Maher Knocked Out in 95 Seconds by the Right Hand "Hook."

LANTRY, TEX., Feb. 23.—Robert Fitzsimmons and Peter Maher fought in Mexico Friday afternoon, about two miles from here. The battle lasted only one minute and a half—just long enough for the lanky Australian to get in one of his famous "upper hooks" on Maher's jaw.

Maher was outclassed from the start; and only got in a few unimportant blows before he was knocked out. The sports who expected a big fight, got instead a big disappointment.

It is said that the kinesiograph people lose \$25,000, as, after spending that sum purses, they failed to get any good pictures of the fight.

Corbett has issued an informal challenge to Fitzsimmons, but the latter declares that he will not meet Corbett.

Women Who Suffer pain each month can find relief and emancipation from their troubles.

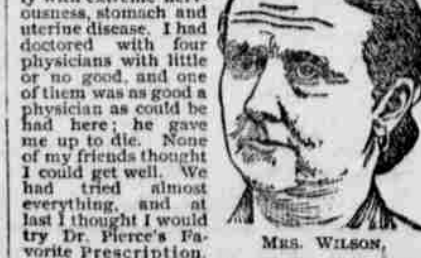

Congestion and inflammation of the internal organs are generally induced by exposure to wet or cold, excitement of the emotions, or a morbid condition of the blood. For the radical cure of these derangements Dr. Pierce's Favorite Prescription is a safe and certain remedy, permanently correcting all abnormal conditions, so that these trying ordeals are passed with ease and comfort. Ulcerations and displacements of the uterus are cured by the "Favorite Prescription," and the cure is lasting.

Hysteria, Spasms, Nervousness, Indigestion, or Dyspepsia, often depend upon irregularities of function and displacements of the woman's organs. The "Favorite Prescription" cures by regulating and correcting these functions and organic changes.

For all irregularities, suppressions and obstructions, Dr. Pierce's Favorite Prescription is a specific, and has a record of over a quarter of a century of cures.

Mrs. MALVINA WILSON, of Boothsville, Marion Co., W. Va., writes: "For twelve long years I suffered greatly with extreme nervousness, stomach and uterine disease. I had doctored with four physicians with little or no good, and one of them was as good as a physician as could be had here; he gave me up to die. None of my friends thought I could get well. We had tried almost everything, and at last I thought I would try Dr. Pierce's Favorite Prescription. I had been bed fast most of the time for almost two years. After taking several bottles of the 'Favorite Prescription' and following the directions strictly, I now enjoy better health than ever before in my life. I only weighed a little over one hundred pounds and now I weigh 167 pounds."

Salaries Instead of Fees. The Cuban Question and Other Matters.

WASHINGTON, Feb. 25.—The House Judiciary Committee has agreed to a bill to substitute salaries for fees in the cases of United States District Attorneys and Marshals.

In the discussion of the Cuban question, begun last week, and renewed last Monday, it was suggested by Senator Morgan, that the bill asking for the granting of belligerent rights to the Cubans might lead to war between the United States and Spain—a result which several of the Senators seemed well pleased to contemplate.

The House Committee has reconsidered the vote defeating the Arizona Statehood bill, and the measure now stands as if no vote had been taken.

NEW YORK, Feb. 25.—Early this morning United States officers captured in the upper harbor Gen. Calixto Garcia, his son, Capt. Hughes and about 150 Cubans, together with a crew of 820 men.

They were on board the steamship Bermuda, the tug W. J. McCaldin, the McCaldin Brothers and J. S. T. Stranahan. The latter was loaded down with ammunition.

Sixty of the men were arraigned before Commissioner Shields to-day. It is thought that they were betrayed by a traitor in their ranks.

All of the men have been discharged except Gen. Garcia and four of the other principals, and it is thought that the evidence against them will be insufficient to hold them.
