for the Arms Company he visited the leading armories of England, France and Germany in company with the vice-president of the company, in order to learn whatever new methods there might be in the manufacture of muskets. It was after this long term of active labor as a business man that, finding himself incapacitated for further service by the embargo which rheumatism had laid upon him, he resigned his position more than two years ago and returned to Belchertown, where he owned what was originally the Phelps farm, about three miles from the center of the town, in a retired spot where he has five hundred acres of land.

From this quiet home he began to seek a remedy for the muscular rheumatism which was located largely in the muscles of his shoulders, chest and back. He employed Dr. Holbrook, of Palmer, and received great benefit from his treatment for a time; but was so anxious to gain faster that he decided to seek another treatment, and being a man of means did not spare the cost, and was treated by baths at celebrated springs without receiving any benefit worth notice. He then tried various remedies advertised for rheumatism without receiving any good effect. During the summer of 1893 and the winter of 1894 Mr. Clough was confined to his house in Belchertown, being unable to rise from his bed without assistance, and suffering continually with acute pains and with no taste or desire for food, nor was he able to obtain sufficient sleep. Early in the year 1894 Mr. Clough heard of Dr. Williams' Pink Pills for Pale People through his brother James M. Clough, of Easthampton, Mass., who came to visit him, and was induced to make a trial of them. He began taking these pills about the first of March, 1894, and continued to do so until the first part of September following. The first effect noticed was a better appetite and he began to note more ability to help himself off the bed and to better generally. Last August (1894) he was able to go alone to his summer residence and farm of 155 acres on Gretna Island, among the Thousand Islands, in the river St. Lawrence, where from the highest land of his farm he commands a view for thirteen miles down the river.

Instead of being confined to his bed Mr. Clough is now at his house in Belchertown, and is about the farm to direct the men employed there, and he is thankful for what Dr. Williams' Pink Pills have done for him. The foregoing is but two of many wonderful cures that have been credited to Dr. Williams' Pink Pills for Pale People. Diseases which heretofore have been supposed to be incurable, such as locomotor ataxia and paralysis succumb to this wonderful medicine as readily as the most trifling ailments. In many cases the reported cures have been investigated by the leading newspapers and verified in every possible manner, and in no case has the least semblance of fraud been discovered.
