Fire Gives Protection From Lightning.

Science and superstitution occasion ally meet on common ground, making it rash to condemn old customs as senseless. For instance, there are many primitive villages abroad where smake fires are kindled hastily upon the approach of a thunderstorm, doub.less a survival, the antiquarian would say, of some heathen rite of propitiation. On the other hand, Professor Schuster has recently pointed out that flame will discharge an electrified body, and that every fire or chimney emitting smoke serves as a lightning conductor for carrying off the pressure of electricity from a charged cloud. Some figures pre-pared in Schleswig-Holstein for the purpose of testing this theory show that while 6.3 churches in 1000, and 8.5 wind-mills, are struck by lightning, only one factory chimney in 3000 suffers in the same way, despite their greater height and more exposed condition .- Pall Mall Gazette.

A tired stomach is very much like a sprained ankle. If you suffer from any of the symptoms of dyspepsia, your stomach is tired. It needs a crutch. We must relieve it of all work for a time, or until it is restored burg, on to its natural strength. To do this successfully, we must use a food which other foods that may be taken with it. Such a product is the Shaker Digestive Cordial.

The Art of Eating.

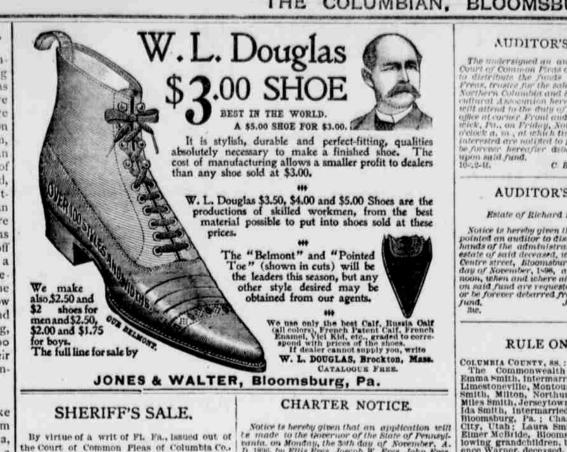

Three Good Rules Based on Hygienic Principles.

Never sit down to the table with gayety and pleasantry possible during meal time. There was good philosophy in the old-time custom of having a buffoon or music at the dinner table.

Never sit down to a meal immediately after any intense mental effort, for physical and mental misery are inevitable, and ro one has a right to deliberately injure body or mind.

Never go to a full table during bodily exhaustion - designated by The wisest thing to be done under stone, the place of beginning, containing such circumstances is to take a cracker and a cup of warm tea, and no more. THE COLUMBIAN,

be pleasantly surprising to you-not of the transient kind which a glass of liquor affords, but permanent. The tea gives present stimulation and little strength, and before it subsides, nutriment begins to draw from the sugar and cream and cracker, thus allowing the body gradually and by safe degrees to retain its usual vigor. A little later a full meal may be taken with benefit. instead of injury.

A Currency Commission.

Western Men are Working to that End.

There is an agitation going on among the business men and bankers of Indianapolis for calling a national convention in that city with a view to securing a revision of the currency laws of the country to secure the results of the election. The promoters believe, they say, that the election, after the campaign that was made, warrants taking the needed step, and that unless this is done the fruits of the hard won fight are likely to be frittered away in the divisions of statesmen and politicians.

About two years ago, the Rev. Mr. Surf, of Blue Springs, Nebr., lost his hair after fever, and became nearly bald. He finally resolved to use Ayer's Hair Vigor, and now has as fine a head of hair as could be desired. This is certainly a fact worth remembering.

Garman Still In Bad Humor.

He Descunces Gold Democrats for Voting Against Him.

State Chairman Garman arrived home from Harrisburg in a bad humor. In an interview he said :

"I do not blame Republicans for voting against me for Congress, but I am bitter against those gold bug Democrats, who cut me. Edwin Shortz, who was formerly a Democratic candidate for Judge in Luzerne County, vilified me from the public platform. That's the way be repaid me for the hard work I did for him when he was a candidate. I can assure you that the gold bug Democrats will not reorganize the Demotratic party in Pennsylvania."

TWO DWELLING HOUSES. barns and outbuildings The land is rich limestone soil with many fruit and ornamental trees near the buildings.
