

Liver Ills

Like biliousness, dyspepsia, headache, constipation, sour stomach, indigestion are promptly cured by Hood's Pills. They do their work

Hood's Pills

Prepared by C. I. Hood & Co., Lowell, Mass. The only Pill to take with Hood's Sarsaparilla.

Curious Find of a Miner.

One of the most curious carboniferous fossils ever found in the anthracite coal fields was discovered in the Dodge mine at Scranton, the other day by John B. Davis, a miner living in that city. It was the head and neck of a woman's figure, the features being regular and clearly defined. The fossil weighs sixty-five pounds and is composed of fire clay. It is twenty-four inches high, fourteen inches from the tip of the nose to the back of the head, and the neck is nine inches in diameter. The convolutions on the top of the head resemble curls of hair and they end in a knot such as is worn at present in arranging the hair. The miner found it embedded in a solid piece of fire clay, and it dropped entire when the chunk was broken.

A Unique Will.

Register of Wills Davenport, Monday admitted to probate the will of the late Thomas Bestford, of Durycy. The document is one of the most unique and brief ever filed in the office. It is written with a pencil on a small sheet of paper torn from a note book and is about 2 1/2 x 3 inches in size. A verbatim copy of the peculiar instrument follows:

Sept. 19, 1895, Irite this for to let nown that I leve all my money and all I am worth to Mary Ann Hart and my goun and shooting things to the same one after death of me."

"wrote and signed by thomas bestford, Durycy Pa."

The estate is valued at \$500 G. P. Halsey was appointed executor.

Are Legal Tender.

The man who kicks about accepting worn silver coins will do well to familiarize himself with a decision of the United States Supreme court rendered last week, declaring that silver coins are legal tender as long as they bear the semblance of a coin. Of course this decision referred only to coins worn by circulation. Mutilated and defaced coin are not legal tender, even if they are new.

Restores the Appetite.

Brysonia, Pa. Dec. 14, 1895. We are pleased with the puzzle, which was sent for three trade-marks from Hood's Sarsaparilla and four cents in stamps. Hood's Sarsaparilla has been used in our family for three years, and it has done more in restoring health in the family than doctors or any other treatment." Simon F. Funt.

Hood's Pills cure sick headache, indigestion.

A law suit at Snow Shoe has disclosed an odd condition of affairs.

Harry Lorah was arrested charged by Roniface Mignot, with stealing his wife, children and furniture. It was shown by the evidence that Lorah had given Mignot 50 cents for the woman and afterwards married her. The case was compromised by Mignot taking the children and cook stove and Lorah kept the woman and the balance of the household furniture.

Mine inspector Blewitt has completed his report for the year 1895. The total number of accidents in the second anthracite district was 226, and of these 33 were fatal. These accidents made 23 widows and 79 orphans. The greatest number of fatal accidents in any month of the year occurred in December, the next highest number in May and the least number in September.

A Great Offer.

The "Twice-a-Week" edition of the New York World (formerly the Weekly) has proved a phenomenal success. It is a Semi-Weekly of six pages, mailed Tuesdays and Fridays; eight columns to the page; forty-eight columns each issue. It gives the news fully half a week ahead of any weekly paper, and, at the same time, retains the literary, agricultural, miscellany features which made the World so popular. Yet the price is only 10 cents a year. For same THE WORLD, N. Y. have been made by furnish this paper and week New York World year. Take advantage get your own local Twice-a-Week World rate.

Have you ever religion? The Canni and a taste of it once. I ate missionary who was here."

Pensions for Lehigh Valley Men.

The Lehigh Valley R. R. has established a pension fund for superannuated and injured employes. The money for the fund is derived from the passenger fares of the employes of the company and their families. Up to several months ago it was customary to furnish free transportation to the employes and their families, but this privilege was abused, and the officials decided to withdraw it and make a low rate of a half cent a mile instead. The receipts from this source were so large that the directors subsequently decided to set aside one-half of the receipts from this source as a pension fund. The working details of the plan have not yet been fully completed, and the management of it is at present in charge of second vice president Robert H. Sayre and general superintendent Rolin H. Wilbur.—Ex.

