Tour to California via Pennsylvania Railroad.

In Southern California is found the ealization of a dream of the ancient. Here are the "Golden Apples of the Hesperides," ripening beneath a sky nore beautiful than that of Rome, and in a climate more perfect than that of Athens. Never in the wildest lights of his imagination did either Homer or Resid ever conceive of a garden richer in verdant beauty, more productive of luscious fruit, or set mid more picturesque and lovely surroundings. Here the rose entwines the orange, and the snow-mantled peaks of the Sierras reflect the golden glow of the evening twilight.

The last of the Pennsylvania Railroad tours to California will leave New York and Philadelphia March 27, stopping at Chicago, Omaha, Denver, Colorado Springs and the "Garden of the Gods," and Salt Lake City. Tourists will travel by has charge of it. special train of Pullman palace cars going, and return on regular trains via any route within nine months. Regu-lar one-way or round trip tickets will be issued for this tour in connection with a special ticket covering Pullman accommodations, meals, and other

tour features going. The latter ticket will be sold at the following rates : From New York, Philadelphia, Harrisburg, or Altoona, \$60.00; Pittsburg, \$58.00.

A COUNTERFEITER CAUGHT.

The Police of Syracuse Make an Important Capture.

On Monday the 15th Harold Marquisee, of Utica, N. Y., was arrested in Syracuse, N. Y., on a warrant sworn out by the Dr. Williams' Medicine Co., charging him with forgery. On the 15th of December Marquisee visited a photo-engraver in Syraouse, saying he was the representative of the Dr. Williams' Medicine Co., and arranged for the making of a full set of plates for the direction sheets, labels, etc., of the famous Dr. Williams' Pink Pills for Pale People. News of this reached the home office, and no time was lost in arranging for his arrest when he should return for the plates. He returne I on the 15th and was accordingly arrested and is now in jail in Syracuse' awaiting examination, which occurs on March 2d.

This arrest proves to be an important one. In addition to various plunder, such as medical books, typewriters, rugs, etc., found in Marquisee's trunk when arrested, the police also found counterfeit coin both in the trunk and on his person; and in a search of his apartments at Utica found a complete outfit for counterfeiting consisting of crucibles, bellows, nickel, lead, bismuth, antimony, a small blacksmith

as the Dr. Williams' Medicine Co. are through with him, and, no doubt, he will be sentenced for a long period.

In selecting Dr. Williams' Pink Pills for his counterfeiting operations, he showed his knowledge of the proprietory medicine business ; for these pills are in such great demand that they are easily sold at any drug store in the United States. His scheme was to work the country druggists and sell his imitations at a discount of from 2 per cent. to 5 per cent., explaining the reduced price by the fact that he had picked them up in small lots and at a discount from dealers who were overstocked. By working fast and making long jumps, he would have secured many hundreds of dollars in a short time. The proprietors of Dr. Williams' Pink Pills are most fortunate to have caught the rogue, before he had fairly started, and to have thus kept these spurious goods out of the market.

The Mummy of a Pharaoh.

The greatest discovery of mummies ever made in Egypt was in the year 1881, when the remains of 39 royal personages were brought to light at Dier-el-Bahari, Thebes. One of these was proved to be the mummy of King Rameses II, the third king of the ninth dynasty and the pharaoh of the Jewish captivity. This mummy was in a perfect state of preservation. The mummy case itself was of sycamore wood, plain and unvarnished, and without a spot or stripe of paint, something reckoned as unusual. The case was, however, carved to represent Rameses in the position of Osiris. The crossed arms rested upon the breast. In the right hand was ing unpaid.

the royal whip and in the left the royal book. The features were most and the whole was surmounted with others, containing the crown of upper and lower Egypt an I surrounded by a carved representation of the uracus serpent. The name of Rameses was written in plain black characters upon the case, which

bore no other text or representation whatever, strongly contrasting with the exaggerated dedications noted on almost all the other cases found in the same pit.

The mummy itself was carefully wrapped in rose colored and yellow linen of a texture finer than the very
