The question of reducing the time of exoneration from taxes of new industries, brought forth considerable discussion, but no action was taken. Pres. Creasy, and several others were in favor of reducing the time to five years. In the matter of the application of Mr. Cook for sewer on West Fourth Street the committee reported that owing to the length of it, it would be impossible for the town to go to the expense at the present time. C. M. Hess requested the extension of the West Third Street Sewer. It was referred to the proper committee. He was granted a building permit for a two story frame dwelling house on West Third Street. John L. Richardson reported that in the matter of excavating and filling Light Street road he had secured to the release of damages the signature of all the adjoining property owners excepting Dr. Gardner. The council said they could take no action until it had been signed by all of them. Tax Collector Bittenbender desired some arrangements made whereby parties who are unable to pay their taxes and manifested a disposition to work, could be employed on the streets. He also called attention to the law, stating that where parties neglected and refused to pay their dog tax the animal should be shot. W. H. Bellig desired council to finish the work on Leonard Street so that parties could lay their pavements. This brought forth considerable discussion, as the street is left in an unsafe condition. A BUSY MAN.

William B. Ferguson is one of the busiest men in town. He has finished the contract for the excavation of the cellar of the new Methodist church, and now has a lot of men and teams Police 60.00 scraped to the low portions of it. When the work is completed, Mr. Schoch will have some of the finest building lots in the town. In addition to this, he has the contract for the grading of Jefferson Street.

THAT FISH STORY.

The Daily of Friday Nov. 8th, charges the Shickshinny Demo-crat," with having published a fish story, headed "Black Bill's Twin" which they claim was "originally" published in the Daily. Readers of the COLUMBIAN will remember seeing the same story "ver batim" in the COLUMBIAN in its issue of October 25th.

We notice by an exchange that Geo. W. Jones & Co, of Orangeville, manufacturers of insoles, heels, etc., for ladies' shoes, have proposed to the Watsontown Board of Trade, that for their factory, and the loan of \$5,000, they will remove to Watson town, and employ from 30 to 60 hands the year round. Lack of proper rail-road tacilities and difficulty in securing sufficient help is the cause of the desire for a new location. What is the matter with Bloomsburg?

Information reached this place Monday morning announcing that Dr. R. B. Fruit of Hazleton had died at his residence Sunday morning. He was aged sixty-eight years and leaves to survive him two daughters and a son. He was one of the most prominent men of the place. holding the position of President of the Board of trade.

Mrs. Richard Kitchen of Greenwood township, this county, was in town last Saturday delivering butter to her customers. The Judges of several Fairs have decided that she is one of the best butter makers in this section of the county. She has received the premium at six New York State Fairs, and during the last few years, she has received a premium at the Pennsylvania State Fair and four County Fairs. This year she received the first premium at the Bloomsburg Fair. This speaks well for a Columbia County lady. If all butter makers were like Mrs. Kitchen, more butter would be used, and it would command a better price.

BROKE HER LIMB.

Mrs. Dr J. B. McKelvy met with an accident Tuesday morning which will confine her to the house for a long time. She had gone on the op-posite side of the street to call upon Mrs. M. E. Creasy, and when inside the yard, she slipped on an icy board and tell, breaking both bones in her right leg below the knee. She was carried to her home, and the fracture reduced. She has many friends who sympathize with her in this misfortune.
