This will be a hard Summer. Heretofore when the peach crop has been "entirely ruined" two or three times before the opening of the season everything has been lovely. Now they say the peach crop will be an immense one. The conclusion is obvious.

The Twin Comet lawn sprinkler is the best thing of the kind now on the market. It is nickel plated, and can be adjusted to cover a circle eighty feet in diameter, or less if desired. It not only does effective work, but is as pretty as a fountain, when in operation. We have one at our residence which can be seen at any time by calling at this office. THE COLUMBIAN has the agency for Bloomsburg. tf.

The gavel which Chairman Harity used in opening the National Democratic Convention has a history, says the Boston Post, which dates back to the time of the Pharaohs. The head of the gavel is carved from a piece of oak which formed a part of old Fort Dearborn. The handle is also of oak, but from a tree which was growing on the present site of Chicago 7000 years ago. This tree was one of a primeval forest, covered by the debris of centuries and hidden until a few months ago, when excavations at Sheffield avenue brought the great trunk to light. Thus the oaks of two periods centuries apart have been levied upon for the gavel. Professor Upham, of the Minnesota Historical Society, vouches for the age of the tree from which the handle was made.

NEIGHBORHOOD NEWS.

EAST BENTON.

OLD GLORY AT JONESTOWN.

The greatest assemblage of people ever we witnessed gathered at Jonestown on the "Glorious Fourth." All the exercises were appropriate, well rendered and patriotic. A large number of Sunday schools were represented with appropriate banners and mottoes. More beautiful and profuse decorations we never saw. The Nescopeck cornet band displayed choice music. Devotion and prayer by Rev. Smith of Orangeville. Address of welcome by Henry Jones, formerly of Jonestown. Response, Rev. Hinie of Waller. Other addresses by Prof. Killgore of New Columbus, and Rev. Thompson of Berwick. A coming shower cut short the program. A gala day for all. A single accident—a boy nearly losing his eyesight by the explosion of fire crackers.

Oats and corn promise abundant yields, but winter grain and hay will be short.

The anxious candidates are looking forward to success. Well, all will succeed, either in getting there or in staying away.

Sound money is the cry all over the land, both of the single and double standard of values of the yellow and white metals; but all the trouble we find is that we haven't much to sell to get much of either kind. And this we fear is the case of the many who complain of hard times. But then, if we had bushels of it, what would we do with it? We could neither eat it nor wear it, but like many other fools we might hoard it, or oppress the needy with robbery by usury and unlawful interest, and become a curse of greed to the community instead of a blessing to society.

WITHDRAWAL.

We are authorized to announce the withdrawal of Thomas B. Hanly Esq. as a candidate for the office of District Attorney. Mr. Hanly intends to remove to New York City where he will engage in the practice of law.

The Mountain Grove Campmeeting will commence Aug. 5th this year. Many improvements have been made, and as this is the 25th year of its organization extra preparations have been made for this meeting.
