#### A Sad Accident.

George Kile, conductor on the Jackson & Woodin Mfg. Co's. switching train, met with an accident 11:45 Tuesday morning by which he lost his right foot. He was on the front of the engine and in the act of getting off to turn the switch. He stepped for the foot board-which has always been on the front of the engine until a few hours before when it was taken off for repairs, therefore he went on down to the track. Realizing his great danger, with his supreme effort he threw himself headlong to the side of the track and would have entirely cleared it had not his foot caught in a rod under the steam chest which threw his leg over the rail in front of so badly that amputation above the ankle was necessary. He was removed to the little office on Market Street and later to his home in Nescopeck, where Dr. Reagan, assisted by Drs. McCrea and Swayze, amputated the injured member. Mr. Kile has followed railroading for several years and was always careful and thoughtful about his work. He is of a very agreeable nature and has a large circle of friends who sympathize with him in his misfortune. His family consists of a wife and five children. At the hour of going to press he is resting well and doing as well as could be expected .- Berwick Independent ..

#### Wilkes-Barre's Big Water Scheme.

It is expected that before long the l trouble Wilkes-Barre has had to get good water will be ended. A great water consolidation scheme is on foot that involves no less than a capital of \$1,500,000. A company of New York capitalists has asked for and obtained an option on all the water companies in that city.

It is stated that the option on the Wilkes-Barre Water Company amounts to \$900,000. This means that the combined options of the Spring Brook and Crystal Spring Companies amounts to a million and over, but it seems impossible to-day to say how this amount is divided. It will require a large amount in addition to the options quoted, for the scheme is to pipe the Spring Brook into Wilkes Barre, which will require another \$500,000.

The capitalists have looked well into the scheme and they propose using the Spring Brook for drinking purposes and the Huntsville supply for the fifty or more breakers at the present supplied by the Spring Brook, and for fifty more which are expected to be reached.

#### Indians Want Oil City.

It may be necessary for the State to forfeit the value of the site of Oil City to a party of Indians. Among Governor Hastings callers recently were Andrew John and March Pearce, Seneca Indians, one of whom resides in Warren county. Pearce is a grandson of Cornplanter, the Seneca chief, and is a cousin of Solomon Obail, who came to the Legislature with Andrew John last winter with a request that legislation be enacted, restoring to Cornplanter's descendants all of the land on which Oil City now stands. The General Assembly appointed a committee, which investi-gated the matter and reported that there was no ground for action. The Indians brought with them important letters and papers, the existence of which was unknown last winter, but which have been in Pearce's possession. They comprise the original treaty between the Senecas and the Commonwealth of Pennsylvania, and the original survey and grant of the land claimed, together with a copy of the map and other important documentary evidence. The Governor referred the Indians to Chief Gearhart, of the State Department, who will lay the matter before Secretary of the Commonwealth Reeder.

## LACK OF WATER.

The difficulty in obtaining water from the river still continues at the water works. It is found impossible to reach a pressure that will enable the plant to force water to the higher portions of the town. The river, which is entirely enclosed by ice, still remains too high to permit any the suction valve. Meanwhile our -Danville Intelligencer.

#### Fire at State College.

At about 3 o'clock yesterday morning fire broke out at State College that totally destroyed the handsome new chapter house of the Beta Theta Pi fraternity. It is supposed that the building took fire from an open grate on the first floor and the interior was burning fiercely when a student named Reynolds, from Lancaster, who is an inmate of the house, was awakened the smoke. About the same time a

As the fire had started near the foot of the stair case it made escape by that means impossible and many the driving wheel and crushed his leg of the occupants were taken out with difficulty. Some of the boys barely saved their lives, B. F. Fisher Jr. and E. P. Harder both having had thrilling escapes.

The house was a cased brick and slate structure and occupied a site on the campus between the Inn and the armory. It was only completed last April and was valued at between \$10,-000 and \$12,000. There is insurance on it amounting to \$9,500, with \$1,000 on the furniture.

It was counted the finest club house at the college.

Had it not been for the ice and snow the fire would undoubtedly have spread. As there is no means of fighting fire at State College, other than by buckets, and with the wind blowing a perfect gale at the time, it was a very serious situation for the villagers. Nearly every building in the place is of frame and a fire once started would be disastrous in its results.

#### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address. F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

#### How They Heat Box Cars.

Where tramps congregate in large numbers about railway yards they resort to a novel and ingenious method of heating box cars so that they can leep comfortable even in the coldest weather. They first find a large sheet of old boiler iron, which they set on brick and then start a roaring fire under it. They then collect a large lot of old castings, such as broken draw heads and ends of rails, which are placed on the boiler plate till they become red hot. The knights of the road then procure boards, which are placed under the ends of the iron and the whole thing is lifted into the car and allowed to rest on a bed of brick and sand. The doors are then closed and the tramps have warm quarters till morning, unless disturbed.