Burpee's Farm Annual for 1896.

Larger and more complete than ever before, this is now a handsome book of 184 pages, with elegant colored plates and hundreds of illustrations from nature, deserving its well-known reputation as "The Leading American Seed Catalogue." While the price is ten cents, it is mailed FREE to all planters who name this paper and write to the publishers, W. Atlee Burpee & Co., Philadelphia.

Beautifully bound, the cover, painted in ten colors, appropriately shows on front the new Dwarf Sweet Pea, Curv, the floral wonder of the age, which grows only five inches high, completely covered with bloom. The back pictures a portion of Fordhook Farm, above which is displayed the well-known motto, "Burpee's Seeds Grow."

Within is presented a feast of good things—spread over 184 pages, all well worth reading. An interesting account of Fordhook—the model seed farm of America—is followed by a review of useful books on garden and farm topics,—free as premiums. Then come the choicest Vegetables, best strains of each, including rare Novelties of unusual merit; Improved Farm Seeds and Finest Flower Seeds, including many novelties of rich beauty; the celebrated Scott Roses and other selected Plants, such as cannot be had of the local florist, but which can be sent safely by mail.

HOLIDAYS IN 1896.

How the Addition of a Day Affects Them.

The addition of another day to February this year throws most of the holidays to the end of the week. In 1895, for instance, Independence Day came on Thursday; in 1896 it will come on Saturday. Washington's birthday and Decoration Day also come on Saturday in 1896, and Christmas comes on Friday. Thanksgiving Day, being always appointed for the last Thursday of November, and Labor Day, coming on the first Saturday of September, are not subject to the mutations which affect other holidays. Easter Sunday comes on April 5th, nine days earlier than in 1895. This, of course, shortens the social season prior to the beginning of Lent.

A Monstrosity.

An unusual freak of nature was born at Beechtree recently. The details are authentic but the parent's names are omitted for obvious reasons. When born, the child, a male, had three heads, two growing out of each side of the central one, immediately behind the ears. The central head was nearly perfect, except that it was flattened slightly on the top, but the two heads growing out of either side, while small, were almost perfectly developed. The child lived a few days. The parents were offered a considerable sum to allow the doctors to have possession of it, but they refused and it was buried in the Catholic cemetery.—DuBois Express.

The city of Sydney, Australia, has imposed a fine of £1 upon any person convicted of spitting upon the floor of public buildings or upon the street.

G. A. R. COMMANDER

Jan. S. Dean, Gen. Grant Post, Rondout, N. Y.

CURED of DYSPEPSIA

Commander Dean writes: "As Chief U. S. Mail Agent of the U. & D. R. R. good health is indispensable. I found myself however all run down with Dyspepsia. I doctored and doctored, but I grew worse. I suffered misery night and day, for fully two years. My case was pronounced incurable. I chanced to meet Dr. Kennedy about that time, and told him of my condition and he said, try a bottle of

DR. DAVID KENNEDY'S FAVORITE REMEDY

I take it morning, noon and night, and it will cure you. I took the medicine as directed, but had no confidence in a cure, as my case had been tried by so many. After using it a week I began to feel better, and in a short while after that I was entirely cured. That terrible distress, everything I ate, breaking up sour in my throat had all gone and I have not had a moment's discomfort since. To-day there isn't a healthier man and my appetite is grand."

can't see it all

Cod-liver oil is something more than a fat. Its peculiar action depends on a number of substances, among which might be mentioned iodine and phosphorus. There can be no substitute for cod-liver oil, because there is no other oil known which has in natural combination with it such a large number of valuable medicinal agents.

Scott's Emulsion

of Cod-liver Oil, with the hypophosphites contains the whole oil, with its natural properties, and in a thoroughly emulsified or digested condition. The hypophosphites increase the appetite and impart strength to the nervous system. This combination has marked curative properties in a number of diseases of the skin and scalp, to which scrofulous persons are peculiarly liable. Such diseases as chronic eczema, ringworm, and other skin affections, are often quickly cured by the constitutional effects following the use of Scott's Emulsion.

50 cts. and \$1 a bottle. SCOTT & BOWNE, Chemists, New York.