#### February in Leap Year.

The month of February in a leap year has some peculiarities of which not many people are aware. This year, for example, February has five Saturdays. This has occurred just once in every 28 years for the last 124 years. February will have five Saturdays again in 1908, 12 years from now, because at the turn of the century there comes a break in the 28th year period, which is reduced to 12 years. Twenty-eight years later, in 1936 we will again have five Saturdays in the month of February. This same rule holds good for every day of the United States shall be 13 horiin the week, each recurring five times in the leap year month of February every 28 years, with the exception of Monday and Wednesday. During work upon the wells to determine the last 200 years these two days what obstruction is interfering with have come five times in February at the suction valve. Meanwhile our one interval of 12 years, while the citizens are requested to be very rest of the days have been 40 years economical in the use of water, apart once during the same period of 200 years.

That heritage of rich and poor, has saved many a life. For Throat and Lung affections it is invaluable. It never falls to cure Cough, Cold, Croup and Whooping-Cough. DR. BULL'S COUGH SYRUP is the best. Price 25 cents. Ches LANCE'S FLUGS, The Great Tebacco Antidote, IOc. Dealers or mail, A.C. Moyer & Co., Balto., Md.

#### FLORIDA.

#### Personally-Conducted Tours via Pennsylvania Railroad.

There is no doubt but that every one has had at some time a desire to visit Florida, the "Land of Flowers," and that many have been deterred from so doing by the thought of a long and tiresome railroad journey, great expense, and a thousand and one in a nearly suffocated condition by other objections. These have been overcome by the inauguration of the nnmber of villagers had discovered it Pennsylvania Railroad Company's and were sounding warning to the personally conducted tours to Jacksonville. A special train of unexcelled equipment makes the run from New York to Jacksonville in thirty hours : a tourist agent and chaperon accom- art Cutting. pany each tour to look after the comfort of passengers while en route; and the low rates offered brings the tours within the means of almost every one.

The tours, allowing two weeks' stay in Florida, will leave New York and Philadelphia on February 25 and March 3, 1896. The rate, including transportation, meals en route, and Pullman berth on special train, is \$50.00 from New York and \$48.00 from other points.

For further information apply to Ticket Agents, or address Tourist Agent, 1196 Broadway, New York, or Room 411, Broad Street Station, Philadelphia, to whom application for space should also be made.

Sick stomach means sick man (or woman).

Why not be well?

Sick stomach comes from poor nourishment; means poor health, their better provision in advance. poor comfort. Shaker Digestive Cordial means health and a well stomach.

If we could examine our stomach we would understand why it is that so little will put it out of order.

But, unless we are doctors, never see our stomach. We only feel We would feel it less if we took Shaker Digestive Cordial.

Shaker Digestive Cordial makes your stomach digest all the nourishing food you eat, relieves all the symptoms of indigestion, acts as a tonic and soon makes you well and strong again.

The more you take, the less you will feel of your stomach. At druggists. Trial bottle 10 cents.

CALIFORNIA.

#### Personally - Conducted Tour via Pennsylvania Railroad.

So beautiful is the scenery of Cali fornia that Nature must have expended more than her usual energy in its creation, and especially is this true during the months of March and April, when the rainy season has passed and flowers bloom everywhere. Fortunate indeed, is the person who can exchange the wintry climate of the East for the flower-perfumed and healthful atmosphere of California, and no better method of doing this can be had than by participating in the second "Golden Gate" tour, organized under the perfect personally-conducted tourist system of the Pennsylvania Railroad Company.

The tourists will leave New York and Philadelphia, March 11, 1896, and return to those cities May 7, allowing four and one-half weeks in California.

A new feature to the magnificent train used for these tours in previous years is a through Pullman compartment car.

The car, which will be the very best that the Pullman Company can supply, will contain nine inclosed compartments-two drawing rooms and seven state rooms-and will be attached to the special train at Jersey City and run through to San Francisco.

Applications for space or itineraries giving all information should be made to Tourist Agent, 1196 Broadway, New York, or Room 411, Broad Street Station, Philadelphia.

#### To Change the Flag.

A bill has been introduced into the national house providing that the flag zontal stripes, alternate red and white; and the union of the flag is to consist of a blue field containing 13 white stars arranged in the centre of the field, and so grouped as to form a six cornered star, around which the other stars shall be placed in a circle.

#### Don't be Imposed Upon,

when you ask for Doctor Pierce's Golden Medical Discovery. Go to a reliable dealer, He will sell you what you want. The ones who have something else to urge upon you in its place are thinking of the extra profit they'll make. These things pay them better,

but they don't care about you.

None of these substitutes is "just as good" as the "Discovery." That is the only blood-cleaner, flesh-builder, and strength-restorer so far-reaching and so unfailing in its effects that it can be guaranteed. In the most stubborn Skin, scalp, or scrofu-lous affections, or in every disease that's caused by a torpid liver or by impure blood —it effects perfect and permanent cures.
